Much Havoc In a Large Section of Country.

THE STORN'S RAVAGES

FEARFUL WEATHER ON THE LAKES.

Very Few Vessels Out at This Senson, or Many Would Have Been Wrecked. Great Damage Was Done In Ohio and Other States.

CHICAGO, Nov. 27 .- The storm in this section was the worst in years. It was remarkable from the fact that almost no fatalities occurred. Buildings in this city were stripped of everything the wind could catch. The weather was terrible on the great lakes, but as few vessels are out at this season of the year comparatively little damage has been done. The telegraph and telephone service has been badly crippled throughout the country.

Dispatches received here show the same state of affairs throughout Illinois. Quincy reports a howling blizzard with snow falling fast, impeding street and railroad traffic. Telegraph and telephone wires are down in all directions. Peoria says storm still raging and serious damage is feared. At Fairbury. Ills., sleet caused considerable damage. August Guenther fell and received probably fatal injuries.

The steamer J. Emery Owen ran aground with her two consorts, the schooners Michigan and Nicholson, off Glencoe. Just how the pilot lost his bearing is not yet known, but was undoubtedly due to a blinding snowstorm. In all there were between 5 and 75 people on board the three vessels, a large majority of them, however, being on the steamer.

Signals of distress were at once given but it was not until after daylight that they were seen and answered. Great delay was caused by the wrecking of a boat from Evanston a few minutes after it was launched. Another boat was soon secured, and all on board were saved.

LOUISVILLE-No loss of life has been reported as a result of the gale, but much damage was done along the Ohio river towns in Kentucky and Indiana. In Louisville several residences were unroofed, chimneys were leveled and awnings and signs demolished, but across the river the damage was more severe. At Jeffersonville many barns were wrecked and along Front street residences were unroofed and windows blown in.

At Arctic Springs, Captain Hoffman's coal fleet was wrecked and two of his doddlers sunk. Three shanty boats at Port Fulton were sunk and Captain Duffy's coal fieet was torn from its moorings and 25 empty coal boats lost. Several men on the various coal boats narrowly escaped death, being rescued by small skiffs. At Utica, Ind., the residence of Wil-

liam Hooper was entirely demolished. but the family escaped injury. A family on board a wrecked shanty boat at Utica narrowly escaped with their lives

At Bird's Eye, Ind., many roofs were blown off by the storm, and at Franklin. Ind., the wind wrecked the new City hall, Loss, \$15,000.
