THE IMPRISONMENT OF KNAPP.

This Matter Introduces No New Phase and Determined Action Will Be Taken. Clara Barton Reports Red Cross Work as Unmolested and Progressing.

Washington, April 8.—The officials at the state department are fully aware of the condition of the missionaries in Turkey and of the developments in the case of Missionary Knapp, who is reported by cable to be in confinement at Dinbekir, but they refuse to discuss the matter in any phase. However, it is apparent that they do not feel under any great degree of apprehension as to serions trouble in Turkey, and as in addition to their private cable advices from Charge Riddle they have the benefit of the presence and advice of United States Minister Terrell.

It is quite certain that no orders have gone forward to Admiral Selfridge to gather his fleet in the gulf of Iskanderun, to make any sort of a demonstration, and although he has a large measure of discretion and authority in the movements of his ships, it is unlikely he would go so far as to make an naval demonstration without the sanction of the navy department.

So far as the case of Missionary Knapp is concerned it presents no feature of novelty and the only point involved on its face, is the old question of extra territorial jurisdiction by our legation in Turkey. The state department has insisted upon the exercise of this right steadfastly and the correspondence sent to the present congress relative to the Armenian troubles show that although the Turkish government always has interposed obstacles to the exercise of this right, it has generally conceded the point. It is presumed that this will be outcome in the case of Mr.

The more serious aspect of the matter is brought to light by the renewal of the report that emanated from Constantinople some weeks ago, to the effect that there is to be a general expulsion of all foreign missionaries from Turkish Armenia and not withstanding the reticence shown at the state department in reference to this subject, it is believed there is some foun tation for the report. Probably the reserve shown by the department in its treatment of this matits part to avoid giving offence to another great power (Russia) by making public its belief that this power is really responsible for the attempt to expel the missionaries, but that is the fact, and the story has come to Washington with every appearance of verity that the American and other foreign missionaries are to be driven out from Armenia only to make room for a church (Russian Greek church) that they do not represent. However, this not to be brought about without the most earnest resistance upon the part of our govern

The French government has a treaty with Turkey explicitly conferring the right of their missionaries to reside and work in Turkey, and as the United States has a treaty with Turkey included the usual favored nation clause, the contention of our government is that we have as good a right as the French to maintain our missionaries in that country, and upon that point the issue will be made if it should finally come to the promulgatio.. of the irade of expulsion.

A SECRET AGENT IN CUBA. An Intimation That the President Is

Quietly Investigating For Himself. Washington, April 8.—Representative McCreary of Kentucky, who was chairman of the foreign affairs committee of the house in the Fifty-second and Fifty-third congresses, speaking as to the probable action of the president on

the Cuban resolutions, said:

'Mr. Cleveland, throughout his pubhe career, has shown a disposition to investigate for himself all important public questions. While I have no doubt that he will show great respect for the expression of the senate and house of representative in favor of the recognition of the Cuban insurgents a belligerents, after all that was simply an expression-it is true by an overwhelming majority of the representa-tives of the people, but action and responsibility are for him. I have no doubt that he has put himself in a position to secure accurate information as to the true conditions of affairs. He has ample means at his disposal for such an investigation, and that such an investigation will be made, or is now in prog ress, I entertain no sort of doubt. Upon its result, taken in connection with the expressed opinion of congress, he will

THE CRISP-SMITH DEBATE.

Third of the Series of Speeches Are Made In Georgia. NEWNAN, Ga., April 8 .- The third of

the joint financial discussions between Secretary Smith and ex-Speaker Crisp was listened to here by an audience of about 4,000 people, chiefly farmers from the surrounding country.

Ex-Speaker Crisp had the opening. In the outset he replied to the charge that he had not always been for silver. He said that when he was elected speaker he was bitterly opposed by the east on account of his financial views. He said that the Massachusetts Democrats had voted against his election. His vote prevented, he said, the tabling of a free coinage bill. In the last congress, he said, he appointed a silver committee and one member changed his views. He was not responsible for that. Men often change their views. With this personal explanation Mr. Crisp discussed the silver question, from the same standpoint as given in his other speeches in these dispatches.

The secretary of the interior in opening said: "Judge Crisp has sought to create the impression that I am opposed to the use of both gold and silver. I am in favor of that system which will give us the largest use of both. I deny that unlimited silver coinage will give

"If the gentleman had read you that speech," he said, "you would have seen that I spoke of the single gold standard in the common application of the word in the way you understand it-when only gold is used as money.

He was not then and was not now in favor of such a plan, and his speech showed it then. One reference in his remarks to President Cleveland awakened a demonstration which lasted half

A BLOODLESS WAR. Rebels and Government Troops Inactive

La Liberstad, Salvador, April 8 .-Since the advices of March 18 and March 30, given in these dispatches, there have been no battles between the forces of President Zelaya and the Leonist rebels in Nicaragua.

The operations of the war seem to have come practically to a standstill. About 1,000 Honduras troops under the ommand of the vice president of Honduras, C. Bonilla, occupy Pueblo in the fertile valley of the Elviejo in Nicaragua and with free routes homeward. They are opposed by about an equal number of the Nicaraguan rebels under General Ortez at Chinandega. Presdent Zelaya's troops on the other hand occupy Nagarote and Mateare, near the western shore of Lake Managua. They are apparently few in number or they would have made a demonstration before this in favor of their Honduran allies, who entered Nicaraguan north of Leon, the rebel capital, nearly a month ago ready to co-operate with

Zelaya to take that place. It is reported that General Bocas' insurgent troops under Generals Chivarrira, Heredoro and Larias, near Nagarote, are taking advantage of the long invactivity of Zelaya's troops at Nagarote and are flanking their position, threatening Managua, the capital.

PASSED BY THE SENATE.

Postoffice Appropriation Bill Goes Through After Hot Debate.

Washington, April 8.—The postoffice appropriation has passed the senate. The discussion on the Wolcott amendment for the consolidation of smaller offices with larger ones again took the form of a debate upon the merits of civil service reform, and was participated in by Messrs. Vilas, Wolcott, Allen and Hill, Hoar, Gorman,

Stewart and others. There were some rather spirited dialogues between Messrs. Vilas and Allen and between Messrs. Wolcott and Hill. Mr. Wolcott criticised Secretary Smith for his participation in Georgia cam-paign and was replied to by Mr. Hill. The amendment was defeated by a decisive vote, receiving only seven votes in its support.

The Result In Chicago. CHICAGO, April 8 .- Out of 35 aldermen the Republicans elected 20, the Democrats 15 and 2 independents were chosen. There are 34 wards in the city, but two aldermen were chosen in the Tenth, there being a vacancy in that ward. The reformers were successful with a majority of the men they were after, but they failed to secure the three or four bright particular ones they desired. There were a number of fights and several shooting affrays, nobody, however, be-ing seriously injured. Republicans on the total vote carried the city by a majority of about 20,000.

Utah Republican Convention, SALT LAKE CITY, April 8 .- The Republican state convention has elected Frank J. Cannon, Arthur Brown, C. E. Allen, Isaac Trumbo, W. R. McCormick and Thomas Kearnes as delegates to the St. Louis convention. The platform is confined almost entirely to declarations

for protection and bimetallism. McKinley Won In Louisville. LOUISVILLE, April 8.—It developes that McKinley easily received a majority of the delegates chosen in the city and county primaries. The McKinley men claim 123 delegates to 72 for Bradley and the Bradley men, while not conceding these figures, admit McKin-

ley's majority. Many Women Voted.

New York World Hints at Necessity of His Nomination.

HE IS THE LOGICAL CANDIDATE.

Conditions Which May Lead to McKinley's Nomination May Force the Naming of the President-Conventions and Elections Throughout the Country.

New York, April 8 .- The World today prints a double leaded editorial, in which it asks whether the logic of the political situation that has led the Republican masses to support McKinley, will not compel the nomination of Cleveland by the Democrats. The paper

"The World does not assert that this is so. It raises the question. It invites public discussion of it.

A WOMAN ASSAULTS JACKSON.

He Smiled at Her When Leaving Court. The Trial Postponed. NEWPORT, Ky., April 8.-The trial of Scott Jackson, the alleged murderer of Pearl Bryan, before Judge Helm has

been continued until April 21. Grounds set forth in the application for a postponement were: First, illness in his family, which had prevented him giving proper attention to the case, and second, inability to secure depositions of witnesses residing at a distance. He stated that the object of these depositions was to break down the testimony of the witness George H. Jackson, refied on by the prosecution, and to show the character of the witness Wood, whom he declares to be unworthy of

As Jackson was leaving the courtroom he passed in front of a woman sitting in the front row of seats. He looked down at her smiling, when the woman suddenly delivered a vicious kick at the prisoner, and, as he passed her, she was heard to say: "I would have killed bim if I could. If I had had a pistol I would have shot him.

The woman was Mrs. McCann of Falmouth, Ky. She also gave him a vicious punch in the stomach with her fist. She remarked afterward: "Its a shame to put off his trial; he ought to be hanged right away," and she added: "I'd like to help hang him myself." She said she had never seen him before It is said Mrs. McCann resembles the murdered girl Pearl Bryan.

DYNAMITE AND AXES USED. Factionists Fight Near Bellefonte.

Schoolhouse Blown Up. Bellefonte, Pa., April 8.—The little township of Curtin, about 12 miles from here, is in a turmoil of excitement over the burning and blowing up by dynamite of the district schoolhouse Bad feeling was aroused about two years ago over the selection of a site for the schoolhouse, and the courts had to decide the matter.

One faction was still dissatisfied and before dawn Tuesday morning about 20 men and boys set the building on fire. The other faction was soon on hand and tried to quench the flames. The incendiaries were, however, hiding in the woods and while some of their enemics were in the burning building they threw dynamite on the roof. The building was completely demol ished, and those inside narrowly escaped

with their lives. The two factions then engaged in a pitched battle in the darkess, and some of the participants were badly cut by the woodsmen's axes. More trouble is feared, and District Attorney Singer left for the scene of trouble a once, determined to arrest the belliger
