Dr. Deveraux, one of Cresson's enterprising citizens, is having a system of water works erected to furnish the town with a supply of sparkling spring water M. C. Hitz, of Hollidaysburg has the contract and will construct two reservoirs me with a capacity of 250,000 gallons, the other about five times that size. Into these the water from four springs will be piped, and from thence it will be conducted down by means of a six-inch main! Mr. Hite expects to have the contract

-T. R. Scanlan, Esq., a well-known Stizen of Carrolltown and a member of the Cambria county bar, died at his home in that place at twenty-seven minutes of 11 o'clock on Monday night, aged about 45 years. His death was the result of throat trouble, from which he had long been a sufferer. He is survived by his wife and four children, the latter being Lutzen, Ellen and Fredicka, residing at home, and Lambert, of Spangler. He also leaves four brothers and one sister. His remains were interred in the Catholic cemetery at Carrolltown, on Thursday morning.

While excavating a ditch near the Bossler Hotel, Duncansville, the other day. hat had evidently been used for cook ng purposes by the Indians, says a corinches in diameter and about six inches feep. On each side was a small projec ture, which served the purpose of a handerystallized or charred by fire. Its general appearance would indicate that it had een buried for ages. This ancient find will be on exhibition among the relics at the Blair County Semi-Centennial this

5-Mr. Nicholas Lambour, an old and steemed citizen of Nicktown, dled at his nome in that place, on Tuesday, April 14, 1896, aged 66 years. Mr. Lambour was orn in Alsace, Germany, and came to this ountry when a young man and settled in Barr township, where he followed the occupation of a farmer. He afterwards laid out the town of Nicktown and built a hotel which he conducted for several years, nto the business of merchandising. He was a prosperous, useful and good citizen and his death will be regretted by all acquainted with him. He leaves to survive him a wife and seven children all of whom reside in Nicktown. His remains were interred in the cemetery at that place on celebration of a High Mass of Requiem for the repose of hir soul.

Pay of Assessors.

A lew counties of the state having taken for Mr. Hicks. the position that they are not liable for the per diem compensation of district assessors in making an enumeration of the A. Cresard. Esq., of Johnstown, school children under the compulsory Endeavor will be held at Washington, D. the contract, by the school law, the superintendent of public one company, for the instruction asked the attorney general of a line from Johnstown, by department for an opinion. Deputy At-South Fork, Ehrenfeld, Summer- torney General Elkins in a long opinion decides that the counties must pay the assessors for taking the census. He says in

conclusion: "I am of the opinion, therefore, that the district assessor, in making the enumeraold son of Mr. William Bloom, of tion of school children, and returning the and township, while working about same to the county commissioners, under ther spare, was attacked by a vici- the provision of the compulsory school and had his right arm badly law, is entitled to receive his per diem bled by the brute's horns before he compensation for his service taken in conthe district shorns before he compensation with such other services as he succeeded in doing before being performs under the authority of law, out of the funds of the proper county."

Fatally Injured by Cars. John Kingston, a young miner of Ehren feld, died at midnight Sunday night at the Memorial hospital, at Johnstown, the result of falling under a train near Mineral

That evening Kingston and a companion place all night, started back to Ehrenfeld on a freight train. When the train reached Mineral Point, and was running at a high rate of speed, Callahan jumped off, and, beside having the breath knocked out of him for a moment or two. was badly bruised by his sudden contact with the ground. Kingston attempted to 1896: follow the example of his companion, but it is supposed, his foot caught in the stirrup, for he was thrown under the wheels of the cars and the train passed over his

After Callahan had recovered from his dazed condition, he walked nearly half a mile before finding help and when he had gotten back to the scene of the accident his injured companion had dragged himself quite a distance along the roadbed. As soon as possible Kingston was brought to Johnstown and conveyed to the Memorial hospital, where Dr. W. D. Lowman rendered him all the surgical and medical aid possible, but it was without avail,

Kingston was 23 years of age. The father and mother went to Johnstown Sunday morning and accompanied the remains of the deceased home on Monday. after they had been prepared for burial. Interment was made at Ehrenfeld on

These tickets will be good for return passage until July 15th inclusine, but if depositld with the agent at Washington prior to 6 P. M., July 14, will be extended to July

July 31 inclusive. Full information in regard to rates and time of trains can be obtained upon applieation to ticket agents.

Altoona, which escheates to the Commonwealth, was sold Saturday for \$10,695.

Cambria Coal Fields

Mine Inspector Evans contributes the following interesting data in relation to moreland county, serving a life sentence Cambria county's coal production to the for the murder of Mrs. McCready in 1880. Johnstown Tribune.

of Cambria county, and especially those that pertain to mining, I have watched and noted with pleasure the extension of railroad lines and all forms of progress and development. Having some little knowledge of the advantages made along it might be of interest to your readers to jot down for their consideration a few facts that I have gathered in this connection. It has been well claimed in this age of steam that the wealth of a civilization is largely the extent of the development of its coal fields. This being true of countries, is also true of states and counties.

I am pleased to report that our mountainous little Cambria is raising her head high in the matter of coal production. I might state here, too, that, in the opinion of all, the coal which we are sending into the markets of the world is second to none the world is second to none the world is second to none the world i in quality for steam purposes; and what is now mined in Cambria county, is not taken from a single seam, or bed, but is mined at several points, from four different seams. This fact is stated to show that we have at least that many workable seams of excellent quality in our coal-bearing strata.

In the year 1885 the coal production of Cambria county was 1,189,161 tons; the 1,183. The production for 1895 was about days worked, which shows that if the same average of days had been worked in 1895 as in 1885, the production would be over \$6,000,000 tons. It shows that the capacity of the mines, if working full, is over 7,000,000 tons a year. We use the figures indicating millions, little thinking all at the lowest price. Fresh Oysters every day. capacity of the mines, if working full, is W. W. Amsbry et ux. to Altoona Coal | what vast amounts they represent. Takand Coke company, Gallitzin township, ing the actual production of our county for 1894-4,600,000 tons-it represents 184,000 W. W. Amsbry et ux, to Mrs. Isadore railroad cars of 25 tous capacity each, or 7,360 trains of 25 cars each, which would 312 working days in the year. It also means by the advance taking place on the first of April, of five cents a ton, the sum of \$275,000 for the 7,000 employes working in and about the mines of our county.

It may also be of interest to state that safety of our mines stands very higheven among the best and safest mines in the world that we have any record of. There was about 575,000 tons of coal mined for each fatal accident furing 1895 and and nearly one thousand men employed, also, per each fatal accident. This is an nousual high percentage of safety for our mines, the credit of which I attribute to the special care and precaution that was practiced by the miners and the mine foremen of this district during the past year, as a great number of the accidents generally occurring in the mines are from carelessness and a lack of proper precaution being taken.

The bituminous Coal Association recent ly formed by the operators of the six different coal fields of the state which ship to the sea board, I expect will be a special advantage to our county, as almost the entire product of our mines is shipped to tidewater. This association will be able markets and thereby get a fair price for their product, thus enabling the operators to pay better wages to the miners for their

fard to the *chool Directors o Cambria county. I hereby announce myself as a candidate

for the office of superintendent of schools. I am a native of the county, am 47 years old, and have just completed my 18th con-secutive year as teacher in our schools. Services of same. For hammers, handles and Your support is respectively solicited. I believe that natives of Cambria county should fill the positions belonging to it. have ever believed that promotion shou follow continued successful service, and with this end in view I have made special effort to qua'ify myself for the position to which I aspire. I am a poor man and have neither time nor means to canvass the county and become personally acquainted with each director. Neither do I have a friend sufficiently interested to anvass the county and urge my claim. have carefully studied the requirements of

our schools and can do a great deal to in-crease their efficiency.

If I should be elected I propose to en-courage the semi-annual convention of directors, a system of graduation from our public schools, and remedy two existing wils, which in many districts, are detri-mental to our school—the lack of hearty co-operation of parents with the teacher, and the tenure of a teachers posit on.

If I fail in this or any duty pertaining to the position, I shall deem myself not worthy of further support.

D. E. HOLLEN. H. Jordan and Alexandria King appeared Glasgow, Pa. April 15, 1896.

> Ebensburg B. & L. Association. On Monday the 27th inst., the annual meeting of the Ebensburg Building & Loan ssociation for the election of officers, will take place at the Council room at 8:30 P. M. The following named gentlemen have been nominated for the respective offices:

For president, Thomas Davis; Vice president, Samuel Ludwig; auditors, Robert Scanlan, S. C. Davis and H. H. Myers; these gentlemen will be elected as there is no opposition. Five directors are to be elected and the following gentlemen have been nominated to select from: H. A. Shoemaker, D. A. McGough, John L. Stongh, Fes. Lloyd, George A. Kinkead, James M. Thompson, J. W. Leech, Thos. -The estate of the late Cyrus Bailey, of James M. Thompson, J. W. Leech, Thos. D. Evans, E. C. Parrish, J. G. Lloyd and J. F. McKenrick.
