Frightful Boiler Explosion

Three men were killed and one injured in terrible boiler explosion on the farm of Isaiah Gates, in White township, about two miles from Flinton, about noon on Saturday. The dead are: Frank Gates, single, aged 30 years, of Coalport: Demetrus McGough, married, aged 41 years, of Coalport; Harry Burgoon, aged 21 years of White township. The injured, Isaiah Gates, married, who is an old resident of White township, aged about 60 years.

The boiler was in a portable saw mill which had been set up in a tract of woodland near Flinton to cut up timber for shipment to market. The mill was owned and operated by Robert Burgoon, of White township; and Isaiah Gates, his nephew Frank Gates and Demetrus McGough. were the employes of the mill.

A short time before the explosion, Harry Burgoon, arrived at the mill and informed his father that his infant brother, aged about about eleven months, was very sick, that the father was wanted at home and attempting to board a westbound freight that he would work in his stead during his absence. Harry took his father's place and Robert Burgoon went home to help ook after his sick child.

Isiah Gates, Frank Gates, Demetrius mill about noon when the boiler exploded, blowing the mill to atoms, and killing instantly three of the four inmates. The bodies of the dead men were horribly mangled, pieces of clothing and flesh being strewn for a hundred yards. New York Fashion Notes Fancy waists are again very popular for Spring and Summer wear and even some costumes are sent from the modiste

with one or two extra waists.

They are more often made in the style of Louis XIV and XVI. Such coats are very elegant, made of brocade or satin with lace jabot or ruffles and with handsome waist-coats. Many of these waists are made with flowered taffeta sleeves. The new sleeves are smaller, drooping or trimmed with ruflles and puffs. The favorite colors of the Spring are tones of green, heliotrope, light brown and gray. All new French skirts are decidedly smaller, the average width being five and a half vards, many of them being ve y much les than five. The front and sides have an easy fuliness with the gathers or pleats clustered in the back. Silk linings in bright colors are most attractive. At many of the Spring expositions of gowns, the new capes attract the most attention on account o the richness of material and the novelties in combination of color. The necks have elaborate ruches, collarettes of mousseline

de soie, ribbons, flowers and jets.
The McDowell Fashion Magazine a hand contain many new ideas of great value to both professional and amateur dressmakers.

"La Mode de Paris" and "Paris Album of Fashions" cost \$3.50 each per year or 35 cents a copy. The "French Dressand "La Mode" \$1 50 per year or 15 cents a copy. Run Down by the Cars

At 8:30 o'clock Friday morning extr freight No. 410 struck and seriously injured M. M. Henry, of Portage. He was crossing the tracks at the railroad crossing at that place when he was struck by the train. His injuries consisted of a compound fracture of the left leg between the ankle and knee, also fracture of the skull. He was taken to the office of Dr Glass where he received prompt medical treatment, but his injuries were two serious to hope for recovery, and he died at an early hour on Saturday morning. The deceased had removed from Huntingdon to Portage about a year ago and was employed as bookkeeper for the Lovel Coal com pany. He was about 56 years of age and leaves a wife and three grown children residing at Portage, two boys and a girl. It is supposed he had been in Johnstown on business connected with his position and had gotten off Philadelphia express, probably intending to walk to his home, when
