

IMMIGRANT PROBLEM.

Three Bills Under Debate In the House.

W. A. STONE SOUNDS A WARNING.

The Prospect of Retaining Prosperity and High Wages Will Increase Immigration to Starting Proportions—Corliss Wants the Canadians Barred.

WASHINGTON, May 20.—The house has entered upon a debate of the immigration bills, reported from the immigration committee.

Mr. Earletholm argued that there was an opinion among quarters in favor of the exclusion of foreigners.

Mr. Stone of Pennsylvania, the author of the Stone bill, explained its provisions and advocated its passage.

Mr. Earletholm challenged this statement, contending the natural increase was 1,000,000 a year, while immigration had averaged only about 250,000 a year.

Representative Stone said that during the hard times of the past three years immigration had fallen off but with the prospect of returning prosperity and high wages it would increase to starting proportions.

Mr. Stone said that in his own state there were localities where the English language was spoken from one to the other.

THE NEW M. E. BISHOPS Elected at Cleveland.

DR. HOMER FATON IS RE-ELECTED.

He Gets Another Term as the Moderator of the General Conference of the Methodist Episcopal Church, Extension Society Staff.

CLEVELAND, May 20.—The deadlock in the Methodist Episcopal general conference over the election of two bishops has been broken by the election of Dr. Charles C. McCabe of Cincinnati by Dr. Earl Cranston of Cincinnati.

It was apparent when the delegates assembled that they were tired of the balloting and were determined to bring matters to an issue.

On every ballot from 1 to 300 votes were scattered among a score of candidates who had no chance of election.

On the fourth ballot Dr. Cranston's vote jumped to 250 from 190, what he had received on the ballot taken last night, and Dr. Cranston's vote was 250 to 144, or eight more than were needed to elect.

MONEY FOR CHARITIES.

The District of Columbia Appropriation Bill Passed the Senate.

WASHINGTON, May 20.—The senate has passed the District of Columbia appropriation bill, carrying approximately \$7,300,000.

A debate on the question of appropriations for sectarian purposes cropped out on the paragraph relating to appropriations for charities in the district.

On a vote the senate sustained the committee in providing specific appropriations for numerous private charitable institutions, some of them of a sectarian character.

A further provision was adopted for an investigation into the charity system of the district with a view to ascertaining what, if any, part of the public appropriations are used for church purposes.

WOMAN DELEGATE QUESTION.

New the M. P. Conference in Westing With It at Kansas City.

KANSAS CITY, May 20.—The woman question took up the principal part of a session of the Methodist Protestant conference.

The committee on certificates reported favoring the seating of all delegates who are enrolled as members, which of course included the women, the committee holding that they were constitutionally elected.

Rev. J. T. Murray of Maryland moved the word "constitutional" be omitted and "I. H. Cotton of Alexandria, Va., spoke against the amendment, saying it would kill the meat of the report."

A. Thorpe of Toronto, O., moved the previous question which was carried without any articulate opposition.

Rev. Murray thereupon made a capsule speech in which he referred to "a physical and spiritual death, all forms of chronic disease, and all forms of mental and moral disease."

Rev. Thomas Lewis of Maryland and Rev. Eugene Smith of Kansas made speeches on the question. A motion to refer the matter to the judiciary committee was finally carried.

The new Kansas City University was laid.
