### STRAIGHT GOLD PLANK DECIDED ON

The Committee on Credentials Decides to Accept the Decisions of the National Committee on Contests-This May Facilitate Matters and Bring the Convention to an Adjournment Tomorrow. The Anti-Platt Element Making a Hard Fight to Prevent Morton's Nomination For Vice President-The Sub-Committee on Resolutions Formulates a Gold Plank-Teller Voted Down at Every Turn In the Committee Meeting-Con vention Resumed Business This Mora ing-Routine of Yesterday's Session.

St. Louis, June 17.—The Republican national convention reassembled at 10 o'clock this morning. McKinly is sure of the first place. Nothing but death could now intervene.

The sentiment regarding the vice presidential nomination rapidly crystal ized when it became definitely known that Governor Morton of New York had expressed a willingness to accept if the nomination came to him with any sort of unanimity. It seems almost certain now that the ticket will be McKin ley and Morton as that the platform will be a conservative but unequivocal. declaration in favor of the maintenance of the gold standard as long as the present conditions prevail.

The shock of battle which took place in the committee rooms will thunder and reverbrate on the floor of the convention today. The action of the committee on credentials in deciding in favor of the findings of the national convention save in two instances it is believed will make the convention brief and many now believe that a final adjournment will be reached tomorrow. The indications are that the sensational climax will come when the report of the resolutions committee is presented. The adoption of the platform is assured by a large majority, but the radical silver men are expected to carry the fight to the last ditch.

Senator Teller of Colorado offered four propositions in the sub-committee first for free and unlimited comage at the ratio of 16 to 1, then for the free coinage of the American product.

The third proposition of Mr. Teller was a preamble reciting that protection was impracticable unless free coinage of silver was adopted, and the fourth was a proposition which, Mr. Fowler of Wyoming requested, should be submitted, for the coinage of the American product and for a tariff on all toreign silver imported into this country. All of these propositions were voted down by a vote of 8 to 1.

The preamble of the platform refers to the four years of Democratic rule compared to the 30 years of Republican rule as a good ground to appeal to the American people. The four years of unrestricted rule of the Democratic party is denounced as calamitous and a record of incapacity. An adverse bal ance of trade, the deficit in the trens ury and piling up the public debt and the menace to the redemption fund is denounced. The effect of the Demo cratic policy has been to blight industry and has caused prolonged depression with disaster at home and dishonor

Allegiance to protection is declared "We are not pledged to any particu-lar schedule." but the question of rates should be governed by conditions The restoration of discriminating duties for the upbuilding of the merch
