Populists and Silver Republicans In Chie go Hoping Things Will Come Their Way-Say He Could Gain Many Votes

CHICAGO, July 1.—Delegates to the convention who have arrived generally appear averse to discussing the probability that Senator Teller will cut any figure in the Democratic convention. The senator has a number of personal friends among the silver delegates who have already arrived, and among them are some who would not be averse to his nomination for president. They feel, however, that the conditions are not yet ripe for the springing of his name, and say that it would be opposed to the interests of both Senator Teller and the silver cause to bring him to the front at this time, if at all,

The Populists who are here say openly that Mr. Teller is the only man the Democrats can name that they will en-dorse. The silver Repu licans are not so pronounced. They put the matter less pointedly by saying that Teller is the only man whose nomination would insure the western states to the Demo cratic ticket.

It is not now the purpose of the senator's friends to have him placed in nom ination as others will be. This course they consider, would be in bad form and contrary to Mr. Teller's wishes Their plan is not to make an aggressive campaign, but simply to be on the ground to answer questions and to take advantage of any opportunity that may

Congressman Shafroth of Colorado was asked to define the claims of the Teller men, and replied:

Senator Teller is not a candidate in the sense of seeking the nomination as could a member of the Democratic party. The friends of the senator who cannot stand gold monometallism are simply trying to impress upon the Dem ocrats the enormous advantage there would be in uniting upon Teller, who could solidify all the bimetallic

"The southern state are sure to cast their votes for any fair nominee of the Democratic party. They never have failed in a presidential year, and it is not likely that they will fail this time It is from the great western and middle states that there must be a gain in or der to bring success, and that gain must come from the Republican party.

In some of those state there were not even Democratic electoral tickets in the field in 1892, and two years ago all of those states went over whelmingly Republican. It is very doubtful whether a free silver Demo crat having free trade convictions could be elected. At this time, when Oriental competition is threatening the exterm ination of our American manufacturing industries, it will not be easy to get the votes of Republicans to endorse any pronounced free trade candidate "

DETERMINED TO CONTROL.

A Silver Committee Appointed to Confe-With the Nation Committee. CHICAGO, July 1 .- The formal proceedings of the meeting of the Democratic Bimetallic league consisted in the appointment of a committee to confer with the executive committee of the national Democratic committee, consisting of Senator J. K. Jones of Arkansas, Governor W. J. Stone of Missouri, Senator David Turpie of Indiana, Governor J. P. Altgeld of Illinois and

Senator J. W. Daniel of Virginia. The terms of the resolution under which this committee was appointed authorized the committee "to confer with the executive committee of the national committee in reference to all questions affecting and relating to the temporary organization and proceed ings of the national convention.

The resolution was discussed at some the tenor of the remarks made was not made known except in the most gen-eral way. The feeling which controlled the meeting, and which seemed to exist among all those present, was that the situation demanded that no precautions be neglected in making sure of the temporary organization of the convention by the silver majority. It was unanimously conceded that wisdom demanded that the bimetallic organization should put itself in touch with the national committee in order to learn its plans as soon as possible, in order to be able to counteract them in case they should be averse to the silver interest

WHAT WILL ALTGELD DO! Surprise Over the Action of the Illinois Delegation.

CHICAGO, July 1 .- The fact that the Illinois delegation postponed its decision as to what candidate it would support in the convention has created almost as much comment as the decision which the delegation reached looking to the abrogation of the two-thirds rule. The only explanation made is that it was considered desirable to look the field over more completely than has yet been possible before taking

It is intimated, however, that Governor Altgeld, who is in complete control of the delegation, has plans of his own which are not yet sufficiently matured to be sprung. Those who have talked with him say that he is especially concerned to secure a candidate on the national ticket who will add strength to the Democracy in Illinois.

White Not Out For President. SAN BERNARDINO, Cal., July 1.-Senstor Stephen M. White was seen in re gard to the possibility of his nomina-tion for the presidency at the Chicago

convention. He was found trying a libel suit, and when asked about being placed in nomination said: "I am engaged in trying a lawsuit and not in running for president."

Bojes Will Stay at Home, Waterloo, Ia., July 1.--Ex-Governor Boics will not attend the Chicago convention as a delegate-at-large. He decided to yield his position as head of the lows delegation to Judge Van Wagenen of Sioux City.

HARRIS FOR CHAIRMAN Silver Men Make a Demand on the Na-

tional Committee. CHICAGO, July 1.—The committee ap pointed by the Democratic bimetallic committee to confer with the executive committee of the national Democratic committee is conferring with the gentlemen composing this organization at the Palmer House today. Chairman Harrity presides.

Members of the executive committee have assured the silver men that no steps had been taken looking to the selection of temporary officers. This has had the effect of causing the members of the bimetallic organization to feel that pessibly their apprehensions were unfour ted and to conclude that probably there will be no effort at snap judgment. They, however, presented a statement of the action of the bimetallic committee, and asked that that committee be allowed to suggest the tempor: 'y presiding officer.

If this request is not granted they will report a their full committee, and the full committee will proceed to select a man for the place, and purpose for his election at the outset of the convention in the face of a contrary nomination by the national committee. This course will not, however, be adopted without full warning to the national committe, in case such warning appears to be necessary. Also in the event that they would consent to a compromise that would allow the national committee to make its own selection of a presiding office in case they agree to take a silver man and to submit the name to the bimetaliic committee before announcing the name.

The silver men are very determined upon the point of not being thwarted in this matter and are giving their entire attention to it. They have told the committee very plainly that the only way to avoid a clash in the convention, and for the national committee to avoid being repudiated is for them to accede to the wishes of the silver men in this matter. They assert that it will have to be made apparent from the begin-ning that it is to be a silver convention, and that this can be demonstrated in no way so clearly as in the selection of a temporary presiding officer.

The national committee will not meet until noon next Monday, the day before the convention. No one appears to have a definite idea as to what business it will have before it. There have been reports of contests from various states, notably Michigan, Texas, Nebraska, Nevada and Colorado, but Secretary Shearon says that so far he has received official notice of none except that from Nebraska.

The silver men have given very little attention to the question as to who shall be selected to preside, but speculation turns more freely to Senator Harris of Tennessee. It is suggested that the task may be quite arduous for one of Sonator Harris' advanced age, but his great experience and parliamentary ability, as well as his popularity in the party, will render him a formidable candidate if he manifests a desire for the honor. The name of Governor Hogg of Texas is also mentioned in connection with the selection.

"Do you think the nomination of Boies or Bland would be acceptable to the free silver Republicans of the Rocky Mountain states?"

"Yes, I think our people would support either of those gentlemen, or any other man of good character and abili ty who is recognized by those favoring the free coinage of silver."

THE MINERS SURELY DEAD. Very Little Hope of Rescue at Pitts-

WILKESBARRE, Pa., July 1.-The situation at the Twin shaft has undergone no change. The rescuers continue to work under great difficulties. The squeeze is now general, and at the foot of the shaft the loud rumbling noise of falling rock in distant parts of the mine can be heard. Double timbering is now being re-

sorted to. It is very slow and tedious work, and even under the most favorable conditions the workers could not hope to clear a gangway to where the imprisoned men are in less than a

The cavein at Jeansville some two years ago offers a precedent for the officials of the Twin shaft. As long as there is a possibility of any of the men being alive they feel it their duty to continue the work of attempted rescue. In the Jeansville cavein six men were imprisoned in a breast of the mine for On the 19th day they were Five men were dead and one man was alive. The living man was "Big Joe," a Polander. He is now em-ployed as a carpenter at Hazleton. He nas been interviewed on the probable fate of the men in the Pittston mine, and says if they are alive and the air is pure where they are they will be able to live for ten days at least. It is taken for granted there is water where they are, and all of the men carried a good supply of food, which could be used sparingly during their imprisonment. The appeal sent out by the board of trade is already meeting with liberal responses. A gentleman from New York, who does not want his name made pub lic, sends \$1,000. Smaller subscriptions, ranging from \$5 to \$25, have been re ceived. It is expected the whole country will respond to the appeal. It is now stated that the number of men in the Twin shaft is between 69

CLUBBEH A STRIKERS' MOB. Cleveland Police Dispersed a Crowd of

CLEVELAND, July 1.—For nearly a month the strike at the works of the Brown Hoisting and Conveying company has continued with frequent though individual attacks by strikers upon workmen who had taken their places. The police have been patient, but at last have dealt the strikers a blow with a heavy hand.

One hundred and seventy employes of the Brown company were marched from the works under the escort of 80 policemen to the car tracks on St. Clair treet. A crowd of 2,000 men, women and boys gathered and began hooting and hissing Two motor cars came along and were signaled to stop, but the strikers yelled "Go ahead; don't stop," and the motormen increased their speed and whizzed by. The police then marched the men in their charge a block further away to a corner and halted for another car, the roaring crowd following. Some one in the crowd threw a big stone, which struck Patrolman Keidel and cut his head open. Deputy Chief of Police Mc-Mahon then gave a prearranged signal and the crowd was given a terrible lessand the crowd line and the other 40 closed in around

the men they were protecting.

The first 40, under command of Captain English and Lieutenant Dunn, charged the crowd with riot clubs, and they hit to break heads. Two rushes up the street sent the crowd in that direction flying, and left a dozen men lying on the pavement with bleeding heads. Then the police charged twice in the opposite direction and then down a side street, using their clubs vigor-ously. They scattered the crowd effect-ually and arrested four of the ring leaders, after splitting the scalp of one of them. In the meantime the police guarding the workmen stopped a car almost by force and sent their charg away. No one was dangerously hu t by the clubbing, so far as can be asce tained, but there are scores of broken

Judge Edward Sweeny of Redding received the message, and the author is W A Bailey, a farmer, living with his family in the Big Bend of Pitt river, about 60

miles northeast of this city.
Bailey states in the letter that a friendly squaw came to his house and informed han that the warriors of the Pitt river tribe intended to have a great pow wow near his farm on July 4. gathering as many braves as possible and designed to follow their savage orgies by a massacre of all the white settlers who live along the north banks of the river—Sheriff Houston is organ-izing an expedition to hurry on to the threatened region. CONFESSED TO A WOMAN.

A Woman's Charms May Bring Cotell to AKRON, O., July 1.-Just before the state was ready to rest its case in the Cotell trial, Deputy Sheriff Hart was called to the stand and the most dramatic sensation of the trial was sprung Hart gave the details of a conversation Monday night between Cotell and a mysterious woman who has been visiting the prisoner every day for a week. During this conversation Cotell admitted his guilt and gave all the details of the crime as in his previous confessions

which he has since repudiated. The woman has been in the employ of the state, and by bringing fruit and flowers and by various other feminine ways has secured the confidence of Cotell. Four deputy sheriffs concealed themselves in the corridor and the woman wormed the statement out of Cotell. The woman's identity is being kept carefully hidden. Hart's testimony was supported by the three others.
