slouch hat. He speaks both Elglish and ated since. It is still in use and is now German. -With the exception of the great Krupp Gun works, in Germany, says the Pittsburg Post, the shops of the Pennsylvania railroad at Altoona, are said to be the amer, on Monday morning, was held in largest industrial establishment in the \$800 bail for court. Two witnesses swore world. At present there is but little difference in favor of the Krupp establishment, and, while the demand for guns is decreasing, the business of the great Pennsylvania railroad is increasing so fast that that place on Friday morning, aged 70 the present buildings are insufficient in years. He is survived by an aged wife, one capacity and many additions are necessary. Before three years more have passed brothers. His remains were interred in the Altoona shops will be the largest on earth, and no other industrial establishment will begin to equal them in their dimentions and in the number of men employed. Recently the company prepared plans for large additions, and the new buildings will be erected at once. Hereafter all locomotives for the Pennsylvania railroad and the Pennsylvania lines west of Pittsburg will be built at Altoona, and only repair work will be done at the other

Through Wonderland.

The Yellowstone Park is one of the most wonderfully attractive regions of the ty treasurer, but it is a little expensive to world. Its beauties of scenery, the wild grandeur of its mountains and canons, compel the admiration of every visitor. while its phenomenal geysers and curious mineralogical formations make it a rich field for the investigation of the scientist. Universal interest attaches to it, and in order that the natural desire to vist it may be accomplished in the most satisfactory manner the Pennsylvania Raifroad company has arranged for a tour covering a period of sixteen days, leaving New York and Philadelphia, Thursday, August 27.

As the tour will be conducted under the personally-conducted tourist system inaugurated by the above named company, it is hardly necessary to give the assurance that it will be arranged in the most complete manner. It might be well to state that no other means of seeing the park thoroughly is comparable to that afforded by a well-ordered personally conducted tour.

A special train, consisting of a dining, Pullman vestibule drawing-room sleeping, compartment, and observation cars, which will be the best that can be secured, will be provided, in which passengers will live en route, and whenever the journey is broken the choiciest rooms in the leading hotels will be reserved for the use of the tourists, for which regular rates are paid. so that the guests, although members of a party, enjoy all the privileges of individuals who may have made their own selec-

The party will be conducted throughout by a tourist agent especially selected for his ability and experience, with chaperon to look after the comfort of the lady pas-

The rate, covering every necessary expense, will be \$210 from Boston, and \$200 from New York, Philadelphia, Baltimore Washington and Harrisburg; proportion ate rates from other points. Detailed ltinerary will be sent on application to Tourist Agent, Room 411, Broad

Street station, Philadelphia. Captured a Horse Thief.

The Altoona Tribune of Friday says: On July 13th Howard Nagle, a boy aged 15 years, coolly appropriated a horse which was grazing on a common at Millville and rode away. The owner, W. F. Peters, of Millville, got on the trail of the youthbefore Alderman Huff, charging him with the offense. The warrant was placed in the hands of Constables Ed. Stains and Roe for service.

Yesterday the officers left the city in search of the offender. At Gallitzin they learned he had been there and had gone from there to St. Augustine. At the latter place the officers learned that the offender had gone to Hastings, and after a to see what can be done to prevent its fevered hustle they arrived at that place at 10 o'clock, P. M., in time to detect him. in the act of offering the stolen animal for sale at \$25. The horse and the youthful thief were brought to this city yesterday, where the animal was given to its proper owner and the offender locked up.

Last night Nagle was arraigned for hearing before Alderman Huff. Seeing that the evidence against him was conclusive, he plead guilty, and was held in \$500 bail for court. The security not being forthcoming, he was taken to jail last night by Constable Kreider.

Marriage Licenses. The following marriage licenses were is sued by the Clerk of the Orphans' Court for the week ending Thursday, July 30th,

San Jose Scale.

1. This insect is the most formidable pest which has ever threatened the fruit interests of Pennsylvania. If unchecked, it will in a few years destroy absolutely the orchards and gardens of the state. It will kill apple and pear trees in two years, currant bushes in a single season.

2. It spreads slowly but surely through an orchard, having a special liking for the Bartlett, Buerre Giffard, Bosc and Anjou among pears, the Yellow Transparent, the Fay Currant, the Lombard plum and the common Juneberry. These trees and plants should be examined for it. In Pennsylvania it has not been seen on the

Peach, Cherry or Apricot. 3. Where but few of the insects are present on a tree they are most easily found on the fruit on which they produce circular purplish blotches, very characteristic. Where a tree or bush is thoroughly infested, the whole plant presents an ashy.

dusty or scurfy appearance. 4. The insect can only be combatted successbully after the leaves have fallen. Yet every fruit-grower should have a constant watch upon his trees and every infested one should be marked for treatment. 5. Badly infected trees and plants should be dug up and burned at once. This is the

only sure treatment for them. 6. The witner treatment of trees in Pennsylvania should consist of spraying them as soon as the leaves fall with a hot solution made by disolving 2 pounds of whale eil soap in one gallon of water. The spraying should be repeated before the leaves open in the Spring. This treatment may confidently be expected to hold the insect in check.
