

Cheering News Received at Both Headquarters.
CHAIRMAN JONES' INTERVIEW.
He Says He was Misquoted in His Statement Regarding Southern Populists.
The Great Demand for Literature Continues—Political Happenings.

WASHINGTON, Aug. 5.—The Democratic congressional committee headquarters have become a rendezvous for Democratic leaders until the national headquarters are established. Chairman Jones was at his headquarters early in his mail. Later Chairman Faulkner of the congressional committee was joined by Senator Gorman, Senator Stewart, Ex-Governor Black, president of Democratic clubs, Chairman Chilton of the West Virginia committee, and Representative Chapman of West Virginia. The talk was on general politics, although Senators Gorman and Faulkner went into secret session on certain branches of campaign work. Mr. Faulkner and his associates expressed much satisfaction with the results in Alabama and at Eufaula, Ga. Later in the afternoon they met and discussed the silver question. Chairman Chilton of the West Virginia committee remarked that silver clubs are springing up throughout the state. At Republican congressional headquarters half a million were early on their feet. These a quarter of a million are small "patrons" giving McKinley's views on money.

The committee continues to be deluged with requests for literature. One of Acting Chairman Appleby's letters from Indiana reads: "The silver question is dying out and we must get on with tariff literature."
Workmen are busy cleaning up Wornley's hotel, which adds to the impression that the old hostelry will become the national Democratic headquarters. Chairman Jones' interview with the Democratic national committee corrected certain misapprehensions which have arisen from published interviews with him within the last few days. "I did not say that Mr. Bryan would not accept the Populist nomination," said Mr. Jones, "for I have no authority to say that. I did not say that a general rule of the southern Populists were not a creditable class. On the contrary, I said that most of them were patriotic men who were working for a cause; that they were Populists because they had believed they could promote their cause better through the Populist party than by supporting Bryan. I said that as a Populist in the south would follow the patriotic course and support Bryan, that there were some who for selfish motives would not do so, but would prefer to have McKinley elected." Chairman Faulkner's interview was a quiet which he regarded as significant. It came from a leading retail dealer at Huntington, W. Va., asking where he should place the most of his campaign photographs, which he said were the strongest kind of campaign document. The photographs were to be distributed with purchases. Representative Pearson of the Ashville (N. C.) district was at Republican headquarters and said indignation had been aroused among southern Populists by Chairman Jones' interview concerning them. Senator Jones, chairman of the national Democratic committee, has left the city for New York to consult with the leaders who are making arrangements for the Bryan and Sewall meeting.

BRYAN WRITES TO CANTON.
Pleased With the Organization of a Silver Club.
LINCOLN, Aug. 5.—In response to the recent telegram from Canton, O., telling of the organization of the silver forces in the home city of Governor McKinley, Mr. Bryan today sent the following:
Mr. John C. Harmony, Secretary Bryan Silver Club, Canton, O.
My dear Sir—I am in receipt of your message conveying greetings from the members of your club and beg to assure them of my hearty appreciation of their support.
The fact that those of your citizens who are high character and personal worth are to have a policy of their own are willing to array themselves against a townsman of high character and personal worth, indicates the depth of their convictions. Whenever a great issue arises the American people always show their independence and moral courage, characteristics without which the government is impotent. It gratifies me to know that the silver sentiment in its growth is disregarding party lines.
In regard to the invitation extended to him to speak at Canton, Mr. Bryan said that he did not think he would do so, but that if he did it would be purely an informal talk from the car platform.

SCORCHING IN THE SOUTHWEST.

WASHINGTON, Aug. 5.—The weather bureau issues the following special bulletin: Scorching heat, with a clear sky and weather has prevailed throughout a portion of the southwest, including Western Tennessee, Northern Louisiana, Northern Texas, Arkansas and Oklahoma and Indian Territory during the past ten or twelve days. The temperatures reported being in a number of instances higher than any previously recorded by the weather bureau during this season of the year. Maximum temperatures of 100 degrees and over have occurred daily in Arkansas and Oklahoma during the period mentioned and throughout most of the region the temperatures have ranged continuously above 85 degrees.
At Little Rock and the city of Oklahoma maximum temperatures of 104 degrees were recorded on August 1, which respectively 5 and 7 degrees higher than any previous record at these stations during the first ten days of August. During the past twelve days the maximum temperature at Little Rock has been 100 degrees on seven days, 102 degrees on four days and 104 degrees on one day.

A RUNNING MATE FOR WATSON.
Georgia Populists Want Bryan Withdrawn—Combine With Prohibitionists.
ATLANTA, Aug. 5.—Statements made by the leaders of the People's party here today say that the state convention will endorse the St. Louis platform and Watson's nomination, but will call for the nomination of a state Populist in place of Bryan. Hon. Charles H. Gregg, business manager of Tom Watson's People's party paper, said:
"I am convinced that the national committee will be called upon to put out a straight Populist candidate for president, and as the understanding seems to be that Bryan has first call for the nomination, I suppose the ticket will be Norton and Watson."
The nomination of a full ticket for state officers to be headed, in all probability, by Rev. J. B. Gambrell, a Prohibitionist, seems to be assured. This combination of Populist and Prohibitionist strength would be formidable and the Democratic managers do not conceal the fact that it would make the fight a close one.

FUSION CERTAIN IN KANSAS.
The Election In Alabama Decided the Matter.
ATLANTA, Aug. 5.—The news that the Democrats carried Alabama by a sweeping majority has strengthened the position of advocates of Sewall elections. By many of the delegates to the Populist state convention, which meets here today, it is accepted as significant that the Populists of the south, even with Republican fusion, are not capable of turning down the Democratic electors. This feeling may spread and have much to do in deciding the question of fusion with the Democrats.
It is agreed that the first work of the convention will be the appointment of a committee to confer on the question of fusion with a like committee from the Democratic convention.
Next to the question of electors, the most troublesome problem to be solved is that of giving representation on the state ticket to free silver Republicans. The only Republican mentioned for place is E. C. Little of Abilene, who aspires to be congressman-at-large. He is supported by a strong following of free silver Republicans.
Hatchinson special says: "The Democratic convention decided to give the Populists the full state ticket, if they would endorse the Democratic presidential electors."

NEW YORK, Aug. 5.—It has been announced at the Democratic headquarters in the Bartholdi hotel that Mr. Sewall will be present at the meeting in Madison Square Garden on the 12th, when Wm. J. Stebbins, secretary of the meeting, said that it would be notified at the same time as Mr. Bryan. The arrangements for the meeting are not as yet fully completed, but he has the list of speakers made out.

USING THE TORCH.
Revenge Being Meted Out to Non-Union Contractors at Here.
BEREA, O., Aug. 5.—This place in a turmoil. At 3 o'clock in the morning a cry of fire was raised. The residence of Richard Dodd, on Prospect street, was on fire and it was feared that the entire town would be destroyed. A wire screen was torn from the window, oil poured on an unoccupied bed near it and lighted. Dodd's son heard the noise, smelled the smoke and aroused his father barely in time to get out of the house.
Two children were overcome with smoke. The family consists of seven children. A neighbor, Woodcock, was also saturated with oil, but was not lighted. Dodd is a contractor, and has several employees, who are all non-union men. They were asked to employ union men, but were unable to do so.
