#### Call for Convention. Wilkesbarre, Aug. 24.-The following

call for the reconvening of the Democratic state convention, at Harrisburg, on September 10th, next, was issued by State Chairman John A. Garman at his headquarters in this city to-night: Wilkesbarre, Pa., Aug. 24.

The Democratic state convention will meet at the opera house, in Harrisburg, on Thursday, September 10, 1806, at 12 o'clock noon, for the purpose of nominating can-didates for representatives at-large and for presidential electors where vacancies may exist by reason of resignations or otherwise, for the adoption of a platform in accordance with the principles declared by the national Democratic convention, held in Chicago in July last, and for the transaction of such other business as may e necessary and proper.

In accordance with section 7, of rule 6, of the rules of the Democratic party of Pennsylvania, this convention shall the delegates who constituted the last Democratic state convention which met at Allentown, on Wednesday, April

[Signed] JOHN A. GARMAN, Chairman. A COMBINATION has been formed by

the Western Union telegraph company and the Bell Telephone company. The combined capital of the two corporations is \$150,000,000.

"I BELIEVE we can not only elect our state ticket, but that Bryan and Sewall will carry the state of New York. I feel certain of this." Thus said Senator Edward Murphy, Jr., of New York, to a number of friends. In the many years that Senator Murphy was chairman of the state committee he proved himself unequalled in the correctness of his predictions regarding future political results in his state. During his chairmanship he conducted only one losing campaign, and in that he predicted de-

THERE never was such a thing as a fifty cent dollar, though free coinage existed in this country from the government's foundation until 1873. No man ever saw a fifty-cent dollar. The silver dollar is a hundred cent dollar, and it will buy as much as a greenback, national bank bili or gold dollar. It is all bosh about claiming that the laboring man who is paid in silver for his labor does not get a dollar that is worth as much as a gold dollar. Whoever knew of a merchant or banker refusing to accept a silver dollar for a debt, or where is the man who will give you more goods for a five dollar gold piece than for five silver dollars or a ragged five dollar

THE Democratic party at Chicago wisely eschewed all Republicanism. It is again the party of Jefferson and Jackson, with no higher ambition than to serve the American people and do their will. The Republican party would have to wait and ask England what she thinks of the free coinage of silver. The Democratic party doesn't care a continental what England thinks about this or any American question. Had George Washington consulted England this free republic would never have been. We would be the slaves of England to-day, as the Republican party would have us be her money slaves. It is un-American, un-patriotic, cowardly and contemptible for us to consult any European power about the domestic policy of our government.

Is those who have made a profit out of the government's financial policy array themselves against the Democratic party, may we not expect those who be 'ieve that we are right to come to our rescue and fill up the ranks that are being depleted by their desertion? If we must part company with those who believe in a government of syndicates by syndicates and for syndicates, may we not appeal with confidence to those who believe that a government of the people by the people, and for the people should not perish from the earth?

If these men who pride themselves upon their prominence in the business world, and who glory in the title of business men, are going to make a business out of politics, are going to use their ballots to increase their incomes, I beg you to consider whether the great Bryan's speech at Madalin, N. Y.

A FAKE state or evention was held in Philadelphia on I resday for the purpose of giving "aid and comfort" in the coming election to McKinley and Hobart, the Republican candidates. The convention was heralded, advertised and begotten under the name of "Sound Money Democrats" but after the deliverance the party was re christened and is now known as the ' J ff-rsonian Pa ty."

The big city dailies like the Philadelahia Record and the Philadelpoia Times. are now boosting up the proceedings of the convention as if they were the result of an uprising of the Democracy throughout the state of Pennsylvania, against the nominations of Bryan and Sewall at the convention at Chicago, and against the platform adopted there. The delegates to the Philadelphia convention according to these papers were a band of patriots who had "placed their country above their party"

to perform a "painful but a patriotic

But the windy puffs by these big city dailies, of the wisdom assembled at they prev of usurpers. Philadelphia, on Tuesday, will fool no one. The Bel eshazzars of this c untry have a right to hold as many conventions as they choose to pay for, to assemble as many "patriots" to nominate candidates, pass resolutions, make platforms and do such other work as in their opinion will best assist in the election of the Republican ticket and enable them to retain their grip on the strings that open or shut the national purse.

But the plain every-day people are not fools. The delegates from each county are known at home and the assembled wisdom of the convention, despite the puffings of the paper, is entitled to and will receive just what respect the individual delegates command at home as leaders in the party they pretend to be bolting from and the constituency that sent them on to their "patriotic but painful duty."

The delegates to the Philadelphia con, vention from Cambria county were Donald E. Dufton, Esq., of Ebensburg and Frank P. Robb, superintendent of the Cambria and Clearfield division of the Pennsylvania railroad, of Cresson, and J. B. Highberger, of the latter place, an employe also of the railroad company, as alternate.

It is well enough to know that Cambria has two "patriots", and one alternate patriot. We have no disposition and it is unnecessary to strip any of the gilding from their patriotic wings other than to say that they represent no con-

Cambria county Democrats' sent no A number of Democrats received invitations but refused to go as delegates There was no election held within the confines of the county to elect delegates to the Belteshazzar convention. The "patriots" who attended the convention from Cambria county simply packed their grips and went to represent the people who invited them, to represent themselves as they had a right to, or it may be that Mr. Robb represented the interests of the Pennsylvania railroad company the corporation he so faithfully serves.

THE Pittsburg Post in comparing the the present campaign with that of Andrew Jackson against the United States Bank, in 1836, says:

It is the same battle that is on to-day. It is the same banded money and corporation power that is fighting the people to-day that Jackson overcame more than 60 years ago, but with resources and power vastly increased. It influences and controls the press of the great eastern cities, or wherever there are great aggregations of capital, just as it did in Jackson's times. I has its bishops and clergy and lawyers and eminently respectables preaching gold bug finance and denouncing the plain people as anarchists and repudiators, precisely as in Jackson's times. It claims for itself the respectability, intelligence and money, just as it did over 60 years ago. It is as great a pretender and as big a

sham now as ever. But the people have a champion today, just as they had away back in the ,30s. "Young Hickory" has come out of the west, and he is in the field to lead the plain people-the farmers and the workingmen and the business men-to as glorious a victory as Jackson conquered, and win it against pretty much same influences, but mightily strenghtened in power and resources. In this year of our Lord it is money against votes, and the votes are bound to win the victory.

A WASHINGTON dispatch says: For several hours Monday, Senator Jones chairman of the national committee, was closeted with several distinguished Democrats discussing the subject of ways and means and the best methods of conducting the campaign.

Senator Bacon has just returned from a trip to the Pacific coast, and reported sylvania expedition to Babylonia has to the committee that he found the whole coast and the country, from the Pacific to the Mississippi river, ablaze with enthusiasm for the Democratic ticket and the free coinage platform upon which its candidate has planted himself. Senator Bacon declared that the party would have no trouble in carrying the whole of that part of the country for the ticket.

Mr. Bland gave the committee one of his characteristic talks and laughed at the claims of the Republicans that they would carry his state. The Democratic ticket, he said, was good for a majority of at least 50,000 to 60,000 in Missouri. Every western state, in like manner, he said, was loyal to the cause of free silver and would cast their votes that way, including Illinois and Indiana.

SENATOR QUAY has publicly apolotoiling masses of this nation have not a gized to David Martin, the Philadelphia drowned. Chicago, August 23.-The following appeal for campaign funds has been

made in an address "to the people of the United States. "The Democratic party in the present ontest is engaged in the defense of the plain people against the excrachmentof the favored classes. This is pundy an economic issue. If its importance, however, it overshadows every question which has occupied public attention since the tragic campaign of 1860. It presents the alternative at once imperative and terrible. It is imperative be cause delay may take from us the possibility of choice, and terrible because of the dire consequences which must follow

## He Was Taken Out Alive.

Hazleton, Pa., August 23.-While number of miners were engaged y sterday morning in timbering up the gangway of the Coleraine colliery to prevent a threatened cave in, a further squeeze took place and before all the men could get out the collapse came. Michael Shigo was dragged from under the falling rocks with his legs broken. A car was being dragged through the gangway at the time and C. Rority happened to grab the end and while the place was closing in about him, was drawn out with no worse injuries than some bad bruises. Peter Liko, a laborer, missed the car

and was left there. After the disturbance subsided some what rescuing parties attempted to go down after Liko, but could not go all the way. Liko was 100 feet below, but his cries could be distinctly heard. All the afternoon rescuers attempted to reach him, but it was midnight before they got to the man and took him out alive. His escape from death is marvelous, as he was carried down with 100 tons of rock into cavity. He is now at the hospital in a critical condition, but may re-

## Botrayed by a Single Hair.

Cincinnati, August 25 - United States Commissioner Campbell's courtroom was crowded to-day with men and women from North Bend. They were witnesses in the case against Miss Inez Garrison, the pretty clerk at the North Bend postoffice. Among them was Mrs. Betty Eaton, sister of ex-President Harrison. Miss Garrison was charged with tampering with the mails, and was accused by Thomas S. Balsley, who claimed that love letters passing between himself and Miss Emma Wamsley had been opened and then sealed.

Postodice Inspector Leatherman testified to having had Balsley write a decoy letter, on the outside flap of which inspector Moore had placed a hair. Balsley was sent after the letter, and when it was given to Inspector Leatherman, the flap had been opened and the hair had dropped out.

## Important Discoveries Made.

London, August 22.- News of the great success of the University of Pennbeen received here. The most notable result of the excavations is that the history of the Babylonian people, as recorded in cuneiform writing on tablets, is carried back at least 2,250 years further than yet known. There is now abund ant written evidence that the Babylonian people existed and were civilized enough to be able to write at least 7,000 years B. C. Prof. Hilprecht is at present at Constantinople arranging for the classification of the inscriptions on objects of priceless value, which under the conditions of a firman become the property of the imperial museum there.

## Baby Was Drowned.

Little Joe Mieller, only 13 months old, son of John Mieller, West Deer township, was drowned in a peculiar way yesterday. The little child was toddling about the yard, and walked up to a bucket. It was full of water, and in some way the boy fell head first into the vessel. The boy of course could not scream, and in a few minutes he was missed him, went to the yard, and to precarious condition.

#### Wreck ou the B. & O.

Pittsburg, August 25 .- The through hicago mail train, No. 14, on the Pittsurg and Western railroad, which is due in Allegheny in the afternoon, was at Valencia Station, twenty-two miles rom this city. First reports were to the effect that fifteen persons had been killed. The latest information is that no one was killed outright. But about twentyfive people were hurt a number of them so badly that several will die as a result of their injuries.

The relief train with the most seriously injured reached here at 4 o'clock and he victims were removed to the Allegheny general hospital.

Train No. 14 is composed of sleeping and mail cars. At Valencia it collided with a work train. The wreck was a double one. The work train first ran into a freight train, and, the grade being heavy, several cars of the work train ran back, colliding with the passenger train. The collision threw the cars over a steep embankment, and a number of the passengers were caught in the

The local was standing at Valencia Station unloading freight, when the through freight came to the top of the grade, just east of Valencia. The engineer, who was on the lookout for No. 25, put on the airbrakes, but they refused to work, and his train crashed into the local. Just at the time the two freights collided the passenger came along on the eastbound track and was -t-uck by the freight cars, which were derailed at that moment. The engine and baggage car of the passenger train got through safely and broke away from the balance of the train. The first passenger coach, in which were a great many adies, was crushed by a carload of oil well tubing. The tubing was thrown with terrific force in every direction, causing most of the wounds received by the passengers. The wreckage was piled twenty-five or thirty feet high in places. The railroad people say the whole trouble was caused by the failure of the airbrakes to work while the through freight was on the hill.

## A Slick Thief.

Kansas City, Mo., August 21 .- The stock yard's branch of the American National bank, which is located on the second floor of the live stock exchange, was robbed of \$2,000 in cash by a quick and nervy thief this morning. The money taken was all in bills and \$200 in silver in the same drawer was left undisturbed. Cashier Boswell, who has charge of the bank, secured \$2,000 from the main institution this morning, and going to the exchange building placed the money in the drawer under the counter, as is his custom. Having a letter to deliver on the floor he went down stairs a moment, leaving the door of the banking room open. A commission firm occupies a room directly opposite and one of the commission men sat facing the door. He distinctly remembers some one entering the banking room, but paid no attention to him. When Cashier Boswell returned he found the drawer open, a jimmy having been used, the bills all taken and marks of nails in the shoes of the thief, where he jumped on the counter in making

## A Desperate Burgiar.

Chicago, August 25 .- Finding himself shut out from all means of escape a burglar, whose identity is as yet un-known, shot and instantly killed himself near the corner of twelfth street and Laundale avenue last night. At the time he was being pursued by several police officers, and they had so far gained upon him that he would soon have been in custody. The fugitive became desperate when he realized this and turned to face his pursuers, at the same time drawing a revolver. He fired one shot at the officers before turning the weapon upon himself, but the bullet flew wide. He then shot and killed himself.
