

THERE WAGS AT BRYAN
Rowdy Actions of Students at Chicago.

HANNA SEVERELY CONDEMNED IT.
Demotes the Authorities Will Investigate and Punish the Guilty Ones—Marchers Badly Splattered—Bryan Talked to Immense Crowds—Platform Broke Down.

CHICAGO, Oct. 28.—While the Democratic parade in honor of the arrival of Mr. Bryan in Chicago was passing the corner of Michigan, Madison and Monroe streets, several eggs were thrown at it by young students in the Metropolitan Business College. None of the eggs came near Mr. Bryan or his wife, and neither of them knew of the incident until after the parade was over.

All sorts of stories were current about the affair, one of them being that Mrs. Bryan was struck with an egg, another that her carriage was hit. However of these stories was true, neither knows.

The first egg thrown at the parade came from a boy standing on the sidewalk in front of the Powers building in which the Metropolitan Business College is situated. The egg was to all appearances thrown at the parade generally, and at no particular individual, as it was not directed at any one person. A policeman who witnessed the act made a rush for the youngster, who darted up the stairs to the second floor. A second egg was thrown at the first and the two ran for the doorway several more eggs were thrown from the windows of the Business College. The Cook County Marching Club, which was escorting Mr. Bryan, received the bombarding with eggs, but the bombards were not so successful as to hit any of the party.

One or two eggs struck the sidewalk and the crowd was scattered accordingly. Later a delegation from the Cook County Democratic Association visited the college with every symptom of hostility and demanded that the students who had done the throwing be turned over to it. They had possession of the college for a time and finally left without learning who had done the throwing. The police had no better success. Mr. Powers, president of the building who is also the president of the college, said that he did not know who had thrown the eggs, although he admitted that they were thrown from students in his institution. He was much distressed by the occurrence, and declared if he knew who had done the work, he would have no hesitancy in turning them over to the police. Later in the day a reporter for a morning Republican paper, while looking up the facts in the egg throwing, was severely beaten by a party of men who had taken part in the parade. "I would be very glad to hear that the police had arrested those who in my mind were guilty," said Chairman Mark Hanna of the national Republican committee. "Whether they are or not, their motive, the act was a most disgraceful one and deserves the condemnation of every right minded person. I hope the police will investigate the case fully and properly punish the guilty ones. The Republican management have no sympathy with people who engage in business of this kind."

Mr. Powers has offered a reward of \$500 for the apprehension of the person or persons who threw the egg. Chief of Police Badenoch has put a dozen detectives on the case and says he will exhaust every effort to find the egg thrower.

When Mr. Bryan arrived in Chicago over the Alton road he was met at the depot by a large and enthusiastic crowd of his admirers. The crash to see him was so great in the narrow space of the first floor of the depot that the police had a difficult task to prevent people from being injured. The Cook County Democratic Marching Club and several silver clubs with a large number of bands and drum corps, were waiting for him on Canal street and as soon as he appeared the march was taken up for Battery D on Madison avenue. A short parade through the downtown streets preceded the arrival at the battery.

A BIG DEMONSTRATION
Impromptu, But Enthusiastic Affair at Canton.

THE NORTH AND SOUTH UNITED.
Delegations Gathered on the Public Square and Sang Old Rebel and Union War Songs—Many Women Among the Marchers—Some of the Visitors.

CANTON, O., Oct. 28.—There never was a more inspiring scene than that witnessed on the public square of Canton, Ohio, yesterday afternoon. A large crowd of people, including the ladies from Norfolk, many of the visitors from Boston, West Virginia and Maryland, and Cleveland, gathered in front of the handsome courthouse on the broad public square and sang patriotic songs, interspersed with music by the bands of music, frequent cheers and the waving of flags, banners and campaign paraphs with which the women's delegation was supplied. "America, America" was the first "Star Spangled Banner" which followed another "Nor was Dixie." Mr. Bryan's address dealt chiefly with the bond operations following the crusade of the gold standard advocates against the Sherman act which he called the "American Doodle" and applied the epithet of "Marjand, My Maryland," to the Republican party and the "Marching Home" from Georgia. The affair was entirely impromptu, and ended at 5 o'clock with the "Home, Sweet Home" from both bands and the vast audience which had gathered first as spectators then as participants in that great patriotic concert.

The demonstration was full of beauty and features. It was notable for a large range of territory represented by the visiting delegations. It was notable for the varied interests of the people who came. The demonstration began in earnest at noon with the arrival of a party representing three states and it continued till dark. All that time the McKinley residence was surrounded by an interested crowd shouting and cheering for the nominee and applauding the splendid songs which were sung from the street. All that time the air was filled with the music of bands and at no time was there a word of criticism of the home without a line of men and women, other marching or waiting orders to march.

In the first party were 16 coach loads, coming from Eastern West Virginia, Western Maryland and Martins Ferry, O. The latter delegation being composed of women coming with greetings from Mrs. McKinley. Employers of three large Cleveland manufacturing concerns were next upon the scene and they gave away 1000 tickets for more Ohio people, men and women from Lima Junction, O. The employees of a large iron and steel plant and their families were next. After these came the New England delegation under the banners of the New England Association of Boston. They occupied a special train of six sleepers and two dining cars and was on the way from 2 o'clock Monday morning. They were accompanied by the mayor of Boston, and a number of other New England towns were represented. A motor car was introduced by Frank W. Rollins, ex-president of the New Hampshire senate. Many robes and mementos of the visit were brought for Mrs. McKinley from New Bedford and from historic Salem, including whale's teeth, twined in a tree planted by Governor Endicott in 1828, and a gold watch which she retained in Canton till 6 o'clock and then went to Cleveland, where a stop was made for a luncheon. The party then went to Niagara Falls for a short stop, the schedule being to reach Boston at 7 o'clock tomorrow evening.

At 7 o'clock the party was welcomed in the whole campaign than the reception of the McKinley club of Norfolk, O. This club of 400 members is splendidly organized and decorated with a parade carries campaign umbrellas on which portraits of McKinley and Hobart are conspicuous. They were commanded by their marshal, Mr. A. T. Bloxham, and their evolutions may well attract the envy of voting clubs. The parade was introduced by the women united in singing a campaign song to the tune of "Red, White and Blue," waving their handkerchiefs all the while and producing a most striking effect.

At 8 o'clock a visit of five or six car loads of insurance men from Cleveland were introduced to Major McKinley by A. R. Manning.

CAN MAKE POLITICAL SPEECHES
But United States Attorneys Are Not Allowed to Be Candidates.
WASHINGTON, Oct. 28.—It is learned by inquiry at the department of justice that no attempt will be made by the attorney general to prevent United States attorneys from making political speeches during the present campaign, although a number of such officers have been speaking on both sides of the money question.

TO SURPASS STANFORD.
Mr. Hoast and Others to Endow University of California.

DREXEL'S COD LIVER OIL
IMPROVED EMULSION OF PURE NORWEGIAN LIME AND SODA.

San Francisco, Oct. 28.—The University of California is to be made richer by \$1,000,000 by donations from various persons, chief among whom is Mrs. Phoebe Hoast, widow of the millionaire senator from California. The amount is not to be given all at once, but will be paid as soon as the state is prepared to make the proper use of the money. The state must spend \$500,000 on buildings, and when this done the gifts will be paid.

The names of others who will give funds are not given. Desire to surpass Stanford university seems to be the main cause of the movement.
