SOME attention, says the Philadelphia Press, is being directed to the fact that a considerable number of common pleas judges in the interior districts are clearly abusing their position of the law which permits them to sit outside their districts under certain circumstances...

That the law was clearly taken advantage of by some judges as a means of increasing their pay attracted the attention of the legislature of 1887. That body passed an act specifically declaring that the compensation for services in another district shall not exceed \$500 in any one year...

Many thousands of dollars are added every year to the cost of the judiciary establishment of the state by this practice of certain judges changing off to each other. It is carried to an extent which cannot be excused. The compensation allowed for this extra service is \$10 a day and mileage...

In view of the act of 1887 it is difficult to understand what authority there is for allowing any judge compensation exceeding \$500 a year for extra services. There has been no subsequent legislation to annul that act, and its terms are very explicit...

BOGGS & BUHL, Allegheny, Pa. For Your Protection.—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally, usually contain either Mercury or Iodine of Potassa, or both, which are injurious to the long term. Catarrh is a local, not a blood disease, caused by a sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and if repeatedly neglected, the results of catarrh will follow: severe pain in the head, a roaring sound in the ears, bad breath, and sometimes an offensive discharge. The remedy should be quick to relieve inflammation and heal the membrane. "Key's" Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents. Nov 10 94. y.
