Mr. J. M. Heminger, who has had charge of the Postal Telegraph office in this place for a couple of years past, will, on the first of next month, go to Connecticut, where he will have a position with the same company. Mr. Heminger is an accommodating operator and all who have had business with him will be sorry to see him go.

Some public spirited citizens of near Johnstown, will form a co-operation for the employment of idle workmen. The persons leading the movement have mineral and timber lands, but no capital, and will share up with those who have the capital to operate these lands, the proceeds derived from the same. The idea is to give unemployed men work.

F. M. Freeble, of Latrobe, has devised an invention that dispenses with the sprocket, chain, and pedals on bicycles, the propelling power being a motor in which gunpowder is the actuating agent. The powder is exploded in a chamber by electricity generated from a small battery. Almost any speed, it is said, can be attained without the slightest physical effort.

The Altoona Tribune of Friday says: The vein of coal discovered some time ago on the Burkholder property in Homer's Gap has turned out to be a great find. A few days ago the miners who were at work uncovered a seven foot vein, which apparently extends a great distance into the hill. The mine is only one-fourth mile distant from the Woppy, and there is great probability that this vein will be extended to carry off the product.

Julia Burke, a young girl who went to Johnstown from Indiana county, became the mother of a child on Sunday night which was found dead a few hours later. The circumstances aroused suspicion, but an investigation, exonerated the unfortunate woman. It is thought the child died from neglect, and the helplessness of the mother, who was unable to feed or nurse the child.

The house of Mrs. Elizabeth Rager, a widow who lives at Uhl postoffice, in West Taylor township, was blown up and wrecked with dynamite on Friday night.

Rager, her four children and John Huddell, the miner, were killed. Mrs. Rager, who was in the house at the time of the explosion and had retired, but no person was injured. Neither the motive nor the identity of the dynamiter is known.

The Pittsburgh Bessemer and Lake Erie Railroad has completed contracts for 60 cars built of iron, that is, bodies, under-framing and truck frames of steel. This is the practical ending of the long theoretical discussion of the revolution in the construction of freight equipment and is the first great substantial movement in rolling stock equipment involving a vast amount of capital that has been brought to pass in the last 20 years.

The contest over the name of Cherry Tree for the postoffice now known as Grant has reached Washington again, and the U. S. Department of Postoffice, in view of the fact that the name of their historic cherry tree, announces a Washington dispatch. Four years ago Cherry Tree, Venango county, would not consent to give up the name. The action of the legislature in this respect, a monument to the spot has caused the Postoffice Department officials to look with more favor upon the plea of the Indiana county people.

About two months ago when the snow was on the ground and the boys of Johnstown were having a sport in snow, the falling passers by, Charles Kratzer, a fifteen-year-old son of Porter Kratzer, spied Harry Ketter a half-witted man, approaching. "Hi, there, look out," he yelled, throwing a big, hard ball of snow at Ketter. The latter started to avoid the missile but it struck him squarely and so enraged the poor fellow that he drew a revolver and fired at the frolicsome young boy. With a scream Kratzer dropped to the ground, the ball having taken effect in his leg. The wound was given prompt attention, but refused to heal and on Sunday the boy died after the limb had been amputated in a last effort to save his life. Ketter is serving a sentence of four months in jail for simple assault.

The Coal Trade Better. Coal shipments from the South Fork district, including Dunlo and Ehrenfeld, continue to be good. Seventy-five cars a day are brought down the Dunlo branch and from the Scott branch at Ehrenfeld to cars a day are being loaded. The four South Fork mines are mining steady. Since Monday the South Fork colliery which has been idle for six weeks, has been sending out 30 cars a day. Work at all the shipping points in the district and in the Cambria districts is reported to be better. More coal is being shipped from the northern sections and the trouble between the operators and miners seems to be at an end in most instances. Judging from the amount of coal right that is being purchased in this section of the country by large operators the coal industry in Cambria county is going to be greater than ever, notwithstanding the many stories circulated to the effect that Pennsylvania bituminous coal is being supplanted in the eastern market by the product of the Cumberland valley and Virginia regions. Within the past two months many thousands of acres have been secured in Adams, Croyne, Summerhill and Washington townships.

Communication. Carrolltown, Pa., April 21, 1897. E. F. Fuzasak.—The celebration of Easter in St. Benedict's church at this place was grand and impressive and calculated to raise the minds of all who attended to the serious consideration of the glory of the great feast commemorated on Easter Sunday. But we write more particularly to note the manner in which these services were enhanced by the choir of school children, male and female made up of the greater number of children of the parochial schools of Carrolltown. Their rendition of the psalms, hymns, and canticles, evidence of the careful and intelligent training of the good sisters who had charge of the parochial schools, and the remarks and comments of all who attended gave evidence of the charming and pleasing manner in which the school children acquitted themselves, and of the high appreciation by the public. It will be but a few days until the parochial schools—which embrace about two-thirds of the children of the town—will close their terms, and it is but proper here to commend our our ladies and gentlemen, and the management of these schools under the thoughtful and efficient charge of the Sisters of St. Benedict and for their zeal and painstaking efforts, resulting as it has, in the marked progress and success of the parochial schools. Farmers busy plowing and roads fast becoming passable are indications that spring is here—we hope to stay its allotted days. More anon. E. F. Fuzasak.

A Fatal Explosion. A fatal explosion of dynamite occurred Friday afternoon about 4:30 at Franklin Forge stone quarries of the Pittsburgh Limestone Company, limited, in Blair county. James Leonard and Joseph Patterson, of Claysburg, and a ten-year-old son of Wilson Carbury, of Saxton, were loading a black hole of dynamite into a can containing powder and dry sand. It is claimed that Patterson lit his pipe and threw the match carelessly away. A terrific explosion occurred. The Carbury boy was so badly injured that he died last night. Leonard was seriously injured and is now a patient at the Altoona hospital. Patterson also was badly hurt. Dr. D. L. Heatherman rendered medical assistance as soon as he could reach the scene. Young Carbury, who was killed, was spending a week with his father, who is employed at the quarry, and lent a voluntary hand to the work. His body was removed to Saxton this morning. The quarry is operated by John Hogmire.

Killed at Two Miles. A dispatch from Santa Fe, N. M., says: Francisco Navarro, a pupil in the United States Indian school, was fatally shot upon a peculiar circumstance. While playing on the college campus they suddenly clapped his hand over his heart and started his playmates with a cry of pain, repeatedly exclaiming: "It is right here." The boys tore open his clothing and found that he had been shot with a rifle ball. No report of a gun was heard, and the ball had come downward from some known source. Later it developed that Deputy Sheriff Alexandria Allen and ex-Representative J. E. Lacombe were shooting rabbits down the valley. A fully two miles distant and that a stray ball from Allen's Winchester rifle had, after traveling the distance, passed over the three-story school building and in its fall struck the boy.

Scottdale and Mt. Pleasant school boards contemplate employing a music teacher in conjunction, who will spend three days per week with the schools of each town.
