The Illinois Senator Made a Strong Speech.

FAVORS MORGAN'S RESOLUTION.

He Says the Republican Party Stands Pledged to Do Something For the Against Granting Belligerent Rights.

WASHINGTON, May 19,-Cuba has again occupied the foreground in the senate. It drew large crowds to the galleries and brought two notable speeches, the one by Mr. Mason (Ills.) in favor of the Morgan resolution, and the other by Mr. Hoar (Mass.) in opposition to it.

The Illinois senator pictured in fervid terms the distress in Cuba, dwelling particularly upon the starving concition of 800 United States citizens, as reported by the president, and called upon the senate to throw off its lethargy and pass the Morgan resolution. Mr. Mason had several sharp tilts with Mr. Wellington (Md.), the latter protesting that he was being misrepresented. It led to considerable commotion in the galleries, during which Mr. Wellington declared that he could not be choked off by the rudeness of the

Mr. Hear spoke in his usual calm to deride buncombe appeals to constituents and bragadocio as to our national strength. Mr. Hoar's criticisms, although impersonal, were c'early aimed at Mr. Mason, Senators Galinger (N. H.) and Hawley (Conn.) also spelle, the former for the resolution and the latter urging that the United States should not rush into war while our coast defenses are manifestly in-

Senator Mason began with sarcastic reference to the "polite delays" of the senate, which had taken the place of the "old game of filibuster." On one pretense or another, he said, the opposition to this resolution had succeeded in delaying action day after day. Day after day the American people had awaited that action, had expected that at least the barbarities of the Spaniard would be checked, until at last it seemed as though the voice of the American people was to remain silens while the "sale of girls, the murder of children and the barbarities which the Spaniard calls war" proceeds in Cuba.

The senator declared it was time to act, to carry out the platform of the Republican party, and to speak here and now in behalf of Cuba. Mr. Mason referred to "that splendid gentleman" in the presidential chair and to the president's Cuba message in proof of the serious condition prevailing in "Here is the proof," exclaimed the

senator. "In the communication of the presi-

dent stating that 800 citizens of the United States have been forced into towns are destitute. Who forced them there? Was it the usurgents? Then there is war in Cuba. Was it the Spaniards? Then if there is not war there ought to be, and with us. Eight hundred Americans driven from home starving, and still some senators say it

is not much of a war."
The senator said that with this statement that 800 Americans were suffering we passed a resolution in substance let us bring home our Americans and protect them under our flag." And

yet there is no war in Cuba. "If 800 American citizens are being driven like swine," exclaimed Mr. Mason, "compelling us to send from

our shore to protect them, if it is not Mr. Mason turned his attention to the remarks favorable to England made by Mr. Wellington (Ma.) the day before. "Yes, we owe her (England) a good deal," declared Mr. Mason, "but we settled a good part of it at Bunker

The senator read newspaper extracts showing the condition of affairs in "Is that the kind of information,"

interjected Mr. Wellington, "that the senate of the United States is to have as a basis for a resolution of beilig-Mr. Mason replied that the senate

must act on its best information, and when the Spaniard sells his daughter. murders his boy and conceals the facts the people must rely on the American correspondent to get at the facts. The senator paid a glowing tribute to those correspondents, some of whom had risked and given up their lives to present the facts to the American people. He referred to the death of Correspondent Crosby, who fell on the field during "And yet," suggested Mr. Gallinger,

ironically, "there is no war in Cuba." Referring to the Cuban plank in the St. Louis platform, he said :

. You remember how the great hall rang. The great, struggling, libertyloving people of the world said at last the Republican party is on the high road to success. McKinley sure. Liberty for Cuba. The Republican party spoke, and from the days of Lincoln to the days of McKinley they have never stepped backwards from one plank of their platform, and they shall not do Mr. Mason closed as follows:

'Mr. President, no one fears war, but if to keep our promises with Cuba and protect her means war, let it come. If to protest against the butchery of women and children means war, let it If to defend the honest daughters of brave patriots means an insult to Spain and war, let it come and come quickly, for I tell you whether we speak or not the civilization of the Nazarene is upon us whether you sleep bound hand and foot by the rules of order, or whether you shall speak like American brave men, the march the Nazarene is upon us, liberty shall prevail and the island of Cuba under the providence of God shall be A Sharon Man's Report.

HAVANA, May 19 .- W. J. Calhoun, the special commissioner of the United States, who is investigating the death of Dr. Ricardo Ruiz, a naturalized American citizen, has visited the Spanish Casino, which was decorated and illuminated in honor of the eleventh birthday of King Alphonso. Mr. Calhoun was accompanied by the Spanish consul at Philadelphia, Dr. Jose Congosto, the mayor of Havana, Senor Michael Diaz, and Dr. Jover, who acted as interpreter.

Mr. Calhoun admired the building and expressed appreciation of the courtesy with which he was received. After the guests and their bosts had partaken of refreshments, the secretary of the Casino toasted "peace for Cuba and sincere and unalterable friendship between the United States and Spain, Dr. Jover then toasted "President

McKinley" in English, which was responded to by Mr. Calhoun. The first words which the latter uttered on gaining his feet showed him to be an accomplished orator, as well as a discreet diplomat.

After some preliminary remarks of a complimentary nature Mr. Calhoun said that when he received his appointment to come to Cuba he formed the idea that he was going to a foreign country, but the hospitality he had met with in Spanish territory had made his residence here so pleasant that he began to believe himself among his own beople, and yet was almost forgetting his own country while longing for the approach of peace and progress for

WHERE IS THE RIPPER BILL! Senator Quay Only Seems to Know It

Fate-The Legislature. HARRISBURG, May 19 .- Conflicting stories are current about the ripper bill. Just who is right will not be known for a week or so. There is no doubt that Senator Quay can pass the ripper if he so desires, and there seems to be no doubt that he has made up his

mind what he will do. As the matter stands now the ripper is as dead as a doornall, and Quay is the only man who could resoscitate it. and it is doubtful if even he could pass

the ripper clause There was not a large attendance when the senate was called to order. The first bill taken up was an act to provide for the better protection of female insane patients in transit, which was returned from the governor for amendment, and was passed finally.

The next bill was one of vital importance to the laboring men of the state as well as the corporations. It is entitled "an act to protect employes of corporations in their right to form. join or belong to labor organizations by prescribing penalties for any interference therewith." There is no question but that the corporations were opposed to the bill, but no fight was made on it as the bill passed unanimously. It is said that the corporations were positive the bill is unconstitutional and for that

reason permitted it to pass A bill entitled "an act to authorize the issue and service of warrants of arrest on Sunday when complaint is made of certain violations of the liquor laws or of maintaining a disorderly house was also passed finally.

Senator Gibson's bill entitled "an to require the use of automatic safety controllers on hoisting engines for the prevention of loss of life and limb of employes and other persons over hoisting or runaways in the shafts, slopes, strippings, quarries and mines and providing penalties for the violation thereof, was called up on final cassage. The bill was defeated once be fore for want of a constitutional ma-

The bill was defeated. It has been reconsidered once and is now dead. The act to prohibit the public exhibition of photographic reproduction of prizefights failed for the want of a constitutional majority.

Mr. Kennedy called up senate bill which permits county commis sioners to authorize the construction of reads for the use of bicycles Mr. Kennedy explained that the people of Allepheny county favored good roads and bicycles. Senator Flinn also spoke in favor of the bill, and it passed finally The final adjournment and the meaares to be passed before that time were the subject of conference at the execu

tive mansion last night. The final adjournment was figured at about June 17. It may be a week later, but an effort will be made to prevent this Night sessions of the house will

begin next week. The Keator ballot reform bill was killed on third reading in the house, The house, after two hours' debate, scopted the report of its committee on elections, unseating Robert L. Roberts as the member from the Third Philadelphia district and seating Oscar P. Saunders, the anti-combine candidate at the fall election. The vote was 103

Two reform bills endorsed by the last two state Republican conventions were reported from committee. They are the non-political assessment and non-interference measures. The former was amended to allow voluntary contributions.
