—Joseph Topaski, an Italian, who had been admitted to the almshouse on Lilly on the 24th of April last, died in that institution on Thursday last week from consumption, aged about 30 years. He had no relatives in this country.
—D. M. Berkey, a freight brakeman on the Pennsylvania railroad, was painfully cut and bruised at South Fork on Monday night. He was caught between a car and a water tank, but was not seriously hurt. He was sent to his home in South Fork.
—A. Scheeline, one of the prominent clothers in Altoona, doing business on Eleventh avenue, failed Saturday night. He allowed a judgment note held by Harry Stutzker, for \$2,000, to be issued. It is believed his assets are equal to his liabilities.
—A portion of the Chest Creek Coal & Coke company's plant, at this place, has been leased to the Nantyglo Coal company, which will use it to make an extensive test of the coaling qualities of the Blacklick coal. Repairs are now being made on the ovens.—Hastings Tribune.
—John Zimmerman and Peter Sheridan have been arrested and are now in jail at Hollidaysburg, charged with blowing up the Company store building at Baker's mines, a notice of which was published in another column. They were former employees.
—Philip Crouse, son of Mr. and Mrs. H. J. Crouse, of this place, whose serious illness we mentioned in last week's Freeman, died on Friday morning at 7:30, aged 16 years and 4 months. His remains were taken to the Catholic cemetery on Monday morning.
—Skins milk added to twice the quantity of warm water cleanses granitic rock of varnish and woodwork and injures the varnish less than any preparation as proved by many years trial. It brightens up oil cloth to wash them over with skim milk after cleaning.
—Alex. Strimmarer, deputy state master for Cambria county, and M. L. Earl, of St. Augustine, organized a large lot of township, Saturday evening, May 15th. Thomas M. Craver was elected master, Herman Dishart, secretary, and Luke Durbin, lecturer.
—Sunday a week while Mrs. Angelina Adams of Allegheny township, was driving to church at Chest Springs, her horse became unmanageable, threw her to the ground. She lay unconscious for about two hours before she was found, but she was not seriously injured.

—Never use water that is not perfectly fresh. Water that has been standing overnight in a bedroom, kitchen or any apartment should be thrown out, for floating germs have settled in it and it is dangerous to health to make use of it. Tea and coffee should always be made with fresh water.
—Among the acts of assembly signed by Governor Hastings Wednesday of last week, was the act to punish breaking into school houses or school properties. The act prescribes a penalty of \$100 fine or six months imprisonment for breaking into school houses and defacing or damaging furniture.
—An attorney of Altoona was charged before an alderman with embezzling \$2,200 from a building and loan association on Wednesday, but the case has been settled, and the amount of \$1,500 is being paid to the alderman. The settlement being satisfactory.
—The Patton Courier says that a new concern to be known as the Patton Milling Company will erect a large chip mill in that place. The firm is composed of Messrs. Samuel Kelly, of Chest Springs, and Joseph Bloom and Watson Spencer, of Patton, and the mill will be ready for business in three months.
—The erection of a new three-story brick hotel on the site now occupied by the Cambria House, in this place, will be commenced as soon as the present owners get possession of the premises, which will be about the first of August. A couple of store rooms, it is said, will be located on the first floor facing on High street.
—Eugene Sebastian Fleischer, who was murdered in Pittsburg Friday morning, was a wife and son in Altoona, who he deserted in Hollidaysburg fifteen years ago, for another woman whom he took away with him. At that time he was a defaulter to an insurance company and several secret societies with which he was officially connected.
—On Thursday morning of last week, two stables in Wilmore, one belonging to A. H. Cullen and the other to Bernard Conley, were destroyed by fire. A horse belonging to Mr. Cullen perished in the flames. The fire occurred about three o'clock in the morning and is believed to have been the work of an incendiary. The loss is placed at about \$100.
—Thomas Smith was fatally injured Wednesday of last week at the stone quarry of George S. Cramer at Patton. He was engaged, broke loose and ran down a steep grade, jumping the track and upsetting the stone on the unfortunate man. He was removed to Patton at once but died before reaching the place.
—The home of Mrs. Sydney Mackin, at Moxam, was destroyed by fire at 3 o'clock on Thursday morning of last week. It is not known how the fire started, but when discovered it had a good head and the occupants of the house barely escaped with their lives. By the time the Moxam Fire company got to the building it was a mass of flames and the company had a hard time saving adjoining properties.
—Simon J. Miller, residing in Huntingdon, Pa., had a peculiar experience on Sunday which came near costing him his life. He was engaged to receive a can of fruit when the jar collapsed, flying into hundreds of pieces, one of which penetrated his left wrist, severing an artery. Only the prompt arrival of a physician saved his life, and he is very weak in consequence of the great loss of blood sustained.
—Abram Beam, who lives in the town of Boucher, Westmoreland county, has been working on an airship with a parachute arrangement for a year. —The company store in the little mining town of Baker, five miles north of Altoona, was blown up by dynamite on Thursday night of last week. Michael Hanley, the storekeeper, who was in the store, escaped unscathed, but the building was badly wrecked and the goods scattered in all directions. Disapproval of the company store system is supposed to have been the cause for the dastardly deed, but there is no clue to the perpetrators.

—On Wednesday of last week the hardware store of Herman Hantley, in Johnstown, was closed by Deputy Sheriff Elmer Davis on claims held by the Altoona Building & Loan association for \$1,250 and \$500 respectively. The liabilities will amount to over \$12,000 while the assets will hardly reach that amount. Mr. Hantley's establishment is the oldest hardware store in that city and his failure is attributed to the failure of parties for whom he had endorsed, to meet their obligations.
—The odor of the sweet pea is said to be so offensive to flies that it will drive them out of the sick room, though it is not usually in the slightest degree disagreeable to the patient. It is therefore recommended that sweet peas be placed in the sick room during fly time. Now is the proper time to plant sweet peas that they may be utilized in driving out the pesky flies when they invade the home. This will be a novel way of keeping fly rooms in a condition to render sleeping comfortable during hot summer nights.
—A serious freight wreck occurred at Warrior's Ridge, two miles east of Petersburg, Huntingdon county, on Sunday afternoon about 2 o'clock. It is alleged that Harshberger, coming upon the little girl and several companions in the woods gathering flowers, dragged her to a clump of bushes, where, in fighting off her assailant, her clothing was nearly all torn from her body, but she escaped uninjured. Two other children, a boy named and told what was going on and Mr. Johnston and another man captured Harshberger, and after giving him a terrible beating, turned him over to a constable.

The governor also disapproved the concurrent resolution authorizing the publication of 10,000 copies of the Lexow report.
