A DENIAL TO THLLMAN'S CHARGES.

The Minority Proposed Numerous Amendments, But Were All Defeated-An Attack on Speaker Reed In the House. Some Witty Talk In His Support.

Washington, June 2 .- The senate made good progress on the tariff bill, advancing to the important metal schedule. During the day the paragraphs covering marble and stone, china, glass, brick and tiles were completed, with a few minor exceptions. Messrs. Vest and Jones (Ark.), in behalf of the minority of the finance committee, proposed numerous amendments, which were defeated by majorities of 8 to 14. The votes were on party lines in the main, although Messrs. Raw ins and White. Democrats, voted with the Republicans to increase the rate on onyx and Mr. McEnery, Democrat, voted with the Republicans against Mr. Jones' proposition for a reduction of the rates on china.

As a sequel to the recent sensational speech of Mr. Tillman, Mr. Smith (N. d.) rose to a question of personal privilege while the tariff debate was procoeding and made a brief but pointed deptal of all speculation in sugar stock. either recently or at any time when sugar was the subject of legislation. Mr. Tillman was among those who heard the denial, but he made no comment on it. Senator McLaurin (S. C.) was sworn in early in the day, raising the membership of the senate to 89. The tariff bill was taken up immedi-

ately after the disposition of business. The committee amendments were withdrawn on the paragraphs covering "all other china not specifically pro-vided for," leaving the house rates at 60 for decorated and 55 for undecor-Mr. Jones again offered an amendment. He supported it in a speech staring that at the rates of the present law the producers claimed to e doing a prosperous business.

Mr. Sewed (Rep., N. J.) answered, reading a statement showing that many potteries had failed and a large number of pottery workers were out of work as a result of the present low rates. The committee offered a substitute,

which was agreed to, on the paragraph covering tiles, glazed or unglazed. It is practically the same as the house paragraph. Paragraph 92, covering articles com-

posed of earth and mineral substances, was taken up, and Mr. Caffery (La) offered an amendment reducing the rate from 35 to 20 per cent on undeco-

The Caffery amendment was defeated 10-26. Mr. Heitfield voting with the Democrats in the affirmative and Mr. Jones (Nev.) with the Republicans in the negative. The committee amendments to the paragraph were then On paragraph 94, covering plain

The paragraph was then agreed to as re-The consideration of the bill pro-

reeded from the point reached at the last session viz: paragraph 105 relating to spectacles, eyeglasses, goggles, etc. Mr. Vest opposed the proposed rates, saying they ranged from 65 to 180 per cent on articles of necessity.

Mr. Aldrich argued that low-priced spectacles from abroad were so poor that it would be of advantage to exclude them from use in this country. Mr. White (Cal.) said this was the first time the "sanitary argument had been used in support of a high tariff, and Mr. Caffery declared that the American people did not ask that their spectacles be tried by Mr. Aldrich. Mr. White offered an amendment substituting the rates of the present

law Mr. White's amendment was defeated, and the paragraph was agreed to as reported. The remaining paragraphs relating to glass were agreed to as reported, except

the paragrph covering stained or painted glass windows, which went over at the request of Mr. Allison, When the marble and stone schedule was taken up Mr. Vest made a contest on the paragraph relating to manufact. arers of agate, etc., moving a reduction of the rate from 50 to 20 per cent. The

amendment was defeated, yeas 17; The committee proposed a change in the amendment relating to marble and onyx, leaving the marble rate as reported, and placing onyx, in block, at at \$1.50 per cubic foot.

Mr. Vest remarked that this was a raise of 300 per cent over the present rate, to which Mr. Aldrich assented. Mr. Caffery spoke against such heavy increases, warming Mr. Aldrich that he was "digging the grave" of protection. Mr. Aldrich answered that the proposed rates were required in order to give the American producers of onyx

not be "laughed into respectability." The committee amendment placing onyx at \$1.50 per cubic foot was then agreed to-yeas, 31; nays, 17. Messrs. White and Rawlins voted with the Republicans in the affirmative. The committee amendment as a whole relating to marble and onyx was agreed to.

On dressed freestone Mr. Vest moved a reduction from 50 to 30 per cent. In this connection Mr. Vest remarked that it became his melancholy duty to refer to another duty raised above the Mc. Kinley rate. Already, he said, he had pointed ou; about 30 instances of the kind, although Mr. Aldrich had claimed there were but half a dozen rates above those in the McKinley bill. It had reached a point, Mr. Vest said, when the advocates of bill had lost all veneration and respect for that tarifi act bearing the name of the president of the United States.

Mr. Lodge (Mass.) and Mr. Gallinger (N. H.) spoke of the greater labor cost in the quarrying of granite in the United States over that in Scotland and Sweden, and Mr. Gallinger expressed the hope that when the bill got into conference the protection afforded American granite would be greater than ever before. Mr. Vest's amendment was then disagreed to, yeas 19; BHVS 28.

The other paragraphs relating to stone and slate were agreed to as reported. This brought the senate up to schedule C, relating to metals and manufactures of metals.

Mr- White suggested that as the senate was drawing near to the sugar schedule any new schedule, even in an embryotic form, ought to be presented at an early day, as senators desired to make calculations on it. "The senator will re

notice," responded Mr. Aldrich smil-"We will try so accommodate The senate then held an executive

session and soon after adjourned.

The Committee to Investigate the Condition of Miners Ready to Report. HARRISBURG. June, 2.-Both branches of the legislature held short sessions last evening.

The Western penitentiary is to be investigated when the legislative committee gets through with the Eastern penitentiary. A concurrent resolution was adopted by the senate extending until June 22 the time within which the committee shall report. When it came up for concurrence in the house, Chairman Seifert said the committee had not completed its inquiry into the management of the Eastern penitentiary, and that the purpose of asking that the time be extended was to give the committee time to investigate the Western penitentiary. The resolution was concurred in.

The report of the committee to investigate the condition of the miners of the Pittsburg district is ready to submit to the senate, but Chairman Saylor has decided to wait until next Monday before filing it. Mr. Saylor says the report is an interesting document and does not mince words in giving the cause of the deplorable condition of the miners.

A resolution was reported from the rules committee and adopted in the house that the order of business for Thursday be revenue bills on second reading, tocal and special bills on second and third reading and final passage and the general calendar of house bills on second reading.

There were three of Quay's reform bills on the senate calendar which had originated in the senate and were amended by the house and passed. They returned to the senate to have the amendments concurred in. They were the non-interference, non-politi cai assessment bills, and one prohibiting free pool tax receipts. Mr. Osbourne was primed for the bills and upon his protion they were non-concurred in. and the batch was thrown into confer ence committee. This will give an opportunity for them to be still further The state treasury interest bill was

called up on second reading. Mr. Grady to k it in charge and suggested a number of amendments, which he styled as corrections of typographical errors. He also amended the title as suggested by Attorney General McCormick, The criminal libel bill was called up

on final passage. Senator Grady proposed two amendments. He struck out the word "criminal" from the title and made it read "an act relating to libel and its punishment." Amendments were agreed to and Tuesday next set for the bill's final passage.

The house bill imposing a tax of cents per day on all unnaturalized males over 27 employed within the state was amended by the senate so as to impose the duty of tax collection on the em-

There was a lively fight over the Fars eight-hour bill, which came up in the house on final bassage. Mr. Bliss in opposing the bill attacked George chance of Philadelphia, president of the Pennsylvania Labor association, who has been here during the session laboring for this and other labor bills Mr. Woodruff spoke for the bill and delending Chance. Mr. Farr in detending chance attacked Mr. Bliss and was called to order by the speaker. Mr. Bliss moved to amend the bill to make it general in its application. The motion fatied and the bill passed finally The senate adjourned until next Mon-

day. The majority of the senators will attend the business congress banquet in Philadelphia tonight.

A SENSATIONAL SISSION. The Insurance Investigating Committee

Beard Startling Testimony. HARRISBURG, June 2.-The joint legislative committee, appointed to invetigate the \$50,000 insurance scandal, has held a sensational session

Haley Fiske, vice president of the Metropolitan Insurance company, stated that Frank R. Leonard of the Clearfield Coal company, who said he represented one or two Pennsylvania state senators, called on the secretary of the Metropolitan company in New York and laid before him a plan whereby the bill could be killed.

John French of Oil City, district agent for the Metropolitan company, told of a visit he paid to Senator Shortt of Sugar Grove, Warren county, in reference to she bill, and he said: "I have no sympathy for you people. I had the bill recommitted thinking you people would take your cue." He said : You want to get after Judge Durham and Senator Andrews. Andrews is in that business and he does not make any bones about it. As for myself, I have pleaty. You know the country members are square and honest and they would not do anything of that sort. Still, that is not saying that I can't be touched ! Senator Shortt took the stand. With much feeling he said that French's statement was "an absolute, vicious and malicious lie," and, turning to French, he said fiercely: "And you know it. You partook of My hospitality and then manufactured such a low-lived lie Another hearing will be held Mon-

Calhoun Will Make No Official Report Outside of That Case.

WASHINGTON, June 2 .- While no official communication, either letter or report, has come to Washington as yet from Mr. Calhoun, the special counsel sent by the president to Cuba in connection with the Ruiz case, private advices received here from him indicate that he expects to leave Havana for Washington next Thursday or Friday. He will go directly to New York by steamer instead of coming back from Tampa by rail as he went, and it is expected that he will reach this city about next Sunday.

It is said at the department that no official report upon Cuba is to be expected from Mr Calhonn; that all he will have to submit officially will bear upon the Ruiz case, which was the subject of his official appointment, and that anything he will have to communicate respecting the general condition in Cuba as affected by the war will be in the shape of a verbal report to the president.

HE MAKES A DEMAND FOR TRIAL.

the Report Causes a Lively Discussion. The Standing Committees Named-A Resolution Passed Condemning Sunday Trains and Streets Cars.

BEAVER FALLL, Pa., June 2.-The Reformed Presbyterian church was packed with an interested audience, as it was generally expected that the synod's committee of conference, to which had been referred the Willson-McAllister heresy case, would report during the session. Rev. S. R. Wallace of Brooklyn, N.

Y., chairman of the conference committee, announced that the report was ready and everything gave way to it. As the chairman began to read it a silence almost painful fell upon the audience, for everybody realized the importance of the report. It was as fol-"Your committee to which was re-

ferred the fourth item of the report of the committee of discipline would make the following report: We have given prayerful and careful consideration to this important matter. It gives us great pleasure to say that your committee has been in perfect accord in all our deliberations. "The following was unanimously adopted as a basis of settlement: Resolved, that without passing judgment

on the merits or the case it is our judgment that Dr. McAllister, in the interests of peace and of the cause of Christ, as represented by the Refermed Presbyterian church, should agree to cease the publication of articles in the line of those referred to in the charges, and in case he so agrees it is our judgment that Prof. Wilson should agree to withdraw the charges. "We have to report that this was not

agreed to by Mr. McAllister. Your committee feel that the peace of the church is greatly disturbed by the agitation of this question, and we recommend that in the interests of peace and of the cause of Christ as represented by the Reformed Presbyterian church Dr. McAllister be enjoined to cease the publication of articles in the line of those referred to in the charges, and that the charges be dismissed. Before proceeding to a consideration

of the report the synod was led in prayer by Rev. Dr. Stevenson and Elder John Hunter. A motion to adopt the report precipi-

tated a discussion, which lasted the remainder of the session and is still under consideration. Dr. McAllister said he had told the committee they had begun at the wrong end of the case. They had taken it for granted the articles in question were libelous. "The libel," e said, "I characterize as a club held over my head and I would not as a matter of compulsion do auvthing of

the kind suggested. If the libel remains, I first demand a trial." The moderator announced the standing committees for the year, which were as follows: Order of business-Rev. J. C. McFeet-

The committee on the Sabbath, Rev. S. J. Crowe, chairman, brought forward a report which had been previously presented and recommitted for abbreviation. The item of the report which condemnes the use of street cars and livery turnouts on the Sabbath created a lively discssion. The resolution as finally adopted condemned "all Sunday trains and the running of street cars, livery stables and postoffices and open stores and shops and all manner of secular reading and carnal pleasure on the Sabbath as inconsistent with the law and detrimental to the well-being of mankind in all relations of life."

A business session was held in the evening, at which the work of home missions and other matters were considered. The synod resumed business this morning, and an effort is being made to reach a final adjournment.

The appeal of Mr. Lewis (Dem., Wash), taken last Thursday from the decision of the chair, that a resolution relating to foreign affairs did not constitute a question of privilege, was laid on the table, and after the skirmish over the methods of procedure three special orders were successively adopted by two of which the senate bills making a special appropriation for the government printing office and for granting the secretary of the navy anthority to contract any two vessels to carry contributed supplies to India were

The other provided for the consideration of the Frye bill to prevent collisions upon harbors, rivers and inland waters of the United States connected with the ocean.

Mr. Richardson opened the attack of the maction of the house and protested vigorously against the present method of doing business. "Here we are," he said, "with our hands tied with no committees, none of the conveniences or the necessities of the legislation, nothing except the committee on rules, which dictates what we shall do and shall not do. The house never was in such a dilapidated and disorganized condition for such a length of time."

Mr. Grosvener (Rep., O.) followed in a similar strain. The other side, he said, was treating the majority with great unfairness. Every now and then they spring something new on us in the shape of a new leader. | Laughter. | When the talented young Texan (Bailey), who inherited his leadership rather than earned it, was in command a little flattery and a few kind words sufficed, and we got along very well together. | Laughter.) But when the great leader from Kansas (Simpson) suddenly flashed upon the horizon and swung the minority into a solid phalanx I thought, perhaps, God Almighty had decided to wreck the Democratic party under his leader-hip. But he dropped out. I never knew exactly how. Perhaps his time was out. [Laughter.]

Mr. Simpson, replying to Mr. Grosvenor, said there was need of leadership on the minority side as "they were all leaders over here." They were not like sheep who had to be led over the fence every day by the "leading billy goat." Mr. Simpson attempted to read from [Senator Morgan's speech, but the speaker would not permit him to do so." The house than adjourned till Thursday.

VERY DAMAGING EVIDENCE. Wintersteen's Many Threats Brought

Out at His Trial. BLOOMSBURG, Pa., June 2 - The courtroom was crowded when the trial of L. S. Wintersteen, who is charged with an attempt to murder by dynamiting the residence of Levi E. Waller, was resumed. Several Philadelphia and Reading conductors testified that Wintersteen had gone to Reading on their trains. W. H. Snyder, a prominent lawyer, swore that Wintersteen told him that he would willingly serve 20 years in the penitentiary to put a bullet through Waller's heart.

Theodore Connor, a bookkeeper for the Keystone Manufacturing company, of which Wintersteen is a director, corroborated Snyder's testimony. 1. White a prominant marchant of this place and a former manager in the Bloomsburg Car company's store, of which Wintersteen was one of the owners, swore that he heard the defendant say he would like to meet Waller in a dark alley and kill him. The prosecution has closed its case. The defense will call 75 witnesses.
