AGREED TO STAND TOGETHER.

The Republican Members Decided to Overlook Their D fferences and Maintain a Solid Front on All Schedules. Hawaiian Treaty Matter Not Decided.

Washington, June 9 .- Senator Aldrich of Rhode Island states that the Republican caucus was very successful and that he feels that the Republicans are going to stand together on all schedules of the bill and that an agreement will be reached where differences of opinion exter. Almost the entire time of the canons was devoted to consideration of the sugar schedule; other features where there are differences were not reached.

No agreement was reached in regard the Hawaiian treaty, and the comamorgiments or a provision which will not leave the matter in any uncertain condition or absolutely abrogate the existing reciprocity provisions of the

An important feature of the cancus was the determination reached to vote together as a party, which insures favorable action on all contested schedules and the passage of the bill as approved by the majority. This determination was reached upon a suggestion made by Senator Thurston. This suggetiton led to the most interesting inof sent of the cancus. There had been several references to the meeting as a conference." Mr. Thurston objected to this designation, saying that conference never bound anyone and that he wanted it definitely understood whether + imprisonment. meeting was to be binding or a friandly chat without further results. for If it was not to bind all senators on all schedules he would not agree to by the decision upon the sugar question.

This speech brought Senator Hanna his feet with an earnest plea for party harmony and united effort on all the features of the bill. He referred to the apparent divisions at present exbeing in the senate and said it was high time that a perfect understanding was reached. Senator Thurston then put his sug-

gestion in the shape of a motion to the effect that the agreement of the can-cus should be binding upon all Repub-lican senators and it carried by a large The text of the new sugar schedule is

as follows: Sugars not above No. 16 Dutch standard in color, tank bottoms, syrups of cane julge, melada, concentrated melada, conrote and concentrated molasses, testing by the polariscope not above 75 degrees 1 cent per pound, and for every additiona degree shown by the polariscope test, three-one hundredths of 1 cent per pound additional, and fractions of a degree in proportion; and on sugar above No. 10 Dutch standard in color and on all sugar which has gone through a process of refining one cent and affect five one-hun-dredlihs of 1 cent per pound; molasses testing above 10 degrees and not above ? degrees, 3 cents per gailon; testing 56 dedrainings and sugar sweepings shall be

A new paragraph is added reading as follows That file duty on molasses clayed, jog-

gery and other sugars testing not above at degrees by the polariscope shall be one touth of one cent per pound less tha these imposed by the preceding paragraph on the corresponding tests of sugar. The failure of the caucus to take steps looking to the protection of the Hawanan reciprocity treaty has caused considerable comment, but the friends of Hawaii in the senate say that the omis-ion was due to no other reason than the want of sufficient time. They feel confident that if the point had been reached an amendment similar to proposed by Senator Davis continhing the treaty in force would have been accepted.

They base this assertion upon the manner in which Senator Frye's speech was received and the side remarks made upon the subject. They now express the utmost confidence that the finance committee will accept the amendment without caucus action. Senator Frye's speech was a zealous appeal for the maintenance of the treaty. He said that Pearl harbor was ceded to the United States in exchange for the concession to Hawaiian sugar by this country and declared that its abrogation at this time would be an act of bad faith.

Killed In a Strike Riot.

PONTIAC, Ills., June 9 .- At Minonk, while Superintendent A. W. Morgan and one of the bosses, Joseph Erbeland, were escorting a non-union man to work, a fight ensued with strikers and Morgan and Erbeland commenced to shoot, killing instantly a coung mar-ried miner named John Wetoski and wounding another. The miners at tacked Morgan and Erbeland with clubs and stones and beat them badly. Morgan may not live.

All That Country's Dudging Does Not Excuse Her of Liability In the Ruiz Case-A Claim Will Be Presented by This Government.

Washington, June 9 .- Assistant Secretary Day says that the report of Consul General Lee upon the results of the investigation made in Havana in the Ruiz case has not yet been received at the state department. Consequently it was not possible to learn whether the publications purporting to be copies of the report were accurate. Assuming, however, that the consul general's conclusions are correctly set forth, in brief that Ruiz died while in jail in violation of his treaty rights, the onestion before the department of the largest importance, is what shall be the

The wife of Ruiz has filed with the department a claim for \$150,000 for the death of her husband. The Spanish contention has been that he was not killed and that he was not treated harshly. General Lee's inquiry is understood to have failed to bring out the truth on these points, but his statement on another, namely, that of his confinement in violation of treaty rights, appears to make the first two points nonessential and to leave the case resting on the broad claim that in confining Dr. Ruiz for more than 72 hours with out permitting him to communicate with his friends or trying him the Spanish officials in Cuba have assumed

full responsibility for the results of that extra confinement. The fact being established that Dr. Ruiz kept up his citizenship by regis-tering himself at American consulates in Cuba from time to time as required by regulations, is taken as an offset against the claim that by continuous residence in Cuba for nearly 20 years he had forfeited his rights as an American citizen, so it is surmised that the next step in the case will be the presentation of a claim against the Spanish government in behalf of the family of the victim of this illegal

DANGEROUS PYROTECHNICS. An Explosion Occurs In a Fireworks

Factory-Number Injured. CHICAGO, June 9 .- A match carelessly dropped by one of the workmen caused a terriffic explosion in the fireworks

factory of M. Shure, at the corner of West Van Buren and Halsted streets, in this city. It was shortly after the closing time of the factory and many of the workmen had gone home, otherwise the loss of life must have been very heavy. As it was a number of the employes were

badly hurt, and the flying rockets and candles struck several people who were passing on the streetcars and on the sidewalks. The building was almost entirely destroyed by fire. The flying missiles struck a number of people on the street cars and one man who was gazing into a store window fully 400 feet distant had his attention suddenly attracted to other matters by a rocket which hit nim squarely in the back. He fell to the idewalk unconscious and was carried to the hospital before he was able to

House Bill For Payment of Interest or State Deposits Amended Increasing the Rate-Many Members Favor an Exten sion of the Session to July 8.

HARRISBURG, June 9 .- The senate has passed finally the bill, which has already gone through the hoase, taxing each unuaturalized adult male employed in the state 2 cents a day. The house bill providing for the pay

ment of interest by banks on state deposits was amended to increase the interest rate from 1 per cent to 1% per cent on active deposits. The house defeated a resolution to continue the oleo investigation until

the session of 1899. Chairman Hosack offered conclusive proof that such an extension was necessary, and even pledged himself to give bond to cover all expenses. By a vote of 92 to 70 he was turned down. The resolution will be reconsidered.

The committee investigating the insurance scandal had a brief session and

adjourned to meet Tuesday.

HARRISBURG, June 9.—Many members of the legislature favor an extension of the session until July 8, but this can only be done by both houses reconsidering their action in fixing on July to get away. It is almost impossible to dispose of all the legislation by the time fixed, as only one revenue bill the direct inheritance tax measure-has become a law, and that has been de clared unconstitutional by Judge Hanna of Philadelphia. None of the appropriation bills have been reported from committee, and it is doubtful if they will be brought out before next Mon-

The governor has appointed Senators Grady and Osborne special counsel to represent the state before the supreme court in the argument on the appeal from Judge Hanna in the direct inher-

itance tax decision.

The newspaper libel bill was taken up on final passage by the senate. A strong opposition cropped out against the bill as it had been amended in committee, so as to throw the responsibility on the writers. It was complained that a publisher could command a writer to libel a person and then shift the punishment on him. The bill was sent back to the judiciary committee for repairs.

In the house, by a vote of 119 to 32, William H. Leh was unseated. Chairman French said the case had been carefully considered and that a majority of the committee had found that Adam Shiffer of Easton was entitled to the seat. Shiffer is a Republican and Leh a Democrat.

The bill to repeal the act of May 2, 1895, relative to the admission and instruction of children of soldiers of the late war in the common schools of districts outside of those in which their parents, guardians or others entitled to their custody may reside, was defeated. Senate bill to provide punishment for fraudulently avoiding the payment of tells to any road association, commission or turnpike company authorized to erect gates and collect toils, passed third reading and was laid aside for final passage.

he governor's veto of the bill allowing the use of public schoolhouses for religious and Sunday school purposes, was sustained.

FIRM SILVER ADHERENTS.

Dissenting Republicans Hold a National Committee Meeting. CHICAGO, June 9 .- Resolutions have been adopted by the National Silver Republican committee meeting outlining the plan of action to be pursued by the party and recommending the appointment of a national executive committee of seven which is to have general control of the conduct of the party. The members of the committee

will be named today. The principal resolution read as follows: Resolved, That the Silver Republican

party of the United States favors the im-mediate establishment of bimetallism b the independent action of the United States through the free coinage of both silver and gold at the ratio of 16 to 1 and the clothing of both metals equally with every attribute of full money, with the right to every debtor to choose which coin shall be the basis of payment. Resolved, That the achievement of this great object is deemed by us of paramount political importance and shall form the controlling motive of our political action until it is accomplished.

The resolutions were signed by Fred T. Dubois, Idaho, chairman; J. J. Harper, Ohio; J. D. Clarkson, Missouri; E. C. Watkins, Michigan; A. J. Mossett, Kentucky; A. M. Stevenson, Colorado; Charles A. Towne, Minnesota, and Ben S. Dean, secretary, New York. Charles A. Towne of Minnesota was elected permanent chairman of the national committee.

STRIKERS MADE RAIDS

Stirred Up Things Among Clothing Contractors In New York.

New York, June 9.-The striking tailors have become boisterous. Union committees called on Contractor Rottenberg, in East Houston street, who protested against the interference of the committee and sent for the police. Twenty-five non-union men were induced to quit work. A fight between Rottenberg and the committee followed, which resulted in slight injury to the former and the arrest of three of the latter. The committee then called on Contractor Tack in Attorney street and lessened his force by 25. When going upstairs, somebody shouted "fire," and the house

was soon in an uprear. Then they went to the shop of Contractor Samuel Lewis in Delancey street, where 22 hands quit work. A boy was sent for the police, but was held captive by the pickets. Meanwhile Louis Stubeck, proprietor of a sweatshop in Willett street, was defending himself with a revolver at Broome and Pitt streets from the fury of a mob of 500 striking tailors. The sight of the weapon kept the mob at a distance until the intervention of a policeman who escorted the frightened contractor to his home.

HAVANA, June 9 .- After months passed in compiling data, which is confirmed by competent, well-informed, impartial parties, your correspondent is able to announce that in the country comprised between Cape San Antonio, Pinar del Rio and the Jucaro-Moron military line of the province of Puerto Principe, there are 8,000 insurgents,

well armed with rifles and sub-divided into small bands. .The latter live during the best part of the year in the woods and mountains. Besides these bands there are many thousands of Cuban natives in the insurgent camps who are either unarmed or only armed with machetes. In the "concentrated" towns there are only small numbers of men, the greate part of the inhabitants being women and children.

DUTY ON RAW COTTON.

Louis Mauss, Cincinnati.

The Senate Votes to Protect the South ern Product -First Instance of the Kind In the History of Tariff Framing Agricultural Schedule Considered.

WASHINGTON, June 9 .- By the decisive vote of 42 to 19 the senate adopted an amendment to the tariff bill placing raw cotton, the great product of the south, on the dutiable list? 20 per cent ad valorem. It is the first time in the history of tariff legislation that a duty on cotton has been incorporated in a

The amendment was proposed by Mr Bacon (Dem., Ga.) on his individual responsibility and without the approval of the finance committee, which thus far has been requisite to the success of every amendment, except a minor one which went through by default.

The amendment led to a spirited de bate, Democratic senators di losing a wide difference of views and at times exchanging sharp personal criticisms, On the final vote six Democrats, Bacon and Clay (Ga), McEnery (La), Mc-Laurin and Tillman (S. C.) and Rawhns (Utah), voted with the Republicans for the Bacon amendment, while the negative vote was solidly Democratic, with one exception, Kyle, Populist, The debate on cotton took up the most of the day and but little progress was made on the bill.

Early in the day the sugar schedule was passed over temporarily and the agricultural schedule taken up. The paragraph on cattle went over, but the balance of the agricultural schedule up to and including paragraph 228 was agreed to as reported, all amendments, except that of Mr. Bacon's, being rejected.

"I have used Ayer's Pills, for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."-L. N. Smith, Utica, N. Y. "I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowers. Two boxes of Ayer's Pills effected a complete cure. "-D. Burke, Suce, Me.

thirty years and consider them as in-valuable family medicine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspersia." - James Quinn, 90 Middle st., Hartford, Conn. "Having been troubled with costiveness, which soems inevitable with persons of sedentary babbs, I have tried Aver's Pills, bosong for relief. I am glad to say that they have served me better than any other medicine. I arrive at this conclusion only after a faithful trial of their merits."—Samuel T. Jones, Oak st., Boston, Mass.
