THE REPORT WILL BE ADOPTED.

Yillman Threatened to Filibuster Against the Measure-Long Debate on the Sugar Schedule Lumber Amendment Also Criticized Teller Attacked the Report.

W ASSESSMENT July 21.-The indications are that a voes will be reached in the secure upon the conference report on the tariff bill some time during tomorrow or at the latest before the close of the week. There may be a change in the conditions which will postpone a vote, but it is difficult to see what could cause it. The opposition to the ball realize that there is no possibility of precenting the adoption of the report and their present purpose is only o secure what advantage they can by exhibiting what they claim are the inconsistencies of the measure.

li is true that at one time they had some hope of being able to secure the recommittal of the bill, but a thorough canvass reveals no foundation for this It develops the fact that the Reminimum will vote solidly for the reburt and that they will be supported by louis Jones of Nevada Silver Repubn and McEnery of Louisiana, Democtal and also probably Messrs, Mantle and Sewart, Silver Republicans. They have also discovered that Senator Kyle, Populist, who is absent, has left strict instructions that he should not be

With the adoption of the report thus assured, the Democrats probably will not attempt to prolong the debate benew senator from Tennessee. will continue to ask for an explanation of the changes made by the conference, but these will not occupy a great deal

After the tariff conference report was presented to the senate but little progress was made on it beyond the formal reasing of about two-thirds of the document. Mr. Tillman (Dem., S. C., openly threatened a filitester until next December if cotton bagging and cetton ties were not restored to the free list, but the threat was regarded as omewhat facetions. The sngar amendments occasioned a long debate, during which Mr. Allison stated that the conteremos rates wers lower than those of the senate and largely in concession to the house. Senators Vest, Jones, Berry and Waste questioned this statement orging that the sagar trust secured larger benefits from the conference schedule than from any previously

The lumber amendment also brought out an animated criticism from Senators Teller and Pettigrew. When the amendments restoring cotton bagging and cotton ties to the dutiable list were reached there was a sharp protest from Senators Jones, Butler, Tillman and Bacon. Mr. Tillman expressed his ingignation at the sectionalism which had inspired the conference committee. He gave notice to southern senators that if they would stand by him they could hold the scuate in session until next December rather than submit to

Mr. Bacon characterized the restoration of cotton ties and cotton bagging to the dutinble list as indefensible fay oriusm of the north against the south. Remains to the suggestion of Mr. Tillman, Mr. Butler said he stood ready to join in any movement to hold the senate the session for a week or longer to prevent the consummation of this inimpulty against the south. I will tell the senator," called back

Mr. Titiman, "that I am negotiating with the senator from Pennsylvania (Quay) for the speech by which he ned the last tariff debate and I may be ready to start on that speech tomorrow morning."
Mr. Teller criticised the conference

committee for not carrying out the will of the senate. It was the first time, he said, that a committee had surrendered the interests of the senate without asking for instructions. He had reason to bulieve that members of the conference committee, supposed to represent the senate, had gone into the conference and worked against the senate amendment on white pine. Mr. Teller declared that the entire report should be rejected and sent to a committee representing the senate and carrying out its instructions. Referring to the bill as a whole the senator asserted that it was the meanest tariff ever

Delaney, superintend ent of public buildings, came up before the superior court here upon a motion for a supersedeas and stay of proceed

ings in the Dauphin county court. Counsel for Dr. Swallow said to the rt that the supersedeas would lmost necessary to secure justice for Dr. Swallow, as, if the proceedings were not stayed, Dr. Swallow would be orced to pay the fine, and if the court should reverse the decision of the lower court he would have no way under existing acts of assembly to get restitu-tion. It was also alleged that the charge against Dr. Swallow was not an indictable offense. Judge Rice asked counsel to present to the court in writing the points raised in the application for the supersedeas. This was done and later in the day was presented to the court, and the motion was granted.

They Have Refused to Go Out So Far. Armed Deputition Guard-Strikers on Their First Visit Threatened Violence Should They Have to Return.

CANONSBURG, July 21.-Boone mine of the Canonsburg Coal company and the mine of Cook & Son at McGovern are running without experiencing any trouble. At the mine of Cook & Son about six miners refused to go to work. They were given their tools and paid off. Six of the strikers from Miller's Run were employed to take their places. Cook & Son have no connection with or do not run a company store, as the

strikers reported. The Enterprise mine has been closed. The men refused to work because they were told that Cook's men had joined the strikers. The Enterprise mine will resume, as the men have learned of their mistake. The visit of the strikers had no effect whatever on the miners here, as they claim they were fooled last year and will not come out again. It is rumored that the strikers are gathering together again to come over to the mines today. There are 500 or 600 ready to move and others from Tom's Run are going to join them. Bloods jed may result, as armed deputies are on guard.

When the strike s v sited the mines the other day they threatened violence on their return.

DEBS' LIFE THREATENED.

He Is Told He Must Not Visit Kanawha, but Will Go, Nevertheless-The Agitation Throughout West Virginia Appears to Be a Failure.

WHEELING, July 21 .- Changes that have an important bearing upon the coal strike situation in West Virginia comes slowly. The state taken as a whole is against the strike for financial reasons, and all who have struck have been brought out under the pressure of the organizers and agitators from else-

Generally they have been shamed into striking and their minds change when the agitators move on to other sections In the Fairmont region, Debs admits that he is sorely discouraged, 76 of the Monongah men brought out having returned to work. The Fairmont managers declare that if the Watson men, about 1,000 in number, can be kept at work the other mines will be working tomorrow as usual. Debs spoke at Rivesville to the Watson men, but he was not so successful as at Fairmont and no union was organized Today he will speak at Worthington and Minersville to more

of the Watson men. It is predicted that he will have no better success. The Watsons and their men are or excellent terms and neither side has any grievance. They lead the region in production and profits and have the miners tied up in agreeable contracts to purchase cheap homes and to furnish necessaries in sickness and death. The miners have cause to like and respect the Watsons and will probably stick to Rev. John Chenoweth, who preaches to the Watson miners, says he never saw employers and men on bet-

ter terms. It transpires that Debs has been shadowed by two Finkerton men and that he has been threatened with death if he goes to Kanawha. He will go. nowever, tomorrow. A gang of 15 Italians are to arrive at Fairmont to day. They were to have worked on a new railroad, but will try mining. In the Kanawha valley there is no material change.
