The first intimation the guardsmen had of the fatility was when the boy came running up to them and said his uncle, had been shot, They hurried to the spot and found Forman cold in death, the leaden missile having gone clear through his head. A Probable Tragedy Near Greensburg On Sunday night Mike Morenski a Slavsh miner at United, Westmoreland county, a small mining village on the Se wickley branch, shot and in all probability mortally wounded John Slevenski and his wife, the former being wounded in the back and the latter in the right breast. Some time ago Morenski bought watch from Slevenski for \$10, paying \$5 on t and promising to pay the balance on next pay day, which was last Thursday. He failed, however, to make good his word. On Saturday evening Mrs. Slevenski met him and demanded the pay or the watch. He at once handed back the watch when she returned the \$5 he had paid on it Last evening Morenski went to the Slevenski residence and opened fire upon them with the above result. He then fled and has thus far evaded arrest.

The wounded persons are still living, but n a very critical condition with but little

To Yellowstone Park.

The Yellowstone National Park is unquestionably the most interesting region on the globe, for within it is displayed the wonders Indeed, this mountain-bound plateau, high up on the summit of the ground for the world's giant forces. To stand and gaze upon them in all their maryelous manifestations, the great geyser upheavals, the fierce steam blasts, the terrible leap of the river, and the awful canon, is a revelation, an experience to be had at no other point on the earth.

Carrolltown, Pa., Aug. 4, 1897. ED. FREEMAN: -Our mining population is having quite a boom in the way of work the last week as they all say they have as much as they can do. Some ascribe it to the passage of the new tariff law, but playing on the second floor of the building | the true reason is that the operators have agreed to the demands of the miners in this section and the great strike in the western portion of the state. When the strike is settled we presume to say that business in this section will fall back in its

On Thursday last our team played Patton on the Patton diamond. They did not fare so well as at home as they suffered a complete shut out.
