TARIFF LAW'S EFFECT.

Heavy Decrease In Goods In Bonded Warehouses.

CONSUMPTION ALSO INCREASED.

But the Main Cause For the Unusual Withdrawals Was In Anticipation of a Change in the Daties-An Interesting Statement Issued.

WASHINGTON, Aug. 4 .- The following statement has been issued from the treasury dep rtment :

"The advance sheets of the monthly summary of finance and commerce for the month of June, 1897, about to be issued by the bureau of statistics, shows a heavy decrease as to goods held in bonded warehouses as compared with preceding years. The causes for unusual withdrawals have been mainly in anticipation of a change in the tariff and also an increasing demand for consumption. The value of goods remaining in bond June 30 was \$18,135,723. As compared with the same day of the preceding year there is a decrease of \$34,318,619. The lowest point to which bonds in warehouses fell was in i ebruary, 1895, and, since July, 1893, the highest point to which the value of good- in warehouse has reached was in July, 1896, \$52,041,108. In anticipation of the Wilson tariff act the value of goods in warehouse rose from \$40,100,-000 in April, 1894, to \$51,292,000 in June of that year.

"The value of goods under the head of chemicals remaining in bonded warehouse June 30, 1896, was \$571,450, as against \$839,225 same date 1897. The great increase in this list is in opium, which increased from 10,728 pounds, valued at \$80,136, to 43,696 pounds, valued at \$308,113. There were heavy withdrawals of cotton manufactures in anticipation of tariff changes. On June 30, 1896, the value of cotton manufactures in bond was \$1,262,395, as against \$384,811 the same day this year. In cotton cloth the decrease was almost \$400,000, in earthen, stone and china ware the decrease was \$158,476; in the manufactures of hemp. flax and jute the decrease is heavy in the higher grades, amounting to about \$900,000. The value of fish remains about the same. The total value of fuits held was \$230,206 last year, against 50,113 this year. The decrease in plums and prunes was 4,800,000 pounds. There was a failing off of about 40 per cent-in the holdings of currants, and only 38,669 pounds of dates as against 245,368 pounds on the same day last year. The holdings of almonds decreased from 1,051,587 pounds to 516,-201 pounds. In glass and glassware there has been no marked decrease except cylinder, crown and common window glass, from 3,000,202 pounds to 1,762,813 pounds. Plate glass, however, has increased from 39,972 to 74,902 square feet. There has been but a slight decrease in the manufactures of iron and steel.

Some particular items under this head, however, show a marked decrease, as, for instance, tinplates, terneplates and taggers tin from 23,842,680 pounds to 5,286,015 pounds. There is a small increase as to bar iron, rolled or hammered, and ingots, blooms, slabs, billets, etc., of steel,

"In lead of all kinds, except manufactures thereof, there is a decrease from 11,632,456 pounds to 6,684,661 pounds. The value of leather not manufactured

decreased from \$673,102 to \$240,434. In the manufactures of leather the decrease in gloves furnished the heaviest items from \$410,086 to \$176,783. Malt linguous decreased from \$50,068 to \$10,-35. In the oil schedule the only decrease of importance is that of salid oil olive) from 33,789 gallons to 14,028 gallons. Under the head of provisions, comprising meat and dairy products. there is an increase in the value of meat and meat extracts from \$66,837 to \$159,847. The item of cheese under the head of dairy products remains about the same.

"The quantity of rice decreased from 15,554,259 pounds to 11,870,459 pounds. The salt in warehouses about doubled. There is a heavy decrease in silk and manufactures thereof, from \$8,311.-774 to \$719,981. There is substantially no change in the quantity or value of spirits in warehouses. The decrease as to sugar is particularly marked. On June 30, 1896, the value of all sugar in warehouses was \$14,557. 175 and on June 30, 1897, \$1,890,402. In the raw beet sugars not above No. 16 Dutch standard there is a decrease from 40,484,945 pounds of the value of \$912,515 to 26,960.095 pounds of the value of \$469,319. The heavy decrease is of cane sugars not above 16 Dutch standard from 542,919,492 pounds valued at \$13,008,173 to 68,751,851 pounds valued at \$1,273,094.

"Sugars above No. 16 Dutch standard decreased from 21,659,833 pounds to 5,172,451 pounds. The quantity of tobacco in warehouses June 30, 1856, in the leaf, decreased from 30,184,856 pounds (\$15,280,179) to 9,229,798 pounds (\$6,418,798). No material decrease is shown in the holdings of manufactured tobaccos, such as cigars, cigarettes, etc. Under the wool schedule there is another marked falling off particu-larly in the item of cloths. The value of wool in bond on the last day of the fiscal year is shown to have been decreased from \$6,693,283 to \$1,470,908.

"Dutiable goods have decreased from \$50,015,180 to \$16,883,790 and free goods from \$1,439,162 to \$1,251,933.

"Two causes have combined to lower the stock of goods in bond, namely, an awakening demand for consumption and changes either actual or anticipated, in the new tariff which is now a law.
