ANOTHER GREAT CURE THE CITY OF NEW YORK.

Of a highly respectable citizen, well known to the Mercantile community, by
DR. J. H. SCHENCK,
THE GREAT LUNG DOCTOR OF PHILADELPHIA.
Office N. Y. and Galeua Lead Co.,
No. 28 Nassau St., N. Y., June 1, '65.
Dr. J. H. Schenck—Dear Sir:—For over

refleen years I have been troubled with a severe cough, and usually two or three times by year with more or less hemorrhage, which together, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so far as and was advised to be prepared, so far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, directly over your office. I think short that the latest leaves your office. I think about the 16th of January
I procured a bottle of your Pulmonic Syrup
and commenced taking it freely. My feet and
limbs were very much swollen, and all the
symptoms of a speedy death seemed to accompuny my cold, I sent for my former physician,
and stated to him that I was taking your meditcines, and after showing them to him. and cines, and after showing them to him, and having tasted of them, &c., he replied: "You naving tasted of them, &c., he replied: "You can take them if you like, they will do you no harm." He said: "You know what you last summer, and I say the same Low you have any business to close up, do not put it off." He said to other friends that he "could see no how for re." and it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever being helped out of my then seem. of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly overy Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I tol-Tonic and Mandrake Pills had acted like a about the room as much as possible. I tol-lowed your advice, and to the surprise of my-old physician and friends, I seem much better than I have been for several years, and breathe ago by Dr. S.
