X. 1866. L. THE GREAT ZINGARI BITTERS. THIS WONDERFUL REMEDY was discovered and introduced about twenty years

ago-by Dr. S. Cheopsus, an eminent Eg, ptian He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the in-efficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow man, the wonderful Zingari Bitters. Theeff ct of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold megal with the following inscription-Dr. S. Cheopsus, the Public Benefactor-was pre-

This is true not only of cholera, but of nearly all other maladies, especially the different forms of fevers. The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them: This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant

ANOTHER GREAT CURE THE CITY OF NEW YORK,

Of a nignly respectable citizen, well known to the Mercantile community, by DR. J. H. S C H E N C K, THE GREAT LUNG DOCTOR OF PHILADELPHIA. Office N. Y. and Galena Lead Co., No. 28 Nassau St., N. Y., June 1, '65. Dr. J. H. Schenck—Dear Sir:—For over fiteen years I have been troubled with a several cough, and ganally two of three times. vere cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the such the land of the land the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so-far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, directly over your office. I think about the litth of January rooms at No. 32 BOND STREET, directly over your office. I think about the 16th of January I procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swollyn, and all the symptoms of a speedy death seemed to accompany my cold. I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having tasted of them, ac, he replied: "You can take them if you like, they will do you no harm." He said: "You know what I told you last summer, and I say the same now if you last summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said.) improving, and he could not understand why. My faith was increasing in your medi-cines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encourageamination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, 4my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my couch, my appearance. tonic and mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tucsday, and found me improvement. ing, and told me not to go out of my room un-til the first day of May. I took no cold while under your treatment, my appetite bocame first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I fol-lowed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up. I feel very grateful to you, and consider your

advice and medicines invaluable.
Yours, truly, T.S. SHELDON. Dr. Schenck-Dear Sir:-About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without

rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitals, and also had the advice and treatment of two other physicians, but all to no treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question.—And to think this day I am well and hearty!—I was advised by some of my friends to try Dr. Schenck's Medicines. I accordingly bought Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided change in my cough

through my whole system. The Pulmonic Svrup, Sea-weed Touic and Mandrake Pells, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Sta-Weed Tonic gave me an appetite, and every-

thing seemed to taste good: To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of phiegm and matter I expectorated, I broke out all over in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medicines enough. May God abundantly bless and preserve you, is the sincere desire of one who has been so wonderfully relieved through your agency; and if any one desires to know with regard to the truthfulness of this report, if they will call upon any of my triends, or upon me, No. 4 Dryden Place, near Thompson et eet, below Cadwalader, Philadelphia they will be perfectly satisfied with the valid-

correct. I know is to be true. Yours,
T. B. MILLER, Pastor of Hancock M. E. Church.
