This was an Abolition sheet of the rankest dye, published by negroes in the interest of the ultra Radicals, and was used to disturb the peace of the country in which it was lecated. They also declaim in the most violent manner against an unlawful exercise of arbitrary power. ANOTHER GREAT CURE N THE CITY OF NEW YORK, Uf a highly respectable citizen, well known to

THE GREAT LUNG DOOYOS OF PHILADELPHIA.

Office N. Y. and Galena lead Co.; 1.

No. 28 Nassau St., N. Y., June 1, '65.

Dr. J. H. Schenck—Dear Sir:—For over fifteen years I have been troubled with a severe cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years has ket me this. gether, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August inst I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in Jandary I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, directly over four office. I think about the 16th of January procured a bottle of your Pulmonic Syru and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accom-pany my cold. I sent for my former physician, and stated to him that I was taking your medi-cines, and after showing them to him, and having tasted of them, &c., he replied: "You can take them if you like, they will do you no harm." He said: "You know what I told you last summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and rela-tions concluded my time had come. At this tions concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed said doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still guining, you gave me called, finding me still gaining, you gave me encouragement, saying, "my symptoms were-improving; the Pulmonic Syrup, Sca-weed Tonic and Mandrake Pills had acted like a Touc and Mandrake Pills had acted like a charm." My circulation, my cough my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tucsday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate and was table me and acterities. For sale by A. D. Buchler, Gettysburg; Laughlin & Bu-hfield, Wheeling, Va; C. C.

> advice and medicines invaluable.
> Yours, truly, T. S. SHELDON. Dr. Schenck-Dear Sir:-About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without advice and treatment of a physician in one of our hospitals, and also had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question.—

Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Sea-weed Touic and Mundrake Pills, all took right hold in the right place. The all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Sea-Weed Tonic cave me an appetite, and every-

thing seemed to taste good. To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of phicgm and matter I expectorated, I broke out all oyer in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty. Five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as have not enjoyed such health for hive years as I do now, and cannot praise you and your medicines enough. May God abundanely bless and preserve you, is the sincere desire of one who has been so wonderfully relieved through your agency; and if any one desires to know with regard to the truthfulness of this report, if they will call upon any of my friends, or upon me, No. 4 Dryden Place, near Thomponents, below Coldwalder.
