CHOLERA PREVENTIVE!

X. 1866. I. THE GREAT ZINGARI BITTERS.
THIS WONDERFUL REMEDY was discovered and introduced about twenty years by Dr. S. Cheopsus, an eminent Egyptian ago by Dr. S. Curopean, physcian. He had long seen and felt the want of some remedy which would strike at the root of dis-ease, and so prevent much of the suffering which the human family was then compelled to

The great question was presented to his mind every day in vivid colors as he moved a-mong the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow man the wonderful Zingari Bitters. The effect of this preparation

All pathologists now agree that the cholers poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumu-

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects; prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhoea,

Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anaemia, Female Irregularties, Dyspepsia, Flatulency, Colic, Scrofula, &c. Price, one dollar per quart bottle. Principal Depot at the Walnut street Wharf,

For the Rapid Cure of Coughs, Colds, Hoarseness, Croup, Whooping Cough, Asthma, Difficulty of Breathing, Spitting of Blood, First Stages of Consumption, Soreness of the Throat, and all Affections of the Pulmonary Organs.

This Syrup is an invaluable remedy for the alleviation and cure of Pulmonary Diseases. It is prompt in its action, pleasant to the taste, and from its extreme nildness, is peculiarly applicable to the use of children and persons in delicate health. As an anodyne expectorant, it will always be found to be beneficial, by alleviating and arresting the several spells of coughing so distressing to the patient. The afflicted can rely upon its doing of much, or more than any other remedy in soothing the nerves, facilitating expectoration, and healing the Diseased Lungs, thus striking at the root of all diseases and eradicating it from the system.

All I ask is a trial of this preparation, as it has no equal in its effects, and never fails to give entire satisfaction to all who use it. We warrant it in all cases or the money refunded.

ANOTHER GREAT CURE TH THE CITY OF NEW YORK,

Of a highly respectable citizen, well known to Of a highly respectable citizen, well known to
the Mercantile community, by
DR. J. H. SCHENCK,
THE GREAT LUNG DOCTOR OF PHILADELPHIA.
Office N. Y. and Galena Lead Co.,
No. 28 Nassau St., N. Y., June 1, '65.
Dr. J. H. Schenck—Dear Sir:—For over
fifteen years I have been troubled with a se-

vers cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years, has kept me this in fiesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and mas advised to be prepared, so far as and mas advised to be prepared, so far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Rarly in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, directly over your office. I think about the 16th of January I procured a bottle of your Pulmoule Syrup and commenced taking it freely. My feet and and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accom-pany my cold. I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having tasted of them, &c., he replied: "You can take them if you like, they will do you no harm." He said: "You know what Lield you last summer, and I say the same if you have any business to close up, do reput it off." He said to other friends that he could see no hope for me," and my friends and rela-tions eccoluded my time had come. At this tions econcluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and tound me (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little entengage. you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me ancouragement, saving, thay symptoms were encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appe-tite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room un-til the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I fol-lowed your advice, and to the surprise of my old physician and friends, I seem much better

Yours, truly, T. S. SHELDON. Dr. Schenck-Dear Sir:-About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitule, and also had the advice and trealment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; seve.al times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. --I was advised by some of my friends to try Dr. Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I

commenced taking your medicine this difficulwhen I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swilled ; my skin was as sallow as though I had the jaundice: I felt dull, heavy and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medicines enough.
