READ WHAT DR. SCHEENCK IS DOING.
DR. J. H. SCHEENCK—
DEAR SIR:—I feel it a duty I owe to you, and to all who are suffering under the disease known as Consumption, to suggest the use of my Pulmonic Syrup and Seaweed Tonic in your case. By the blessing of God, I have cured me of this disease. The symptoms of my disease were: I was attacked with a severe cough, and it settled on my lungs; I could not retain anything I ate, and suffered with evening fevers and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels swollen, irregular and constive. I was very low spirited, and had such violent spells of coughing that I could not sleep at times for two or three hours. I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe the amount of suffering which I went through. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June, 1862, not able to sit up. I had the best of medical attendance, but my cough was very much worse, so very bad that it racked me very much. At this time I raised a large quantity of thick yellow, offensive matter, sometimes with blood, and it was generally accompanied by spasms and a burning and thick expectoration. At times I coughed so badly I would have sharp shooting pains in my left side and near, night, chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back. I was very nervous, and it would throw me into spasms. Now my physician gave me up to die. Others had my case, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bones. Then I was advised to try Dr. Scheenck's Pulmonic Syrup and Seaweed Tonic. I had it for a few days, and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were gone. I was then advised to try Dr. Scheenck's Pulmonic Syrup and Seaweed Tonic. I had it for a few days, and then I had again to call a physician for aid.
