DRAKE'S PLANTATION BITTERS, or Old Homestead Tonic, at Dr. R. HORNER'S Drug Store.

MOWERS & REAPERS.

THE undersigned is still Agent for the sale of MOWING AND REAPING MACHINES—both combined and single Mowers.

These machines can be used as Self-Rakers or Hand Rakers, as farmers may wish. They are made with *two* cutter bars, one for cutting grain with sickle knife—cutting five feet nine inches wide—and extra bar, with two knives, for grass,—cutting four feet six inches wide, having iron or wooden frames as desired.—They have two driving wheels and flexible finger bar.

The company building these machines have secured by lease and purchase, the control of all the desirable and standard patents now in use, among which are the

OHIO AND BUCKEYE PATENTS,

to which we direct special attention. In compactness, lightness of draft, excellence of workmanship and finish, combined with great strength and adaptation to all kinds of work, they will compete with, and we believe, surpass, any other machine now offered to the public.

Farmers would do well to examine these machines before purchasing any other. They will be sold as cheap as any other first-class machine now manufactured, and we warrant them to give entire satisfaction or no sale.

☞Extras always kept on hand. Specimen machines can be seen by calling on the Agent, residing on the Harrisburg road, two miles north-east of Gettysburg.

Consumptives.

READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK—

DEAR SIR:—I feel it a duty I owe to you, and to all who are suffering under the diseases known to Consumption and Liver Complaint, to let them know what great benefits I have received from your Pulmonic Syrup and Seaweed Tonic in so short a time. By the blessing of God it has cured me thus far.

Dr. Schenck, I will now make my statement to you as follows: About eighteen months ago I was attacked with a severe cough, and it settled on my lungs: I could not retain anything I ate, and suffered with evening fevers and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels swollen, irregular and costive. I was very low spirited, and had such violent spells of coughing when I laid down at night and when I arose in the morning that they would last one or two hours.

I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June, 1863, not able to sit up. I had the best of medical attendance the whole of the time. My cough was so very bad that it racked me very much. At this time raised a large quantity of thick yellow, offensive matter, sometimes with blood, and it was generally accompanied by nausea and a furred and thick coated tongue. At the time of coughing so badly I would have sharp, shooting pains in my left side and heart, night sweats, and soreness all through my whole chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician gave me up to die. Others I had, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bones. I then was in the western part of Missouri. In June last we left there for the East, and in August last we came to New York, and I was so reduced that I could only walk a little with my husband's help.—After I had been here a short time the salt water breeze made me feel much better for a time and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In November last I grew worse, and the consumption diarrhœa set in and lasted about eight weeks. We had tried all and everything that I could grasp of like a dying person for my diseases—consumption and liver complaint—but of no avail.

In January, 1863, I was brought down again on my bed, and was not expected to live the night out. My husband stayed at my side, and other friends, and they all gave me up to die. At this time every one who saw me did not think I would ever leave my bed a living woman. The first night I was attacked with spasms, and was deranged most of the time.—*A friend, Mrs. Harris, came* to see me the last of the week, and brought the Sunday Mercury. In it was an account of a great cure performed by Dr. Schenck. She read it to me, and it was so much like my disease that I asked my husband to go and see him for me. At this time I had given up all hopes of ever getting well again, and made my peace with God, to be ready whenever he called for me.

On the 27th of January, 1863, my husband called on Dr. Schenck, 32 Bond street, New York, and stated to him my case, with a request for him to call and see me, which he did, and examined me with the respirometer.—When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, both lungs are diseased, and the bronchial tub
