DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.
DUNNIX, Canada East, March 24, 1865.

* * * " I am an inveterate Dyspeptic of nore than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for mo.".

One of the most DISTINGUISHED JU-RISTS in New England writes to a friend as

fullows: "I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and ger capacity for labor, mental and physical, than at any time during the last five years." An EMINENT DIVINE of Boston, sava:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

THOUSANDS have been changed by the use of this remedy; from weak, stekly, suffering creatures, to strong, healthy, and happy men and women; and invalids can not reasonably hesitate to give it a trial. A pamphlet of 32 pages, containing certifi-cates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent rugs to any address.

The great question was presented to his min I every day in vivid colors as he moved a-mong the sick and dying, and observed the in-efficiency of nearly all the remedies then in use. Thus he was load, to think and experi-ment; and after ten years of study and labor, hapresented to his fellow man the wouderful Ziagari Bitters. Theeffect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold

praced upon the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success that it has been introduced into nearly all the

general hospitals of the old world. The old saying that an onnce of prevention is worth a pound of cure, applies with marvellous force to cholers, and therefore any remedy that will protect us against this terri-All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on
