A FEW THOUGHTS FOR WHITE MEN.

Are you in favor of denying your family the comforts of life to yearly contribute eleven millions of dollars to the support of idle and luzy negroes? Are you willing to take the money which has been earned by the sweat of

the white man's brow and lavish it upon a set of worthless freedmen? Are you content to toil and labor amid

the snows of winter and the heat of summer to keep a negro standing army of 47,000 when there is no war in the laud and nothing for a colored army to do? Do you believe there is any inecessity for a change of the Federal Constitution by which negroes are elevated to a social

and political equality with white men?

Do you think negroes were more patriotic and made more faithful soldiers than the "white boys in blue" during the war, and that they should get \$300 bounty when our white boys get but bounty when our white boys get but believed to be incorporated with men, and the latter must take care of their men, and the latter must take care of their break the force of the heavy blow it is giving their demoralized party, they are endeavoring to make it appear that "it was not much of a demonstration after didate for Governor, has accepted the nealth of the great National bounty when our white boys get but believed in favor of all the schemes."

EXTRACT PROM LINCOLN'S SPEECH

"While I was at the hotel to-day, an elderly gentleman called upon me to know whether I was really in favor of producing a perfect equality between the negro and white people. While I had not proposed to myself on this occasion to say much on this subject, yet as the question was asked me I thought I would occupy perhaps five minutes in saying something in regard to it. I will say something in regard to it. I will say then that I am not, nor ever have been, in favor of bringing about in any way the social and political equality of the white and black races—that I am not nor ever have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people; and I will say in addition to this that there is a physical difference between the white and black races which I believe will forever black races which I believe will forever forbid the two races living together on social and political equality. And inas-much as they cannot so live, while they do remain together there must be the position of superior and inferior, and I as much as any other man, am in favor of having the superior position assigned to the white race."

Such were the views of Abraham Lincoln, but such are not the views of the leaders of the Republican party to-day. They now endorse negro equality fully, and are laboring with all the might that is in them to break down every legal The Legislature, last winter, passed a barrier that has been wisely erected to law which changes the manner of voting. perpetuate the supremacy of the white All State officers voted for will be voted race. THE "DESERTER ACT" AGAIN.

WARNING TO ELECTION OFFICERS. Disunion newspapers are insisting upon it that the decision of the Supreme Court in the "Deserter Case" (Riley versus Huber) does not invalidate the act which

In the "Deserter Usse" (Riley versus Huber) does not invalidate the act which was passed by the last Legislature to carry left effect the act of Congress—the same act which was upset by the decision in question. They admit that the State act is a corollary to the act of Congress, but yet very inconsistently contend that the branches can live after the root has been destroyed. The State act says:
