MONEY-SAVING people, do not pay out hundreds of dollars for BROOMS, when you can make enough is one evening to last you a year, which will suit you better than

the hest you can buy at any place. This you can do, I will warrant it, if you will buy U. W. KELLOGG'S PATENT, which

will cost you but a trifle, and will last you your life time. Then no further expense for Brooms. It is not made of material which is liable to break; nor does it fasten with

screws. It is in no way liable to estable or tesr a person's clothes, or mar furniture. It is neither too heavy, nor too light. It is less complicated, less indor to make, and cuts less than say other, and it sweeps more gracefully. All who have used it will recommend it as

highly as pryself. Simples can be seen at any of the Printing Offices in Gettysburg, or at the Keystone House; and at John A. Snow-den's, in N-w Chester, who has purchased

territory, and is prepared to sell family or township rights to the citrzens of Straban, Tyrone and lluntington townships. Family, township or county rights can be

secured by calling on the undersigned, at I. B. Honser's Hotel, in New Oxford, or if you wait, you can purchase for your families as the agent comes round. When planting time somes, just plant a lit

tle Broom Corn Seed and be prepared to make your own Brooms, for the agent will teach yon in a few minutes, so that you can make as good a bloom as any one. L. F. DBAN,
