I EPARATOR CAPILLI.
I For restoring hair upon bald heads (from whatever cause it may have tailen out) and toreing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair reson bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or heard. Their assertions are lake, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the sparious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it uilly cornes up to our representations. If your Druggist does not keep it, send usone dollar and ye will torward it, postpaid, together with a receipt for te money, which will be returned you on application, providing entire satisfaction is not given.
