THE BALL ROLLING!

Democratic Victories in Williamsport and Wilkes-Barre!

On Wednesday last, Dr. W. F. Logan, Democrat, was elected Mayor of Williamsport, in this State, by a majority of 57, over Wallace, Radical, who last year had 104 majority. Democratic gain 191!

On the same day, J. B. Stark, Democrat, was elected Mayor of Wilkes-Barre, in Luzerne county, by a majority of 68, over Col. E. H. Harvey, Radical, who last year had 400 majority. Democratic gain 468!

In all quarters the current is turning towards the Democracy. The people are tired of agitation, high taxes and dull business. They know that the Radicals will continue excitement as a means of perpetuating their political power without reference to the good of the country, and hence the defeat of their candidates in all portions of the nation.

The results of these elections, at Williamsport and Wilkes-Barre, are certain indications of the "good time coming." The old Keystone is again ready to wheel into the Democratic line, as the second Tuesday of October next will prove.

A Clean Sweep in Kentucky.—The gallant Democracy of Kentucky have made a clean sweep of the State, electing all the State officers and every member of Congress. That is a specimen of the way the tide is running throughout the entire country.

The New Albany, Indiana, Democracy elected their entire city ticket, with the exception of one councillor, on the 7th, by a very large majority.—Mr. Sanderson, for Mayor, had over six hundred majority. Democratic triumph seems to be rolling all around the skies.

THE LOTTERY FRAUD.

The "rift enterprise" sailing under the title of the "Gettysburg Asylum for Invalid Soldiers," is severely denounced by the press in many quarters. It is pronounced a "swindle," and as having for its real object the building up of large fortunes for lottery dealers in New York and Baltimore, with probably large losses for others who have given or now give the project "aid and comfort." We have no means of looking into its machinery, and cannot therefore speak "by the book" but the public will (as we do) look upon the withdrawal of Gen. Meade and others from all connection with the concern as of great significance. We could clip column upon column from our exchanges on the subject, but the following, from the Philadelphia Sunday Mercury, must do for the present. That paper says:

"That the law is a fraud of the most aggravated character, is now universally allowed. The gentlemen whose names were used to cover up the lottery, before the Legislature, had withdrawn from all connection with it. General Meade and his associated corporations, excepting Bergen, the tool of Colby, promptly refused from the enterprise as soon as they became aware of its true nature. These eminent citizens were fully betrayed into lending their countenance to the measure under a plausible pretence of patriotism, and it is quite as certain that in dismounting themselves from a speculation designed, in its origin, to benefit one or two individuals, who intended to sell the charter of the County lottery, that New York and Maryland, they have effectually ripped the whole fraud in the bud. The act will surely be repealed or modified by the next Legislature, and nobody is fool enough to risk a dollar on it in the meantime."

FINANCIAL DIFFICULTIES.

The War Department expenses have been so heavy since the first of March, in consequence of the execution of the military appropriation bills, that the annual expenditures, it is said, for that branch of the Government alone, will exceed the estimated amount by six or six times over. Since March first the expenditures have included the Negro Bureau—\$25,000,000, and it is thought the annual expenses of the department will reach one hundred and twenty or one hundred and fifty million dollars. This shows how costly the Radical "reconstruction" scheme (building up the Radical party) is getting to be to the taxpayers. And the whole burden will fall upon the Northern taxpayers. The public debt will be largely increased, because there has lately been a large falling off of revenues, both in customs and from internal sources. To meet accruing interest on the public debt the Secretary of the Treasury will be required to borrow money or suspend the payment of bounties for a time. The financial outlook is, therefore, not the most pleasant, and all because the Radical malignants were not content to allow the country to recuperate and let political parties and the dorkies take care of themselves.

TRUE ENOUGH.

The New York Times says: "When the Democrats were in power 'It damaged a man's character by being suspected of selling his vote. Now it makes no difference.' True enough. The Democrats elected men to office for their intelligence and integrity, not for their professed love of the negro. Honesty, integrity and capability having been the touchstones to success, it was important that men should maintain unblemished reputations in order to secure position. The rule under the Radical dispensation has been different. Honesty and capability have been left out of view, and devotion to 'our party' substituted. The more villainous the means resorted to serve the party the greater claim the person has to political advancement."

Won't See It.—The Radical press refuse to see the true cause for their late defeats. If they were honest, they would at once own up to the true cause. The people are disgusted with their party. That is the secret of the great change which is going on all over the country.

The spring fashions for 1867 are very attractive—particularly the electric. The Radical party is like the female bonnet—growing small by degrees and beautifully less.

The war excitement in Europe is over. The difficulties between France and Prussia have been arranged by the Peace Congress assembled at London.

EXTRAVAGANT LEGISLATION.

Under this head, the Lancaster Examiner gives vent to some virtuous indignation at the corruption and extravagance of the last Radical Legislature. This is the more refreshing, coming as it does from the Radical organ of a very Radical county. Speaking of the Appropriation Bill, as it passed both branches and was signed by the Governor, the Examiner says:

"It is a most alarming document for the tax payers of the State to contemplate. For reckless and profligate extravagance it has never been equaled in the history of this Commonwealth."

The editor says, that "since 1864 there has been an increase in salaries in the appropriation bill, and offices alone, involving annually an expenditure of no less than from fifty to a hundred thousand dollars. Every year some trifling amount of money, or a thousand, is added to somebody's salary, or some 'friend of somebody,' is slipped into a snug place with nothing to do but draw his salary." He then adds:

"We do not intend to compare all the different items of this bill with other appropriations, but to show how several hundred thousand dollars are recklessly appropriated and how this extravagance has grown in a few years. But we will confine our comparison for the present to the items which we think will be sufficient to convince our readers that this disposition to vote away the hard earned dollars of the tax-payers has gone far enough, and that they had better be looking after their own interests in the future than they have in the past. We will compare the appropriations of 1867 with those of 1864."

"By section 27 of the appropriation bill of 1864 was appropriated for the pay and expenses of the Legislature, including pay and mileage of members, clerks, &c., \$150,000. By section 24 of the bill of 1867 was appropriated for the payment of the expenses of the Legislature, including pay and mileage of members, clerks, &c., \$355,000.—Showing an increase in three years of the small sum of ONE HUNDRED AND FIFTY THOUSAND DOLLARS. Now let us look at the bill of 1864. By section 23 of the appropriation bill of 1864 was appropriated for law judges, not including Philadelphia and Pittsburgh, \$75,000. By section 29 of the same bill is appropriated \$115,000! Making a snug increase of salaries of FORTY THOUSAND DOLLARS for judges alone."

"The two items put up the round sum of ONE HUNDRED AND FIFTY SEVEN THOUSAND DOLLARS. We merely give these two items because they serve our purpose to show at what a fearful rate reckless and faithless men squander the money of the people, and by their unnecessary and uncalled for liberality to themselves and others, divert the money of the people from its legitimate and proper use, the payment of the State Debt. Almost every section of this bill shows the same liberality towards those who draw their sustenance from the State treasury. It is a question which the people ought to be looking after, and which they ought to be expected to select their representatives. If men are elected who are either incompetent, venal and corrupt, profligate with their own or other people's money, drunkards and gamblers, it is not to be expected that they will prove either prudent or economical legislators."

CIRCULATE DEMOCRATIC PAPERS.

We do not know of any way—and we speak entirely without regard to personal interest—in which Democrats can do so much towards advancing the success of their principles, as by encouraging in every manner they can devise the circulation of sound and vigorous journals. The more political experience we obtain the better we are convinced that the keynote of ultimate victory is to be found in this idea. It has long been a stigma upon the Democratic party that it never gives its journals as liberal a support as our opponents, and to this neglectful spirit may easily be traced the secret of its past defeats, and late prostration. The circulation of every journal that has taken place since 1860, were not met with success, were beaten by those who successfully waged by our opponents had the circulation of sound Democratic papers through the country been pushed with all possible vigor. The passions of people cannot be made the foundation of political success, if the people are made to listen to arguments and reason. This can be effected in no other manner than by a wide diffusion of the press. We know not where the storm-clouds may burst. The people should be educated for the probable emergency. We will guarantee that every additional copy of a staunch Democratic paper circulated in any neighborhood will bring in a harvest of an additional freeman to vote, or, if necessary, a patriot to strike on the side of law and order. Let our friends reflect on this point, and they will see that it is well taken. So says the *Eric Observer*, and we echo every word of it.

Forney and Curtin have beat a retreat to Europe, McClure is on his way to the Rocky Mountains, and will not return until after the fall election. He said to a friend in this city, whilst passing, that he thought it a good year to leave the State, as the Republican party did not expect much this fall. It will be so consoling to say the State went Democratic in their absence. Brothers Cameron and Geary have the running of the machine, and had better be about when the bell rings.—*Pittsburg Post*.

Sounding the Death Knell.—The N. Y. *Spirit of the Times*, a radical organ which has been one of the readiest apologists of the Republican party, foresees its downfall, and thus rings the death-knell: "The Republican majority in Congress, heedless of the lessons of history, and because of the inexorable law of retribution, has taken its course, and must abide the inevitable penalties of error. Those erratic philosophers within its ranks who are already sighing that its majority is too large need sigh no more. The President will be speedily reinforced, not only by the reconstituted South, but by sufficient defections from the Republican party, to put an end to the two-thirds votes which have heretofore emburghed him."

Wilson, in his stumping tour, tells the Southern people that if they elect Radicals there will be no impediment to Southern representation. Thad, Stevens replies, in a letter to the press, that Wilson has no right to make pledges for the party and no right to perjure himself. Old Thad never did like the Republican party, and evidently don't want it restored.

Prentice, of the Louisville Journal, says that the charge that the recent Democratic vote in Kentucky was given by rebels, is palpably untrue.

NEGRO RIOTS.

The Result of a Riot in Richmond, Virginia, on the 9th. A large crowd of darkies gathered to see a trial between two fire engines. A fight took place among them, and the police arrested one of the combatants. He was recaptured but again rescued by the mob, the negroes throwing paving stones, injuring the captain of police, two sergeants and one private, very severely. The mob sought to near a thousand darkies, when Gen. Schofield sent up a company of soldiers, and went himself, but although he spoke to the mob and commanded them to disperse, his orders were disregarded. The soldiers then charged bayonets and dispersed the darkies. It is pretty evident the new-born cities of African descent do not know exactly how to use their new found privilege.

Another Riot.—Richmond, May 12.—A riot occurred in Richmond, Va., on the 11th. The negroes attempted to rescue a drunken negro from the police. Bricks, clubs and pistols were used, and four policemen badly hurt. On the 13th, a riot occurred in a company of soldiers guarding Liberty Prison were called on, and captured eighteen of the rioters.

While this was going on, another riot occurred in the same city. First a riot of colored men, and then a riot of white men. This last riot dispersed upon the persuasion of a colored jurymen. To-day mounted soldiers patrolled the streets to keep order, and squads of police were placed at intervals along the streets. This riot of the negroes to force their way in amongst the white people.

Last night, Jeddiah K. Hayward, of Massachusetts, was arrested for using language at the meeting on Friday night calculated to create a riot. His language was as follows: "After Judge Underwood leaves, you can hold high carnival, or what you please. I need not advise you what to do, for good bodies do as they have a mind to."

He was arrested on a warrant from the Mayor, and was bailed in \$3,000 to appear to-morrow. Judge Underwood told Underwood that he had heard there might be a riot to-morrow, and if there was, he would plant cannon in every street and sweep the rioters down with grape.

A Negro Company Squelched.—General Schofield has ordered the Lincoln Mounted Guard, in this city, disbanded, and has prohibited their parades or drills.

Negro Rioting in New Orleans.—A Radical mass meeting was held in New Orleans on Saturday night, the 11th. Five-sixths of the present were negroes. Judge Kelly, who presided, in a speech, declared the Negro Leagues marched in procession, and caused considerable disturbance by shouting while on the march. Nothing serious occurred until midnight, when the riot broke out. Charles Street, cleared of the white occupants by shoving their clubs through the windows, took possession, and compelled the driver to go ahead. The soldiers in the city were ordered to disperse the rioters at 11 o'clock, by order of the Chief of Police.

Riot at Mobile, following a Violent Speech by Judge Kelly.—Mobile, May 14.—Judge Kelly, of Philadelphia, made a violent speech to a large number of negroes and whites in this city to-night. He said that he would not be until Mr. Kelly began speaking. He commenced by saying he had come to discuss the rights of negroes, which they were entitled to, and he had defiance to all interference with their rights. He had the 15th regiment at his back, and if they proved inadequate for the whole United States army would not.

Judge Kelly continued in this strain for some time, and his expressions and incendiary sentences which were calculated to invite riotous demonstrations. He was here interrupted by a white man on the outskirts of the crowd, who said that he would be with the negroes, as but very few of the whites present were armed, having attended the meeting to listen quietly to Mr. Kelly, and without the remotest idea of causing a riot.

The police succeeded in quelling the riot before the arrival of the companies of the 15th regiment, who were ordered out by Col. Sheppard, and appeared as soon as they were called upon. The riot had been dispersed. Everything is quiet, and there is little or no excitement at midnight. Three men were killed, two whites and one negro, a number, including a policeman and a white boy, were wounded.

Another Riot in New Orleans.—The negro strikers on the levee at New Orleans got up a riot among themselves Thursday. The police interfered to preserve order, but were badly beaten by the negroes. The military were called out to aid the police. Gen. Mower said to the negroes: "The United States government will, if necessary, protect you through the streets of New Orleans, but it will not be protected in wrong doing."

Riot at Galveston.—At a meeting at Galveston, Texas, on Wednesday, a negro speaker drawing offensive comparisons between the races, was interrupted by a white man, who said he would be with the negroes, as but very few of the whites present were armed, having attended the meeting to listen quietly to Mr. Kelly, and without the remotest idea of causing a riot.

RELEASE OF JEFFERSON DAVIS. In obedience to a writ of habeas corpus, granted by the President of the United States, Jefferson Davis was handed over to the British Government at Richmond, on Monday last, for trial under the indictment charging him with treason. The District Attorney then said it was not the intention of the government to prosecute him. The Court, Mr. O'Connor, one of Davis' counsel, then asked that he be admitted to bail. Judge Underwood granted the request and fixed the amount at \$100,000. Sureties were promptly offered and accepted—the bond signed and Jefferson Davis was once more set free.

Among the sureties are Horace Greeley and Augustus Schell, of New York, A. Welch and J. K. Jackson, of Philadelphia. Mr. Davis and family left the same evening for New York, on their way to Canada, to visit several of his children.

"The Democratic element" seems to be rising in the West. Our friends there have carried many of the large towns, in the municipal elections, which they have not before carried for years. The Radical papers there, as well as here, have given up the business of writing obituaries of the Democratic party, finding that it is too lively a corpse for their purpose. To their minds it seems to have more lives than are popularly attributed to a cat. At any rate, though killed and buried so often, it seems good for a long life yet.

TOWN AND COUNTY AFFAIRS.

Hon. A. J. Ghosbrenner and W. H. Kowitz have our thanks for congressional documents.

An interesting contribution on Stock Raising will be found on our first page. We hope to hear from "Eagle" often.

Rev. Dr. Seiss, of Philadelphia, will deliver the biennial Address before the Philadelphia Society of Pennsylvania College, at the approaching Commencement.

BANK TELLER.—Mr. Henry S. Benner has been elected Teller of the Gettysburg National Bank. A first-rate selection, as Mr. B. is an excellent clerk, correct in everything, and of very obliging disposition. We are sure that all having dealings with the Bank will be pleased with the new Cashier and Teller.

NEWSPAPER CONSOLIDATION.—Messrs. E. McPherson and D. A. Buchler have purchased the *Star* establishment, and have effected an arrangement with Mr. Harper, of the *Sentinel*, for a consolidation of the two papers, the title to be the *Star & Sentinel*. The new firm will consist of Messrs. Harper, McPherson & Buchler. As we have been compelled to cross quills with all three of these gentlemen every fall during the last twenty years, there will be little actual change in the newspaper "situation." Whilst we wish them success in a business way, we trust, and believe, that an enlightened public judgment will always frustrate their political designs.

SUDDEN DEATH.—Mr. Daniel Goebrecht, an esteemed citizen of Union township, this county, died very suddenly on Friday week. Whilst engaged in ploughing, he fell instantly dead, though when going to his work seemed to be in the enjoyment of usual health. He was 50 years of age, and leaves a wife and eight children to mourn their sudden loss of a kind husband and father.

We learn from the Baltimore Sun that Mrs. Margaret Sturgeon, widow of the late Lindsey Sturgeon, deceased, formerly of Adams county, died in that city on the 20th ult., in the 80th year of her age. She was well known in the vicinity of New Oxford, where she was born and lived the greater part of her life, and where she left a large number of friends and acquaintances. Her father, Mr. Rubin, was the founder of the now thriving and beautiful village of New Oxford.

DIED.—The statement that a bill was passed by the last Legislature authorizing the recording of soldiers' discharges, is incorrect, as it only passed one branch—says a dispatch from Harrisburg.

RAILROAD ERECTION.—At an election held by the stockholders of the Hanover Branch Railroad Company, on Monday, the following officers were elected for the ensuing year: President—Capt. A. W. Eichelberger; Managers—John L. Jenkins, Joseph Althoff, Henry Wert, Reuben Young, Joseph Dellons and David Wert.

THE INDIAN DOCTOR, known as the Lung, Throat, Heart and Blood Physician, will remain one week longer, until the 25th of May, at the Eagle Hotel, where he will examine all manner of diseases free of charge. Such as suffer from old chronic diseases would better call and see the Doctor before he leaves.

SHREVE'S NEW GALLERY AT HANOVER, is the place to have your Pictures taken. None better, none cheaper.—Money refunded if not satisfactory.

SPECIAL NOTICE.—Dr. S. Rogers, of Philadelphia, will be at McClellan's Hotel, Gettysburg, from Saturday the 18th, to Tuesday the 21st of May instant. For further particulars see advertisement in another column, headed "The Lame Walk, the Deaf Hear!" We copy the following from the *Hargetown Mail*: "The Lame Walk, the Deaf Hear!" Samuel Underwood, of Clearspring, in this county, having had a boy to crawl into one of his cars several years ago, suffered greatly for some time, and eventually lost the use of his eyes. He called on Dr. S. Rogers, of Philadelphia, while at the Washington House, in this place, on Tuesday last, who removed the bug, (of course dead), with the surrounding matter, and caused him to hear again in twenty minutes operation. We have heard the Doctor spoken of in the highest terms in reference to his treatment of other diseases.

THUNDER AT STEVEN'S DOOR! The result of the election in Lancaster city, the home of Stevens, is ominous. It shows that the people are thinking, and that they are determined to show their disapproval of the course of the disunion blood-hounds as often as opportunity presents. It is a scathing rebuke to the sight, Thad. Stevens, and a very proper answer to his "mild confiscation" scheme. Old Thad, we set it stated, was exceedingly anxious about this election, and distributed money to the Radicals, to buy an endorsement of his treasonable course in Congress. He was sanguine of success, and so wrote to his negro-equity friends a day or two before the election, saying the issue was "negro suffrage," and that they should support Stevens' money as well as his self-born schemes. They turned out in their might, met the disunion demagogues and traitors in every ward, and routed them, horse, foot and dragons. The majority for Mayor Sanderson (570) is a gain of 241 since last October. This result, we repeat, is ominous—a good indication of the whitewash being perpetrated by the disunionists, and ere long the "traitors at the other end of the line" will be put to flight, and an indignant people will consign them to the obscurity they deserve.—*Carlisle Volunteer*.

THE MOBILE RIOT.

Some of the Radical newspapers have been charging the Agent of the Associated Press with the transmission of an unfair account of the riot which occurred at Mobile, while Kelly was in the city. They desire to throw all the blame upon the white men and to relieve the negroes and traitors in every ward, and routed them, horse, foot and dragons. The majority for Mayor Sanderson (570) is a gain of 241 since last October. This result, we repeat, is ominous—a good indication of the whitewash being perpetrated by the disunionists, and ere long the "traitors at the other end of the line" will be put to flight, and an indignant people will consign them to the obscurity they deserve.—*Carlisle Volunteer*.

THE WINECUP (CL.) Herald (Republican) admits that the real cause that defeated the party in Connecticut was its Radicalism. It says the issue was "negro suffrage," and that this defeated the party.
