DEADLY CASUALTY.—On Saturday week a daughter of Dr. Blakstone of St. Mary's county, Md., 11 years of age, having occasion to perform some household duties in the kitchen, caught fire and her clothes soon became enveloped in flames. A servant who was present attempted to extinguish the fire, but without effect, and the child in its agony rushed into the yard where its cries soon attracted the attention of Mr. Blakstone. Seeing its condition, this lady with the brave and unselfish instincts of a mother, sought to put the fire out by enveloping the child with her own clothing, but finding this of no avail, she sought the house with a view of obtaining a blanket to smother the flames. Before she had proceeded many steps she discovered her own clothing to be on fire, and all other efforts proving unavailing, she threw herself upon a bed and sought to smother the flames by drawing the covering around her. But this was without effect. The fire still progressed and soon the flames had taken their work upon both sufferers. Mr. Blakstone survived but a few hours, and the child died during the afternoon of the day following.
