JEFFERSON, Frederick co., Md., July 22d, 1867.

Messrs. Clotworthy & Co., Baltimore:

Gentlemen: The wonderful cures which have been made by your "Poulterers' Friend" can not fail to interest all who raise Poultry. A gentleman of this village has been experimenting on chickens with the gapes. He tried your "Poulterers' Friend," according to the directions, and it had the desired effect in destroying the worm, effectually relieving the chicken at once. Never then I have had many calls for it, and it has been used extensively with the same result. It is of incalculable value to all who raise Poultry.

Respectfully, A. SPENCER.

For sale by A. D BUEHLER, Gettysburg, and M. J. STINE, Emmittsburg, Md.

McCORMICK'S
MOWERS & REAPERS.

THE large and only GOLD MEDAL OF HONOR, for Harvesting Machines, and the Decoration of the Cross of the Legion of Honor, was awarded to CYRUS H. McCORMICK, over all other competitors, at the Paris Exposition in 1867. This was not one of the ordinary Gold Medals distributed to other exhibitors, but one of the ELEVEN SPECIAL MEDALS, larger and more valuable, awarded only to such articles as in the estimation of the Jury demanded some extraordinary mark of distinction for their superior excellence, world-wide fame, and universal utility.

The sales of the McCormick Machines last season amounted to nearly TEN THOUSAND, and McCormick & Bros. are now preparing a largely increased number, *with many important improvements*, for the season of 1868. The machines are popular not only because they are constructed on correct principles—principles which are at the foundation of all the other machines in the country, with more or less modifications—but also to the excellence of the materials used, and the care taken in their construction. The machines are plain and simple—no superfluities, gimcracks or new-fangled appendages, that complicate and weaken a machine—but while they have every thing necessary, or even desirable, a boy or girl who can drive carefully, can manage them as well as an old, experienced hand. Comparison is challenged with all others on the score of mechanical construction and superiority of finish, as well as in the amount and perfection of work they will do.

The manufacturers say to those who don't know their machines, "Take a machine and try it to your satisfaction through the harvest with any other machine you can get, and keep whichever you like best"—so confident are McCormick & Bros. that the machine they make *is the best in the country.*

The subscriber is Agent for the sale of the McCORMICK MOWERS AND REAPERS in Adams and York counties, Pa., and will be pleased to give all additional information desired.

Two machines are manufactured, a simple Mower, and a Mower and Reaper combined.

Extras also always Kept on hand by the agent, who will be prompt in attending to any repairs needed—but breakages very rarely occur.
