ORSCULATE THE TRUTH!

Let it be borne in mind that any one of our present subscribers sending in the names of four new subscribers, with the cash in advance (\$3 for the four,) will receive a credit of one year's subscription on his own account -in other words. Nor each new subscriber sent in, accompunied by the east, a PREMIUM OF FIFTY CENTS is allowed as a credit on present subscriptions. A number of subscribers have already paid themselves whead in this way, and many others could do the same with very little effort. Remember, that the most important Presidential contest in our history is approceding, and that a proper ealightenment of the mamou, as to Radical negroism, corruption and tyranny, will surely defeat that party at the polls. The Democratic newspapers will do this, if properly circulated. The Compiler, always in the front line of duty, will be found as earnest and faithful as ever. Democrats and Conservatives, help to spread its influence in the Cause of the PEO-

WHITE MEN, TO THE RESCUE!

In order to place the Compiler within the means of every voter in the county we have concluded to offer it for the campaign-from this time until after the Presidential election, in November-at the following low rates:

Single Subscribers.........\$1 00 each. Ten copies.......\$8 00 or 80 cents "Twenty copies......15 00 or 75 "" " This will barely cover the cost of white

paper, and we must therefore ask payment in advance in all cases. The paper will be sent immediately upon receipt of T SELL for very small profits, and aim at doing a very larger business.

Stoves, can be found a very large assorbment of every kind of Tin-Ware, Hollow-Ware, Japan Ware, Toilet and Chamber Sets, Bread and Spice Boxes, Tea and Coffee Canisters, Waiters, Coffee Mills, Water Coolers, Spittoons, Pudding Moulds, Flour Sieves, Candle Sticks, Smoothing Irons, Egg Beaters, Fruit Cans, Jelly Moulds, and a thousand other articles in the house-keeping. sand other articles in the house-keeping line-all of which will be sold at lowest eash prices. THE WORLD'S MOWER AND REAPER

THE WORLD'S MOWER AND REAPER.
This is an entirely new machine, but judging from its construction and the testimonials it has from its construction and the testimonials it has gearing is cut out of solid from making every wheeland coop excef, fitting up close, and running as true as a clock, which makes the machine nuch lighter of draft, and no cutting of cogs or wear. The gearing is all closed in a tight case the same as a which, entirely excluding water, durt, or grass, and indeed preventing everything that is calculated to prove injurious to the machinery. To oil, you simply open the lid when all the oiling places are exposed and conveniently oiled. The burs are all encased the same as the gearing and cut in the same way, and when once tightened down, there is no danger of work. The Company of an other washing losse, as is the case with other machine. The Company of the proper cure, will last a man a life machine, with proper cure, will last a man a life.
