GRANT AND THE ISRAELITES,- Jobs of all kinds-When Gen. Hiram Ulyases was in command of the Union Army at Paducah, Ky., during the late war, he ordered the Jews, men, women and children, to leave the city, not giving them time to take even their household goods along with them. No reason whatever was assigned for this harsh and unnecessary exhibition of brief authority, as the Jews had done nothing to merit such tyranny. The Jews of St. Louis, New York, and all throughout the United States, are Business Courds, about to consider what action they will take during the coming Presidential election. There are about 2,200 Jewish voters in the city of St.
Louis alone. It is not likely that the faraelites will support a man who issued an order to prescribe them as a class from the privileges of Ameri- ing line. All done with dispatch, and at res can freemen. 10(),

BAYS the Pribune of Governor Seymour: "If this man can be chosen President over Ulysses S. Grant, then the patriot blood poured out like water at Gettysburg, Vicksburg, and Missionary Ridge, in the advance to Richmond, was shed in vain " Then the war was not to suppress the rebellion, or to restore the Union, or even to emancipate the blacks; all the blood shed in the advance to Richmond—and it was "poured out like water," as Grant's loss of 117,600 out of 220,000 in a single march frightfully exhibits-"was shed in vain," unless Hiram U. Grant shall be elected President. This is reducing the results of a war which cost the country,a million lives and three thousand million dollars to a contemptible cheapness in the way of a final return for so much life and so much treasure. - World.

SAYS the Commercial Advertiser, Radical: "Governor Seymour is not to be beaten by being called a Copperhead, or Frank Blair to be distanced in the race because he is a Revolutionist. Ridicule Seymour as some Republican journals may, he is the most popular man in the Democratic party. Eternal vigilance is necessary to elect Grant." Unfortunately, the Radicals are preparing for "eternal" punish-

THE General of the Army goes his way unbonered and mnaing, and it is but rarely that he is noticed by any one except the stragglers at taverns and ticket offices. Hiram Ulysses, or Ulysses Hiram (either will do), is by large odds the heaviest candidate that any party ever undertook to carry, and if he does not break the back of the Radical party we shall be a good deal surprised.

It should be remembered that twenty-two hundred honorably discharged Union soldiers, among whom were many of the most distinguished generals of the army, such as Franklin, Stocum, Ewing, Granger, Este, Egan, and Baldy Smith, met at New York and adunted the Democratic Platform as their platform and Seymour and Blair as their candidates.

THE best sign in the world of the strength of the Democratic nominations for President and Vice Presiwith which Radical newspapers and politicians receive them. Greeley fairly foams at the mouth when he reflects upon his failure to divide the Democracy by suggestifig Chase as a

HARD UP .- Was ever a political party so hard up for argument as the Radicals? Their last is that Seymour is a very nice man, but the gallant, highminded and honorable soldier, fleneral Blair, would murder him in case imagine the people to be
