THE BADICAL TICKET.

THE RADICAL TICKET. - The Radical County Convention met in Agricultural Hall on Monday, and went through the farce of nomi-mating a ticket. The show was a very dull one, all the performers seeming to labor under the gloomy conviction that it "wouldn't pay." Josiah Benner was made President, with Capt. Jones and Vincent O'Bold ns' Vice Presidents, and George L. Deardorff and H. N. Minnigh as Sec-retarles. A desirable candidate for the Legis-hature was the big trouble. Dr.Fahne-stock was a approached, but he "couldn't see it." Col. Stewart was nextmentioned, but he, too, "very re-

Why did it cost, in exact figures, \$44, 413,151 more to support the army and navy in the year of peace 1866? Such did in the year of peace 1866? The campaign is a question of dollars, not "vipers," of hard money, not hard words. The attack on Fört Sumter has passed into the history of the year 1601; the peo-ple want to know about the Radical attacks on the public treasury and the people's pockets to-day. These negroes will as follows: If the temper of a people is to be judged by their patient endurance of enormous taxation, the people of the United Ristes are the best tempered in the world, for they certainly are taxed more heavily than any other people and make less noise about it. We have estimated that taxation by the federal government alone, indepen-dent of State, county and municipal taxes, amounts to fully fourteen dollars a head-man, woman and child-for the whole population. Take the case of a laboring man with a family of tive or six children, and it will be seen that he mays about a hundred dollars wield (including Tennessee) twenty two votes in the Senate and fifty-eight votes in the House of Representatives of the United States. political influence accorded to their own numbers, but will also wield the Blair. influence belonging to the entire white population of the South. The Radical system of white disfranchisement gives the negroes an absolute majority in most, and a practical majority in all, of the Southern States. The negro majorities will therefore speak not only for themseleves, but for the whole population of the South.

This system of Negro Suffrage and White Disfranchisement is not levelled at the Southern whites alone. It is mainly intended to hind and muzzle the white freemen of the North. It is designed to secure the election of Presi-dents by the Negro Electoral votes.

It is meant to procure majorities in Cin. Enquirer. Congress by Negro Congressional votes. It is intended to give the Radicals an apparent and artificial strength by counting negroes in the popular vote of the country.
