By H. J. Stahle.

THE GREAT BEMEDIES FOR ALL DISPASES OF THE LIVER, STOMACH, OR DI GESTIVE ORGANS. HOOFLAND'S GERMAN BITTERS

Is composed of the pure inices (or as they re mediculy termed, Litracu) of Roots, etchs, and larks, making a preparation, high-concentrated, and entirely free from alco-discatmixtures of any kind. HOOFLAND'S GERMAN TONIC Is a combination of all the ingredients of the Bitters, with the purest quality of bunda Cruz Rum, Orange, de., making one of the most pleasant and agreeable remedies ever offered to the public. Those preferring a Medicine free from Alco-olic adhmixture, will use

Hoofland's German Bitters. Those who have no objection to the comi ation of the Bitters, as stated, will use Hoofland's German Tonic.

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Timic being the most palatable.

The stomach, from a variety of causes, such as indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions decayed. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the pattent affects from several or more of the following diseases:

The sufferer from these diseases hould exvelve the greatest caution in the selection.

The sufferer from these diseases hould exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries passesses true merit, is skillfully compounded, is free from injurious juggedients, and has established for itself a reputation for the cure of these diseases. In this countertion we will submit those well-known remedies— HOOFLAND'S GERMAN BITTERS

HOOFLAND'S GERMAN TONIC PREPARED BY DR. C. M. JACKSON, PHILADELPHIA, PA. Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and be petited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver complaint, Januille, Dyspepsia, Chronic or Nervous lebility, (Dronic Durrhova, Disease of the Kitneys, and all Diseasensising from a Disordered Liver, Stomach, or Intestines. DEBILITY,

Full of solicitude for the future of our country, I come with my heart in my hand to learn the condition, wishes and intentions of the people of the Southern States—especially to ascertain the sentiments of that body of brave, energetic and self-sacrificing men, who, after sustaining the Confederacy for four years, laid down their arms and swore allegiance to the government of the United States, whose trusted and beloved leader you have been. I see that interpreting "State rights" to conflict with national unity has produced a violent reaction against them, which is drifting us towards consolidation; and also that so great a country as ours even now is great a country as ours even now is— certainly is to be—must have State governments to attend to local details or go farther and fare worse. I want to carry that pledge high above the level of party politics to the late officers and soldiers of the Union army and the people of the North and West, and to consider it and to take the necessary action, confident that it will meet

One of the most revolting outrages and a double nurder occurred neak swain's Mill, North, Carolina, one Tucsday last, which it was ever out lot to record, or which ever took place in any civilized land. Whatever opinions may have prevailed in the past in regard to African slavery, or the right of a State to secede from the Union, we believe we express the almost unanimous judgment of the Southern people when we declare that they consider that those questions were decided by the war, and that it is their intention, in good faith, to abide by their decision.
