Hoofland's German Tonic. THE GREAT REMEDIES FOR ALL DISEASES OF THE LIVER, STOMACH, OR DI GESTIVE ORGANS. HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they re medically termed, Erwach) of Roots, erbs, and Barks, making a preparation, high-concentrated, and entirely free from alco-die admissive of any kind.

HOOFLAND'S GERMAN TONIC s a combination of all the ingredients of Bitters, with the purest quality of Senta uz Rum, Orange, &c, making one of the st pleasant and agreeable remedies ever

fered to the public. Those preferring a Medicine free from Alco-je adhmixture, will use Hoofland's German Bitters. Those who have no objection to the committee of the Bitters, as stated, will use Hooffend's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the fonic being the most paintable. The stomach, from a variety of causes, such as Indigestion, Dyspepedas, Nervous Debility, etc., is very npt to have its functions deranged. The sufferer from those diseases hould exercise the greatest caution in the selection of a remeity for the one, purchasing only that which he is assured from his investigations and inquiries possesses trement; askillingly compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases, in this connection we would about those well-known remedies—

HOOFLAND'S GERMAN BITTERS HOOFLAND'S GERMAN TONIC. PREPARED BY DR. C. M. JACKSON, PHILADELPHIA, PA.

Twenty-two years since they were first in-troduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffer-ing humanity to a greater extent, than any other remedies known to the public. These remedies known to the public. These remedies will effectually cure Liver Complaint, Jaundice, Dysippsia, Chronic or Nervous Dehility, Chronic Pharristing from a Disordered Liver, Publisher of Intestines,

capling from any Cause whatever; PROS-TRATION OF THE SYRTEM, induced by Severe Latior, Hardships, Expo-sures, Pevers, &c. sures, Fevers, &c.

There is no modicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole extent, the presenter is strong properly. The properties is strong promptly, the blood is publish, the complexion becomes sound and healthy, the yellow tings is endicated from the eyes, a bloom is given to the cheeks, and the week and nervous invalid becomes a strong and healthy being.

It is a well-established fact that fully one-half of the femule portion of our population are seidon in the enjoy ment of good bealth; or that nown expression, "never feet well." They are languid, devoid of all energy, extremely norvous, and haveno appetite. To this class of persons the BITTERS, or the TOMIC, is especially recommended.

WEAK & DELICATE CHILDREN Are made strong by the use of either of those remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

with accounts of outrages committed by the negroes on the whites. Many these outrages are assaults on while temales. They are rapidly on the in crease. They are directly to be attributed to teachings of the Radients, which raise the brutal passions of the negroes, and embolden them to but. rage. Before the Radicals attempted to make the beastly negro the social and political equal of the white, such things were almost un-known in the South, but now they are common, and committed with apparent impunity. The following is one of the most recent instances where the negroes have carried out the teachings of their carpet-bag masters. We ask our Republican friends if it does not make their blood run cold? Let them reflect that all over the South, mothers, daughters, wives and sisters, as good and pure as theirs, are liable to just such brutal treatment as that recorded

We learned yesterday the particulars of a horrible outrage perpetrated near Tyner's Station by five negroes. Our Only a few days ago I received a letnast been a terror to the citizens by their numberless thefts, and their outrages upon the women of the farmers' households. On Saturday evening last, a family named Gardner, from North Alabama, arrived at the Camp Ground, as the village is known, intending to make a permanent settlement. The family consisted of Hiram Gardner, an old man of about sixty years, and three daughters, all attained to womanhood. They had traveled from their old home in a wagon containing their few personal and household of fects. Arriving in the outskirts of the village, they determined to stay there until the fellowing morning. After

the wagon and went to sleep.

About midnight they were awakened by loud noises and starting up in affright, found that a number of negroes were in and around the wagon. Mr. Cardner, a feeble old man, spoke to them. The negroes replied with oaths, and seizing Mr. Gardner, best him severely. The women seramed and afraid of assistance arriving, the negroes hastily seized them, took them

to their assistance. After a fearful night of suffering and suspense, daylight dawned. Soon after daylight : farmer drove by the helpless couple and at once went to their assistance. Unbinding them, they sum told the sad story. The farmer took them in Legislature in 1852? How did he get his own wagon and hastened back to them? What service did he render the village. The news soon spread, the Pennsylvania Railroad company

Horace Greely gave him the name of the inum caudidate, supported alone by political reny gades. Hen. Wade said that he only knew enough to talk horse, and Don Piatt said all his ideas were concentrated in Marshal Brown's paps. If these men speak the truth, and they have no motive to "befoul their own nest," is General Grant fit to be President of the United States?
