FRIDAY, NOV. 27, 1868.

CONGRESS will meet Monday week, and continue legislation in the interest of the negro.

THE negro suffrage amendment to the Missouri State Constitution is undoubtedly defeated. St. Louis, which voted a majority of 2,854 for Grant, voted 5,825 against it.

MISSOURI gives Grant over 10,000 majority, and adopts the amendment striking the word "white" from the State Constitution. The concession to the blacks is a fiction; for there are none in the State.

THE city of Galena forms two wards, East and West, and Gen. Grant's residence is on the East side. This gives twenty-eight Republican majority, while the West side gives twenty Democratic majority.

THE Democrats polled in Massachusetts sixty thousand votes. Sixty thousand "good men and true" is a very respectable and strong party in Massachusetts, and not easily to be put down by the dominant party here.

GOVERNOR—Hon. George W. Cass, of Pittsburg, Gen. Richard Coulter, of Westmoreland county, Gen. William Westcott, of Philadelphia, Hon. Hester Clynor, of Berks, and others, are mentioned in connection with the Democratic nomination for Governor.

GRANT was great even in boyhood at breaking horses. But Pretzler thinks that never before did he break a horse as a ring as a Radicalism. We will not say whether the man breaks the ring or the ring the man, or each the other.

SOME of the red hot German Radicals in the West voted the following ticket at the late election: "No President at all. Abolition of the non-interfering office by revulsion of the people through their responsible agents in Congress."

A CAREFUL estimate of the number of white men disfranchised in the State of Missouri shows the figure at fifty thousand. That is a specimen of the way the recent Presidential election was carried in the States of the South. It is strange that the Radicals are able to figure up majorities for their candidates.

ON the popular vote as it is, or was counted, Grant has a majority of only about 300,000, and to secure this, Radical Congress by force prevented three States, sure for Seymour, from voting, disfranchising more than 500,000 Democrats in all the Southern States, and enfranchising 750,000 negroes fresh from slavery and the whips.

WILL some of those Radical papers which prize so loudly of Democratic election frauds, and of contesting elections, please give us a short chapter on the mode adopted by their party for carrying on the canvass? Will they show us much money was raised and expended—who gave and who received it, and state the special use for which it was employed?

IN reference to Gen. Grant's position as General of the Armies of the United States, it is worthy of notice that when he resigns his commission, he (General Grant) says that the law creating the grade of General does not contemplate succession. When Gen. Grant resigns, the office will expire with the acceptance of his resignation. The highest rank will then be Lieutenant-General.

ONE of the latest Radical projects is to remove the National Capitol from Washington to some western city. The thousands of millions spent upon the public buildings are regarded as expended—who gave and who received it, and state the special use for which it was employed?

THE Radical party in the North are in his own party, and can be easily beaten at the polls. As John C. Cole said, "Gen. Grant is the handiwork of Governor Knowlton ever had" and the people know it.

TO BE DISMISSED—The poor ignorant man who can see nothing in his late political course, and who is a man who should have the office.—Star. "And there were nine more standing at the door, and they all said they'd take the Post Office!"

THE controversy was far higher—whether the principles of the Democratic party are to be maintained in their present form, and their full development, in this land.—Star. "And the colored voters fought nobly"—indeed they did, said—"in '64 '65 '66 '67 '68 '69 '70 '71 '72 '73 '74 '75 '76 '77 '78 '79 '80 '81 '82 '83 '84 '85 '86 '87 '88 '89 '90 '91 '92 '93 '94 '95 '96 '97
