Flower and Fruit. "How lovely," said Amalia Jane-Dolight her face illuming,

As on they wandered down the lane-"The fruit trees in full bloeming ! "How sad that they should fade so soon

And shed their petals snowy; Would they might last through May and "Amelia Jane," her love replied, 'The notion's foolish-very!

Our apple, pear, or cherry. "And so about their swift decline I am not a regretter, For though the blossom may be fine, I guess the plums are better."

We should not get, did blooms abide,

## Farm, Garden and Household.

To PREVENT HENS BREAKING EGGS BE pulverized egg shells, and keep coal ashes where the hens run.

The Maine farmer who, tempted by Joseph S. Howe says that one of the

chief hindrances to agricultural progress is the reluctance farmers feel toward giving the public the benefit of their experience, either by writing or by speech A correspondent of Moore's Rural kept 14 calves in stanchions one Winter, and found their horns "standing in all directions," Now he either ties them with a rope or lets them go loose in the as "terrible."

THEN LAWRS INTO CORN FIELDS .- Tell your subscribers to turn the lambs into the corn field on taking them from the the corn near on taking them from the ewes. They will do the corn no injury, and find there plenty of the best of food. I never saw lambs do as well as when treated in that way.

SUGAR BEETS FOR SWINE.—A writer in the Practical Farmer says that he finds the sugar beet very good to fatten his Bevier's, Rochester, have died. The other three are in a critical condition. his experience, he found that his hogs fattened earlier, with a material saving Corrage Pupping .- Warm two and a

half tablespoonfuls of butter, stir in a teacup of white sugar and two eggs. Put two teaspoonfuls of cream tartar in one pint of flour, add a teaspoonful of soda dissolved in a cup of milk; flavor with large or wardle.

Put from 10 to 20 drops of spongia tosta on the tongue of the animal in the

knife scrape off the outer skin, and cut transversely into little pieces, being sure to remove any fibres that adhere, just as you do in stringing beans. To each pound of this substitute for fruit allow half a pound of sugar if for immediate use, one pound if designed to keep as preserve. The addition of a little grated lemon rind is esteemed by most persons a great improvement to the flavor. Spice of any kind, however, may be added if fancied. This is the most common use to which rhubarb is put.

per acre next month, had not better be plowed up and prepared for a crop of corn fodder, which will certainly produce two to four, and possibly five exist tuns of feed, equal to average hay. A sod turned down before the 20th day of June may be relied upon for this yield, and may be cleared in time to prepare for a crop of winter wheat to be sown in Septence of which will certainly produced the present seatons of the fourth and Madison the Fourth and Madis

A Prairie Farmer correspondent finds a cure for striped bug in paris-green and calcined plaster, in the proportion of one of the former to fifteen of the latter. high prices, disposed of part of his hay last Fall, and "economized" to make up the deficiency, has just sold 17 hides.

""" the mselves, if they are still undecided, dairymen and other farmers should put in a small piece each year and carefully the results.

ball was played in Williamsburg, the Mutuals defeating the Athletics by a Mutuals score of 3 to 2.

have tried the following, and cured a horse that whistled badly. The recipe was furnished me by a skilled horseman.

Put from 10 to 20 drops of spends.

As English lady in the City of Birmingham has been made to pay a fine of £20 for giving an undeserved "recommendation" to a discharged domestic.

Before his dark.

Each one by turns walked along the whole of one battalion, every soldier administering to him a blow with rod with full strength. A thousand lows fell, and then each miserable, torn, ton. bleeding victim was sent back to receive another thousand. On the third journey they all fell dead. Sierocinski had been kept until the last, that he might behold kept until the last, that he might behold the tortures suffered by his friends. A comilitary surgeon tendered him a small vial, containing some drops of cordial, which he refused, crying—"I want not your drops. ¡Take my blood and drink it!" He started on his fearful journey, singing, Miscrere mei, Deus, secundum magnam miserecordiam tuam, and his wild accents were gradually lost in the loud thud of the streke striking his bare flesh, and in of the sticks striking his bare flesh, and in the loud words of command of the general shouting, "Strike harder! strike harder!"
When Sierocinski received the first thousand blows he fell fainting, his blood 45 per cent.; dripping on the snow. He was placed Saltpetre, crude, upright on a sledge, and tied so as to exose his back to the full weight of the escending rods. The unhappy man continued to groan until he was dragged four times before the battalion. He then be-

dislayed in it. Work this into a dought then rab into the dough half a cup of Dutter. Knead well; cut off small bits, like and the summer into bisentis; lay them in the bisen Too Much.-General John B. Rose,

statistics, very few farmers in Massachusetts are making more than a living out of their farms. The average wages of agricultural laborers per month, with board, is \$27.52—without board, \$44.82; of women, with board, \$12.17—without board, \$26.39. These women usually do household and dairy work, though in with a box of matches, a horse pixtol, and ousehold and dairy work, though in with a box of matches, a horse pistol, and
