the shore, each of the spaces at right angles, fastened at the bottom with es, and floated at the upperedge by logs of cork or other light wood. A prosecution immediately after the court single net of very wide meshes fastens convened, at 10 a. m., and its delivery the whole to the shore. This arrests the fish, drives them into the outer room (bordonaro), which is raised a short recess Judge Davis began his charge, which occupied 3½ hours. He trifle and closed by the boatman keeping watch. Frightened, the tunny, ing watch. Frightened, the tunny, in trying to escape, enter the next room the last (corpo) they stay until it is full—two or three days sometimes—when the netis weighed, and they are dextrously dispatched with hooks and harpoons by the fishermen, who go out in the state of the gave the definitions of murder in the various degrees under the new law, and stated wherein they differed from the former law on the subject. The evidence on both sides was then reviewed. On the questions of the state the fishermen, who go out in flatcomed boats for that purpose.

Commodore Vanderbilt's Last Move.

The Albany Knick says that Vanderilt has made a proposition to Captain . J. Austin, the well known owner of the Austin towing line, for a purchase of that immense institution, which, in itself, is a nice little fortune to any man. The property of the line is to-day valued at \$700,000. It consists of nine powerful steamers, fifteen staunch barges, and the real estate owned and occupied by the line on the pier. His object is to form a complete line, by railroad and boat, from Buffalo to New York for the shipment of freight, which the increased facilities of the Central road must necessarily create. Vanderbilt is to build an immense qua at the Albany basin, and run his cars directly to the boats, to assist in unloading the freight business of the Albany and New York boats. Vanderbilt is also to build two New York passenger k-bats. These will cost \$500,000 each, and will be arranged for the accommodation of the public from stem to stern,

How to Drive a Horse.

Young man, I see you are about to take a drive, this morning, and will of-er you some advice. Your horse is estive and wants to be off before you are ready; you may as well break him of this now as at any other time, and hereafter you will find it has been a half hour well spent.

Just give me the reins, while you put

your foot on the step, as if to get in; the horse makes a move to go; en the reins and say 'whoa. Now put your foot on the step again; the horse makes another move; I hold the reins and speak to him again. The horse is getting excited. Pat him a little on getting excited. Pat him a little on the neck, and talk to him soothingly. Put your foot on the step again, and repeat this process until the horse will stand still for you to get in, and adjust

der before starting.

Now as your horse has just been fed,

Mix, but do not boil. Fut the nams in a barrel and pour this over them, and keep them covered with it for six weeks. If more brine is needed, make it in the same proportions.

drive him at a very gentle pace for the first two or three miles, until he warms up and his body becomes lighter. But, before you start, let me show you how to hold the reins. Take them in your For smoking hams, she gives the lot-lowing directions: Make a small build-ing of boards, nailing strips over the your hand, have them by equal to cross each other in your hand, the off side one resting out the cracks to confine the smoke. Have within cross sticks on which to hang the hams. Have only one opening at top, and one in the middle of the floor. Set it up so high that a small stove can be set under it, with the smoke-pipe entering the floor. Change the position of the hams once or twice, that all are treated alike. When this cannot be done, use an inverted barrel or hogshead, with a hole in the bottom for the smoke to escape, and resting on stones.

s of walnut wood are next most gentle manner, what you want him best. Keeping a small fire a longer time to do, and he will try to do it. So noble is better than quicker smoking, as too much heat gives the hams a strong taste, and they are less sweet. opening the leaves carefully with the fingers and giving them a sprinkle of this to inspire confidence, and when common salt. An extra advantage in that is gained, he is your humble sertemptuously after her, as she stood at this treatment is that thus used the heads grow larger and more solid. The New Tactics.

A lecture was recently delivered before the United Service Institution, in London, by Captain Brackenbury, of the Royal Artillery, in reference to the new tactics which the modern breechloader is foreing upon the various ward departments of Europe. He said that when reinterment began even Church.

Our neighbor Church was married four times, and his wives were all the necessity and the advantage of life insurance, and will greatly increase, as the war did, the number of persons seeking insurance. It is a good time now for any one fitted therefor, to secure the agency of a first-class company. The National Life Insurance of the United States of America, chartered by When re-interment began even Church. the bones unfortunately got mixed, and when re-interment began even Church himself was unable to tell which was Emily and which was Hannah. After doing the best he could, he had the four graves closed; but, being a strictly accurate man, he felt that it would be wrong to use the old headstones when he was not by any means certain that the strict was all under her tomb.

United States of America, chartered by Congress, with a capital of one million dollars, and charges for insurance only agent or policy-holder may well be proud, and we cheerfully advise all persons looking for insurance or for employment to address that company at the Reapeh Office in Philadelphia.—Com. strange marriage, and sudden death, altogether make a story that is being widely discussed, and it excites great comment and conjecture.

A Verdict of Murder in the Second Degree.

In the Walworth case the Judge delivered an exhaustive charge, and the case was given to the jury. The audience, in spite of the intense heat, was very large. The prisoner sat, as usual, by his mother, his brother and sister, "Pahaw " said Mir. Mortin and in the same of the intense heat, was very large. rays. For this reason, whilst woodlands under civilized supervision are conducive to health, wild forest growths where the oversaturated soil is cumbered with underbrush may give rise to malarial country about the same time, and Jacob, and supervision are to this country about the same time, and Jacob, and supervision are to this country about the same time, and Jacob, and supervision are to the winding to sum a state of the winding to sum a supervision are conducted in the supervision are underbrush may give rise to malarial emanations. But, beyond this, foliage, has a more direct power of condensing moisture from the atmosphere. The leaves of an average forest tree conjointly present a surface of something more than half an acre, and the temperature of this great surface is kept below that of the surrounding air, not only by the continual process of "vegetable evaporation," but by radiation of heat when the sun's rays are withdrawn. Hence the strata of air intruded between the leaves are cooled so quickly as to part with a portion of their moisture, just as the outside of an icod-water pitcher receives a depoisit of dew from pitcher receives a depoisit of dew from the surrounding atmosphere.

KIDNEY DISEASE, DROPSY, and all diseases the Kidneys and Bladder, can be cured by the un

Borofula, and Serefulous Affections in all their forms are cured by Dr. Jayne's Alterative, and by persisting in its use, the taint is driven from the

advance in Medicine, every new remedy has encountered an opposition, which is the test of truth. Galen and Jenner only were believed when they had proved their discoveries against opposition. But men are observing, and benefits always make believers. No incredulity can stand the silent argument of good results. When Dr. Walker pro that he had produced from the medicinal herbs of California an Elixir that would regenerate the sinking system and cure diseases not organic, the incredulous shook their heads. Yet his VINEGAR BITTERS is now the Standard Restora-tive of the Western World. The truth could not be resisted. Under the operation of the new remedy, Dyspergained their health, appetite regained their health, appetite and strength, the Bilious and Constipated were relieved of every distressing symptom; the Consumptive and Rheu-matic rapidle symptom; the Consumptive and Rheu-matic rapidly recovered; Intermittent and Remittent Fevers were broken up; the taint of Scrofula was eradicated! Who could gainsay facts like these? Not even the Faculty. Skepticism was routed. All doubts as to the claims of the Bitters to the first place in the first rank of modern medicines were silenced, and this wonderful preparation is to-day the most popular Tonic, Alterative, and Blood Depurent ever advertised in America. In common with other journalists, we are free to add our testimony

summers hotter and dryer; but they exercise more recondite and more potent functions than these as regards both comfort and health. In the first place, as every educated reader knows, no difficulty about any one enjoying it who wishes to.—Dio Lewis.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the na-tive herbs found on the lower ranges of the Sierra Nevada mountains of Califor-nia, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost inity asked, "What is the cause of the apparalleled success of VINEGAR BIT-ERS?" Our answer is, that they remove he cause of disease, and the pat overs his health. They are the great lood purifier and a life-giving principle, perfect Renovator and Invigorator f the system. Never before in the istory of the world has a medicine been compounded possessing the remarkable qualities of Vireoar Bittrees in healing the sick of every disease man is helr to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Billous

The properties of Dr. Walker's (1980 as Bitters are Aperient, Diaphoretic, arminative, Nutritious, Laxative, Diaphoretic, edative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VIN-EGAR BITTERS the most wonderful In-No Person can take these Bitters

according to directions, and remain long unwell, provided their bones are not de-stroyed by mineral poison or other means, and vital organs wasted beyond Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkan-sas, Red, Colorado, Brazoc, Rio Grande, anoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during sea-sons of unusual heat and dryness, are some of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, earting a powerful influence upon these various organs, is easentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Yinegar Bitters, as they will speedful remove the dark-

DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspensia or Indigestion, Head-

Dyspepsia or Indigestion, Head-ache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitatation of the Heart, Inflammation of Lungs, Pain in the region of the Kid-neys, and a hundred other painful symp-toms, are the offsprings of Dyspepsia. One bottle will prove a better of its merits than a lengthy advertise

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Boitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old nflammations, Mercurial Affections, Old fores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Dis-eases, Walker's Vinkoak Bittens have shown their great curative powers in the most obstinate and intractable cases. For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, D

Mechanical Diseases. -- Persons et Mechanical Diseases.—Persons engaged in Paints and Minerals, such as
Plumbers, Type-setters, Gold-beaters, and
Miners, as they advance in life, are subject
to paralysis of the Bowels. To guard
against this, take a dose of WALKER'S VISBOAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples,
Pustules, Boils, Carbuncles, Ring-worms,
Scald-head, Sore Eyes, Eryspelas, Itch,
Scurfs, Discolorations of the Skin, Humors

scalu-nead, Sore Kyes, Eryspelas, Iteh, Scurfs, Piecolorations of the Skin, Humora and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Pitters. Pin, Tape, and other Worms,

rin, Tape, and other worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminities will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleans the Villated Blood when

creamse the villated blook whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
