THE CENTRE REPORTER

THURSDAY AUG. 21, 1873.

## LOCAL ITEMS.

**LOCAL NEWS.**—Our friends, everywhere, will oblige us by sending us local news of interest.

**CIRCULATION.**—The circulation of the REPORTER, on this side the county, is larger than that of all other papers in the county. Business men will therefore find this one of the best advertising mediums. We invite all interested to come and inspect our list for themselves.

**REMITTANCES.**—All monies for subscription will be credited on the subscriber's address, each week: by referring to which our patrons can at all times see how their accounts stand, and a receipt is by this system carried upon each copy of the paper.

——It bro. Goodlander will inquire of his P. M., he will find we were prompt to "reciprocate."

——Mifflinburg has a female barber, says an exchange. Female *Barbers* are nothing rare in that locality.

——The Reporter seems to come handy in some places from which to copy reports &c., without credit.

——Mr. Wm. Smetzler, of near this village, killed a rattlesnake, a few days ago, which had 15 rattles. This kind of vermin seems to be unusually plenty this year. They will grow larger and more numerous, it would seem, as the *rattlecal* party continues in power. Therefore vote the democratic ticket if you are opposed to rattlesnakes and the other evils.

——A full day's rain on Monday last. Fine weather for ducks last week and this.

——The lightning struck and went down the rod at the house of Mr. Koch, near this place, a few days ago. The only way to prevent such accidents is by removing the rod when a storm approaches.

——The valuable farm of Samuel Spangler, dec'd, in Potter twp., is advertised in the Reporter at private sale.

——Messrs. J. Gramly and Jer. Haines, Executors, offer the valuable farm of Geo. Gramley, dec'd, in Sugar Valley at private sale. See advertisement in Reporter.

——Rev. Williams' sale at Boalsburg, August 23rd, 3 acres land, 1 horse, 1 cow, buggy, wagons and house and kitchen furniture.

——Geo. Bower, Adm'r, will offer the farm of Mich. Kreamer, dec'd, in Haines twp., at public sale on 22 Aug. See advertisement in Reporter.

——An affray, arrising out of a dispute about some land, occurred at Julian Furnace, on Friday, 15th inst., between two men, Hard Richards and John Williams, which will no doubt, prove fatal to the latter. Richards struck Williams in the head with an axe, causing a wound from which the brain oozes, and it is thought he will die from the effects. Richards immediately delivered himself up and was lodged in jail at Bellefonte.

——A week or two ago we sent out accounts, upon yellow slips, to such as we should be pleased to have pay up amounts due on Reporter. We trust such notices will receive early attention, as on our side we do a strictly cash business—we pay cash for labor, and must pay cash in advance for ink, type, and every sheet of paper we send to our subscribers. This is the proper way to do business and we know of no other business man or firm in the county that can say as much, and we should be pleased to have our patrons see the necessity of paying attention to the slips sent them.

——During the thunder storm on Tuesday afternoon, 12th, the barn of Jacob Gray, in Halfmoon twp., was struck by lightning and destroyed with all its contents, consisting of this year's entire crop of hay and grain, and some implements, saving only a few horse gears and about 50 bushels of wheat. The horses and other live stock were also rescued. The loss may be estimated at about $2500. Mr. Gray had an insurance of $700 upon the building The contents of the barn belonged to Mr. George Pottsgrove, tenant and son-in-law of Mr. Gray, who had no insurance, and who will consequently suffer keenly from this misfortune. A new top-buggy belonging to a party of Centre Hall, was in the barn at the time and also burned. The barn had been roded at one time but these protectors were allowed to go down by neglect. Mr. Pottsgrove and his hands, when the storm came on, were engaged in the barn at cleaning up, and feeling alarmed, he proposed they would quit it and go to the house, and barely reached the porch when the barn was struck.

——A lot of carpenter tools, belonging to Mr. Daniel Kimport, of Ferguson twp., were stolen from his shop one night last week.

——William, a son of John Foster, of near Oak Hall, was thrown from a buggy, one day last week, and received some serious injuries about the head.

——A boy named Witner, aged some 15 years, son of Wm. Witner, of near Filmore, was killed by lightning during the thunder storm, on Tuesday afternoon, of last week. The boy was engaged at cleaning the stables when the sad accident happened.

——David Confair, says the Lock Haven Republican, from Marsh Creek, Centre county, was arrested by Westbrook at McKinney's market on Monday evening, for exposure of person and drunkenness. He resisted, the officer, kicking and striking, but by the assistance of Mr. McGhee and an officer's billy he was brought under control. Tuesday morning he was arraigned before Alderman Batcheler and paid fine and costs amounting to $7.

——The Milroy correspondent of the Lewistown True Democrat writes to that paper as follows:

Several capitalists have been to Milroy within the last few weeks looking up ore lands and furnace sites. It is said they discovered an inexhaustible body of good iron ore just above the toll-gate on the Bellefonte and Lewistown pike. Some of the parties who visited the place appear to think that that entire mountain is one great heap of iron. It is possible there will be several furnaces erected near Milroy, inside of the next two years, as everything is favorable. We hope the day is not far distant when the hum and din of furnaces and rolling mills shall wake up these lofty hills around this beautiful and quiet town.

——S. Aley's shoe store, at Jacksonville, was robbed of $30 worth of goods, a short time ago.

——"Gen." How-cum-you-so-Yocum, requests the Tuten Republican to say he is not a candidate for Senator.

——The Bellefonte radical papers have notices stating that the following patriots will accept offices, viz: John J. Irwin, jr., will take senatorship; A. R. Barlow, Levi Miller, Dr. Stewart, R. M'Farlane and R. B. Barger will agree to be elected to the legislature; Wm. Stover, of Haines, J. A. Daily, of Curtin, A. D. Swartz, of Benner, Capt. Dunlap of Ferguson, D. P. Shope, and James A. Lingle, for Co. Commissioner, and for Treasurer are J E. Mitchell of Benner, W. W. Rodgers of Walker, Geo. A. Bayard of Bellefonte, and for Jury Commissioner, John S. Foster of Harris.

——The "grasshopper twist" is the name of the latest fashionable contortion among our ladies.

——The Credit Mobilier party of this county will hold its convention for making county nominations, on Tuesday, August 26.

——Wm. Ross, Esq., near Linden Hall this county, within about one mile of L. C. & S. C. RL., has discovered a large vein of iron ore. He has sunk a shaft 33 feet into the bed of ore and is not through yet. It is reported to us as the best pipe ore ever discovered in this country.—*Rep.*

——On last Sabbath forenoon the laying of the corner-stone for the new Evangelical church in this town took place. The day was very fine, and a large concourse of people was present to witnss the ceremonies. The sermon for the occasion was preached by Rev. Sloat of the Nittany circuit. The divine services were held in the Reformed church, which was crowded to its utmost. The ministers participating were Rev's Young, Longsdorf and Sloat. After the services in the church were concluded, the congregation proceeded to the ground where the new church is to be erected, and where the customary ceremonies attending the laying of a corner-stone were performed. In the stone were placed in order as follows: A copy of the Holy Bible; one copy of the Ev. Hymn Book; one copy of the Discipline of the Evangelical Church; one copy of Der Kinderfreund; one copy of the S. S. Messenger; a Synopsis of the place; one copy of the Ev. Messenger; one copy of the Chr. Botschafter; one copy of the Ref'd Church Messenger, on account of the brotherly kindness shown by that denomination here in allowing them to use their church; and a copy of the Centre Reporter. Several hundred dollars were collected upon the occasion. The cost of the new church will be about $3500, of which about one half had been previously subscribed.

——On Thursday evening, 21st., the Excelsior society connected with the Normal school, will give a free literary entertainment, to which all are invited.

——One of the most valuable and desirable mill properties on this side the county—Centre Mills, in Brushvalley,—is advertised for sale in another column of the Reporter. It is upon a never failing stream of water, and in one of the best wheat growing sections. Mr. Throne, the present owner, wishes to dispose of this property because the state of his health requires him to quit the milling business. By reading the advertisement any one will see that a rare chance is offered to such as desire to to go into the milling, store or lumber business.

——The firm of James Thompson & Sons at Milroy has been compelled to suspend on account of financial difficulties, principally arising from a heavy depreciation in the value of woolen goods of the kind manufactured by them.—Lewistown Gazette.

——We see nothing in the late fish law that prohibits catching suckers—it is unlawful to catch trout, black bass, and a few other kind of fish, with any other device but hook and line, while suchers and the kinds of fish not specially mentioned in the act, are not thus protected

——Never forget Ruhl's grocery, when you go to Bellefonte. It is opposite Hoffers, and the place where you find the largest and most complete stock, always fresh, and cheaper than elsewhere. Ruhl's grocery is headquarters always.

——D. F. Luse, and Wm. Neff, inventive geniuses of this place, are both at work, each for himself, upon improvements in reaper and mowers. May they both reap abundantly and have good "side deliveries."

——Mr. D. F. Luse, on Tuesday, brought two green pippin apples, of last year's crop, to this office, which are as hard and sound looking, as though just plucked from the tree; and we have reason to believe they would hold out another six months. These apples grew in the orchard of Mr. Felix Burkholder.

——A correspondent at Potters Mills, sends us an account of the great storm which recently visited parts of this county:

On Tuesday, August 12th, near about 12 o'clock, noon, distant thunder was heard in the west, which was the signal of an approaching storm The cloud approached on its eastward march, following the line of the Seven Mountains, until it reached the gap at Potter's Mills, at which place it rushed through with the sound of the roaring of some great cataract.

But a few seconds later we were visited by one of the most terrific and destructive hail storms, that ever passed over this section of country, demolishing every thing that came into its line as it passed through George's Valley, leaving the corn fields almost without a blade or tassel, and cutting the ears to the ground. Clover fields that were growing for seed, after the storm looked as if cut with a mower, oats laying in the swath was threshed from the straw. Garden vegetables were entirely destroyed nothing remaining of cabbage but the bare stumps; tomato tops with its fruit were cut to the ground and destroyed; cucumbers were split in two, in short every thing in the vegetable line was destroyed, together with breaking of window lights, uprooting of trees and scattering of fences as the storm moved on its eastward march. Its damage can hardly be estimated. The ground, after the storm, was white with hail, some of which were as large as hulled walnuts. In hollows where the water had washed them together, there were piles of them in the evening at six o'clock a foot deep. W.

In Penn and other parts of Gregg, the effects of this storm were similar to the above account.

The local option fines at the last Blair county court amounted to $630. Six were fined $100 each, and another $30, and about 39 others are under bail to appear at next court.

——The semi-annual Report of the L. C. & S. C. RR., up to the 31st of June shows a very remarkable increase of receipts over any previous report for a similar period. Trade and travel on this line is increasing with unlooked for rapidity.—*Chronicle.*

The Democracy of Union County nominated the following ticket on Monday: Senate, A. H. Dill; Assembly, Martin Rudy; Sheriff, Chas. D. Cox; Treasurer, Aron Wetzel; Commissioner, J. Schrock; Jury Commissioner, Thomas, V. Barber.

## SUNDAY SCHOOL CELEBRATION.

The Union Sunday School in George's Valley, met in the church, on last Saturday, at 9 a. m. The exercises commenced with singing an appropriate piece of music by the school. The audience was then entertained with three appropriate addresses by Revs. D. M. Wolf, C. H. Reiter and J. K. Miller. The addresses were interspersed with excellent and heart-cheering music. The scholars and teachers are truly worthy of the highest commendation for the able manner in which they acquitted themselves in entertaining the audience with their excellent singing. After these religious exercises were over, in the church, the school and the whole audience then marched in regular procession into the grove, close to the church, where a table 96 feet long was put up and loaded with the rich and good provisions of God's providence, of which all were cordially invited to partake. The ladies, truly, deserve a good share of praise for their culinary skill manifested in the preparation of those eatables in so good and excellent a manner. After eating, the children and others embraced the opportunity to engage in physical exercise. Three swings were put up for this purpose. Others enjoyed themselves in a social way, by devoting their time in speaking on different topics of the day. The occasion was a pleasant one, and the time well spent. At about 5 o'clock the audience dispersed, and returned to their homes. The number in attendance was respectable. C. H. R.

When you make a mustard plaster, use no water whatever, but mix the white of an egg, and result will be a plaster that will "draw" perfectly, but will not produce a blister even on the skin of an infant, no matter how long it is allowed to remain upon the part.—Ex.

——The local optionists in Clearfield county are preparing to take active measures to enforce the provisions of the law.

——Dr. Hurlbut, of Lewistown, was attacked last week by four highwaymen in the river bridge at that place, who demanded his money. He knocked one down when they all fled.

Friday last Jacob Ort, of Lewistown, says the Democrat, adjoining town, sued R. M. Cooper, both residing on Huling's ridge, for damages, the latter's cows having got into a field of corn belonging to the former. After hearing the witnesses on both sides, Esq. Elberity decided that Ort's fences had not been kept in proper repair, and, therefore, rendered a verdict for the defendant.

The first items at the head of the column in the Harrisburg Journal, day after the meeting of the Radical Convention were: There was a great deal of drunkenness in the streets, last night.

Horse thieves are operating throughout the county.

Several of the shoulder-hitters have left the city.

BLEEDING AT THE NOSE.—A correspondent to the Scientific American says, "The best remedy for bleeding at the nose as given by Dr. Gleason, in one of his lectures, is a vigorous motion of the jaws, as if in the act of mastication. In the case of a child, a wad of paper should be placed in its mouth and the child instructed to chew it hard. Of course an adult does not need the paper. It is the motion of the jaws that stops the flow of blood. The remedy is so very simple that many will feel inclined to laugh at it, but it has never been known to fail in a single instance, even in very severe cases.—*Ex.*

## INDIAN FIGHTS.

The following information of Indian fights has been received at the headquarters of the army.

Fort Concha, Texas, July 30, 1873.—The Indians are at their old work again this morning. Two of my hands in company with several others, on their way from New Mexico, were stopped on the Pecos river, about thirty miles above Horsehead crossing, by about thirty Indians from Fort Stanton reservation, and showed passes for forty days to hunt on staked plains. You know what that means Four days afterward the Indians ran off fourteen mules from Pecos station, killing the herder, a Mexican, and four nights ago one hundred and forty-three horses were stolen from the herd of Brady. At my stock pen the property of J. M. Canby, Dick Robertson, John L. Chism, and P. Fibash, nine thousand head of cattle, had to be turned loose.

The Indians are also reported very bad east of here.

(Signed) JAMES TRAINER.

Additional particulars have been received at the war department from Lieut. J. Wheelan, commanding at Camp Palmer, Wyoming territory, in regard to the Indian raid on the settlers on the Popogie on the 23d of July, and the murder of Mrs. Hall and Mrs Richards.

These two ladies lived near the site of Camp Brown and were outraged by the Indians first and then killed. After robbing the house of all available, the Indians drove off the stock. They took the opportunity to make the attack when most of the men were absent in the mountains, and did not attempt to interfere with the few men in the valley behind. Mrs. Richards was killed outright, but Mrs. Hall lived many hours though insensible.

Lieut. Wheelan took the trail and vigorously pursued the Indians, marching sixty-miles the first twenty-four hours. After another march of thirty-five miles, a terrific hailstorm took place, which entirely obliterated the trail. The Indians, finding they were pursued, scattered in all directions, and the pursuit had to be abandoned.

The Indians were Sioux, from the vicinity of Fort Fetterman.

## RAILROAD HORROR.

### A Terrible Accident in Illinois.—Eleven Persons Killed.

Chicago, August 17.—A terrible accident occurred at half past ten o'clock last night near Lemont, on the Chicago and Alton railroad, an incoming freight train colliding with the south bound express passenger train, almost entirely wrecking the latter, killing six persons outright and fearfully injuring some thirty-seven others, some of whom it is said will die.

Chicago, August 17.—The total number of killed and those who died of their injuries by the collision on the Chicago and Alton railraid near Lemont last night is, up to three o'clock p. m. to day, eleven and of wounds thirty-five.

### Accident on the Chicago and Alton Railroad.

Chicago, August 16.—A collision, resulting in the total demolition of fifteen or twenty freight cars and two passenger cars, occurred last night on the Chicago and Alton railroad, six miles south of Bloomington, between a freight and excursion train. Three men were badly hurt, and two are supposed to have been killed and are still in the wreck. Criminal carelessness, it is said, was the cause of the accident.

## MURDER BY ROBBERS IN ARIZONA—LYNCH LAW INVOKED. AND FOUR MEN HUNG

San Francisco, August 16.—At Tucson, Arazona, on August 9, Pedro Negras and wife, pawnbrokers, were murdered. Six men have been arrested on suspicion, and one of the number, L. Cordova, has confessed implicating two others. They were compelled to tell where the plunder was concealed, and four of the murderers, John Willis, Corvado, Lopez, and Laynarina, were hanged by the mob on a scaffold erected near the jail.

Ex-President Johnson, it is reported, is prearing to run for Governor of Tennessee as a stepping stone to a seat in the United States Senate.

Wilkesbarre, Aug. 12. Mrs. E. Yost died in this city to-day, aged 105 years. She was born in Germany.

## IMPORTANT LAWS

IMPORTANT TO CATTLE OWNERS.—The Norristown Herald has the following article on one of the sources of railroad accidents which may contain something of news to our readers. It says:

"Almost daily we read of somebody's cow being killed by the locomotive. The dumb brute goes to the railroad for the grass it affords with all the wisdom of the moth that persists in dying in the flame, and attemps to cross the track just at the moment of greatest danger. If the 'cow-catcher' does not throw the animal off, ten chances to one the train with its living freight is wrecked, the wounded forced to seek shelter where they can, and the railroad company is proceeded against for damages.

"The following extracts from the decision of Chief Justice Gibson in the case of a railroad company against one Skinner have an important bearing upon this matter. The Chief Justice says:

"'If any owner of cattle suffers them to go at large, and they are killed or injured on a railway, he has no resource to the company or its servants; on the contrary, he may be liable for the damages done by them to the railroad company or the passengers.

"'A railroad company is a purchaser, in consideration of public accomodation and convenience, of the exclusive possession of the ground, paid for to the proprietors of it, and of a license to use the greatest attainable rate of speed with which neither the persen nor property of any other may interfere. No needless damage, however, must be done.'

"In accordance with this decision we observe that the North Pennsylvania railroad company has issued the following notice to owners of cattle living along the line of that road:

"'Notice is hereby given that in all cases of injury done to the property of the North Pennsylvania railroad company, in consequence of cattle running, standing, or lying upon the track of said railroad, the owners of such cattle will be liable to suit for damages, for any injury to the property of said company, or to the persons on the trains. 'F. A. COMLY, Pres't.'

"This is a wise precaution on the part of the railroad company and will have the effect of reminding persons of the law against cattle running at large and also of preventing accidents on the road."

CRUELTY TO ANIMALS.—As there are doubtless many of our readers unfamiliar with the existing law for the punishment of cruelty to animals in this State, and as persons should have knowledge of the law, we give the following extracts from Section 1 and 5 of the act:

"Any person who shall, within this Commonwealth, wantonly or cruelly illtreat, overload, beat, or otherwise abuse any animal, whether belonging to himself or otherwise, or shall keep or use or in any way be connected with or interested in the management of, or shall receive money for the admission of any person to any place kept or used for the purpose of fighting or baiting any bull, bear, dog, cock, or other creature, and every person who shall encourage, aid or assist therein, or who shall permit or suffer any place to be kept or used, shall be deemed guilty of misdemeanor, and on being convicted thereof before any alderman or magistrate, for the first offence in a sum not less than ten dollars, nor more than twenty dollars, and for the second and every subsequent offence in a sum not less than twenty nor exceeding fifty dollars" And again: "Any policeman or constable of any city or county, or any agent of the Pennsylvania Society for Prevention of Cruelty to animals, shall upon his own view of any such misdemeanor, or upon the complaint of any other person who may declare his or her name and abode to such policeman, constable or agent, make arrests and bring before any alderman or magistrate thereof, offenders found violating the provisions of this act."

The following act for the better collection of debts in the state of Pennsylvania, was passed by the recent legislature:

That in all cases where any judgment has been heretofore obtained in any court in this commonwealth against any person or persons, if an execution be upon the said judgment, which is returned by the sheriff *nulla bona*, or that the debtor has no property out of which the said judgment and execution can be satisfied, any judge of the said court may thereupon issue a subpœna commanding the said debtor to appear before a judge or any commissioner duly appointed by the said court, to undergo an examination under oath as to his property and effects, with power to compel obedience to the subpœna by attachment and the production of books and papers necessary to the said examination. In case the said examination does not disclose any property or effects the expenses thereof shall be paid the party instituting the same, otherwise they shall be part of the regular cost of suit.

Chicago, August 9.—The farmers convention held in Paxton, Ford county, Ill., yesterday, nominated a full county ticket. The platform of the M'Lean county farmers' convention was adopted.

### A Remarkable Speech.

At a gathering of farmers's clubs at Winchester, Scott county, yesterday, S. M. Smith, secretary of the state farmers' association, made rather a remarkable speech, in the course of which he denounced the corruption and fraud of the present political parties, and prophesied that the day would come, if there was no other way left, when, if farmers were swindled add hoodwinked as they had been, that he and his boys and thousands of other farmers and their boys would have to ride some of these villians out of the state capital on rails, and that many a tree in broad America would bear human fruit. He thought the remedy could be found, but if the remedy could not be found, anarchy and bloodshed might follow.

## A MAN PERISHING FROM THIRST SUCKS HIS OWN BLOOD.

[From the San Diego World, Aug. 1.]

From our friend Captain Bailey we get the following horrifying particulars of the danger of attempting to cross the Colorado desert without a sufficient supply of water: A few days before the James surveying party reached Coyote Wells, the driver of the Yuma stage brought word to Charley Ellis, keeper of the station that he had seen a man on the desert who seemed to be bewildered and was wandering about without purpose. Ellis at once mounted his mule and started in search of him. About a mile and a half from the Wells he found the man lying on the sand sucking the blood from his arm, which he had lacerated horribly, for the purpose of quenching his thirst. Ellis brought him into the station and gave him all the attention his case demanded. The intense suffering he had undergone had affected his mind, and although his physical health was fully restored by the care bestowed on him by Mr. Ellis, his mind was still affected, and it will probably be some time before he recovers the use of his faculties.

The impression at the Wells is that the man was a deserter from some camp in Arizona. The next morning after the Wells party arrived at the Wells he and three other men who had come across the desert, also supposed to be deserters, started in the direction of this city, but whether they ever reached here our informant was unable to state.

There is a great repugnance on the part of the President and his immediate surroundings to order a court martial in the case of General Howard, especially as he has just been elected President of the Young Men's Christian Association. Any other officer of the same grade, or indeed, of any grade; who declined to ask for a court of inquiry under the circumstances of Howard's case would have long ago been court martialed and put in coventry. It seems singular that whenever our Christian Statesmen or Heroes come to grief they should find shelter under the benevolent wing of the Y. M. C. A. Why is it? Colfax was in the highest favor when he had $100,000 of stocks and bonds—the price of his venality—lying hid in his trunk while pleading poverty before the public for a defence.

The case of the much married Mitchell, or Hipple, is likely to make a stir when the Senate gets together next session. The fact that he has applied to the Legislature of Oregon to confirm a name which he falsely assumed, and bearing which he was elected to the Senate, is of itself proof that a fraud was committed, and that he is not entitled to the seat. This question cannot be discussed without reviving the whole scandal, and disclosing the personal history of this individual in such a way as will make it lively for the Christian statesman who have been denouncing polygamy as one of the twin barbarisms and turning up the whites of their eyes in holy horror at Brigham Young's government.—[Wash. Cor. N. Y. Sun.

## Four Deaths in a Family from the Bite of a Rattlesnake.

Harper's Ferry, August 11.—Four members of a family named Hinkle, residing at the foot of the mountain, here, died last night from the bite of a rattlesnake. It is supposed the snake entered their dwelling—a frame structure—yesterday and attacked the family when asleep in the night. Mrs. Hinkle and three children were bitten, and died before relief could be obtained. Rattlesnakes are more numerous this season than at any previous time within forty years.
