

# Orient Safety Lamps.

These Absolutely Non-Explosive Metal Lamps  
Have within the last few years become so universally known that a full description is unnecessary.  
Why is this Lamp Safer than Other so-called

**Safety Lamp**  
This question, so often asked, is easily answered. The ORIENT PATENT LAMP is the only lamp which has **THE FULLER PATENT DOUBLE JOINT** above the surface of the oil, which prevents the possibility of being injured by accident, or of leaking. This is also the only lamp which uses  
Fuller's Patent Safety Wick Chamber or tube—the only device yet discovered which prevents the fire from getting into the body of the lamp, thus rendering it absolutely safe.

**ABSOLUTELY NON-EXPLOSIVE.**  
These lamps are compact, simple and substantial, and adapted to all domestic use, the PARLOR, the DRAWING ROOM, the HALL, the BED CHAMBER and the KITCHEN.  
They are also adapted to Stores, Hotels, Pantries, Shops, Churches, Halls, etc., FITTING ALL THE GAS and KEROSENE CHANDELIERS, BRACKETS, PENDANTS, &c., in use. They are finished in the most elegant and substantial manner. Our lamps

with bronze figures, for paper lanterns, are elegant and beautiful in design and finish, are manufactured in this or any other country. They are as

**Clean and Easily Managed**

as a common glass lamp, and the light is

**Intensely Brilliant, Pure and Steady.**

As further evidence of the popularity of the Orient Safety Lamp, we submit the following editorials from the many we have received:

*From Macy's Free Press, New York, Nov. 18, 1871.*

[illegible]

Recently we have been very busy with several orders. "What has failed to show any fault in it," the lamp is a neat pattern (as shown in the engraving). The frame is pleasant, bright and the glass is of a fine quality. "What has failed to show any fault in it," the lamp is a neat pattern (as shown in the engraving). The frame is pleasant, bright and the glass is of a fine quality. "What has failed to show any fault in it," the lamp is a neat pattern (as shown in the engraving). The frame is pleasant, bright and the glass is of a fine quality.

From the New York Independent, April 10, 1878.

We have been exceedingly well pleased with the light and heat of the OREARY SAFETY LAMP manufactured by W. A. R. & Co. of New York. The lamp is a neat pattern (as shown in the engraving). The frame is pleasant, bright and the glass is of a fine quality. "What has failed to show any fault in it," the lamp is a neat pattern (as shown in the engraving). The frame is pleasant, bright and the glass is of a fine quality. "What has failed to show any fault in it," the lamp is a neat pattern (as shown in the engraving). The frame is pleasant, bright and the glass is of a fine quality.

From Wealth and Home, February 6, 1878.

"Good Luck! We have, in this office and elsewhere, for more than a year past, ORDER HAPPY LUCK, manufactured by WALLACE & SONS. They are safe, simple in construction, easily managed, and made, give an excellent light—in short, are just the thing, and are sold to customers."
