The power of growing vegetables, even the most fragile, is something little short of wonderful. So delicate a structure as the mushroom can, under certain circumstances, exert the most extraordinary power, for, according to a good authority, it is well known that a mushroom will "lift a paving stone many times its own weight, rather than turn over and grow sideways, which it would appear so much easier for it to do." Economy.

One of the hardest lessons for young people to learn is to practice economy. It is a harder duty for a young man to accumulate and save his first thousand dollars than the next ten thousand. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the napreparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of Cahiornia, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator a perfect Renovator and Invigorator of the system.
