fish and this together in a mortar with a little finely-chopped mushroom and three eggs; season with salt and pepper. Mix all well together; bake in small cups, first buttered, and turn out. Serve with or without sauce.

The Reco. W. and the second state of the second second

THE BEST WAY TO SERVE RICE.—Soak it for some hours in cold water, to which a little salt has been added. Have a stew-pan ready, containing boiling water, into which put the rice, and boil briskly for ten minutes. Pour it into a colander, and set it by the fire to into a colander, and set it by the fire to the pounds of fresh society, and about two pounds of fresh water fresh water for meat in his house, and no means to buy with. The other, J. N. Ferguson, who was sick, has a wife and two children. He had only ten pounds of flour, remnant of a sack received from the aid society, and about two pounds of fresh water for the property of the property into a colander, and set it by the fire to into a colander, and set it by the fire to drain. The grains will be separated and very large.

Pork, given him by a neighbor. With quivering lips and a moistened eye, he said he did not know where he was to and very large.

A good method of keeping potatoes for family use is to pack them in barrels with sun-dried sand, covering the tops with turf, and keeping them in a dry and cool atmosphere. Then they will neither shrivel nor shrink to any

ECONOMICAL COVERLET.—Sheets of homes during winter, and in the spring brown paper pasted together at the edges and laid over a blanket on the bed will give the warmth of two more the remainder of settlers visited on blankets, and the article, with care, the way to Indianola I found had some will last a considerable time. Medical Hints.

Medical Hints.

A CURE FOR SOFT CORNS.—Dip a bit of soft linen rag into turpentine, and wrap it around the soft corn; wet the cloth in it night and morning, and in a few days the corn will have disappeared; but the relief to the throbbing, burning pain, comes almost immediately after the first or second application. Wear cotton between the toes and the corns will not reappear.

and the corns will not reappear.

To Remove Stings.—In many cases instantaneous relief from the pain can be obtained by pressing upon the place containing the sting with the tube of a committee for the distribution of sup and the corns will not reappear.

is laudanum, and the very best is sunshine. Therefore, it is very plain that within twenty days, and that more than poor sleepers should pass as many hours of the day in sunshine and as few as possible in the shade. Many women are martyrs, and yet do not know it. They shut the sunshine out of their houses and hearts, they wear veils, they carry parasols, they do all that is possible to keep off the subtlest, and yet most potent influence, which is intended to give them strength and beauty and cheerfulness. beauty and cheerfulness.

Preserving Fodder.

Corn fodder and oats are preserved fresh by German farmers, with entire The disaster to the steamer Empir at New Orleans was as mysterious as it was fatal. The Empire arrived at he dock about 12:30 at night, heavil loaded with sugar, molasses, rice, etc. and about 4 o'clock suddenly broke it.

covered with white and yellow daisies, and the grass was killed in many places. He thinned out ten acres of it for sheep pasture and allowed them to feed on it two years. The third year he mowed it and got the heaviest crop of hay that he had ever grown on it even with top-dressing. Timothy and red-top came in, and in some places the clover was so heavy that a mowing machine could not be used. What a rush of capitalists

THE STARVING FRONTIERSMEN.

Homes Abandoned, and Men and Do

mestic Anima's Without Food. a specific against epidemics—not as an esculent, but sliced and kept in a sick room, where they will absorb any atmospheric poison. They should be replaced by fresh ones every hour. It is noticed that in the room of a small-pox patient they will blister and decompose very rapidly, but will prevent the spread of the disease. Their application has also proved effective in the case of snake bites.

Fish Rissoles.—Take some fish, either fresh or that has been cooked, shred it, and let it stew with some butter, covering it over until sufficiently done. Soak a roll in milk, beat up the fish and this together in a mortar with Serve with or without sauce.

The Best Way to Serve Rice.—Soak only some nine or ten pounds of flour, not a particle of any other breadstuff A good method of keeping potatoes of family use is to pack them in bar-parties have most excellent claims. without the means to haul fuel to their provisions for the time being, say from ten to thirty days' supply by strict economy, which all seemed disposed to

SUMMARY OF NEWS.

Although nearly one-half of the period assigned for the short-time movement in the New England cotton milk has now elapsed, says the United States Economist, it is yet too soon to determine with the requisite accuracy the effects of the movement at the trade. But that the movement at the trade. But that the movement at the trade as a salutary one cannot be doubted. It imparted confidence to the trade, and at least temporarily averted the downward tendency which averted the downward tendency which threatened such grave results. At the rooms on account of obstructions by freight. threatened such grave results. At the present time prices are by no means settled, and judging by recent developments it is not improbable that a general revision of the entire list may take place. But the general tone of the market is decidedly improved, and there is a bustle and activity apparent which are in marked contrast with the stagnation of a few weeks ago. The improvement is still more marked in prints and are in marked contrast with the stagnation of a few weeks ago. The improvement is still more marked in prints and the editors of the active demand that has set in for the retail trade, the requirements for which are likely to be much heavier than were deemed either probable or late of the present time prices are by no means sected that the loss of life will reach the is unable to comply with the requiser. The Governor of Arkansas has between thirty and forty... By an explosion at the gas works at Mount Sterling, Ky., two white men and one negro were killed. The bodies were so burnt as to be hardly recognizable. One or two other employees escaped. Two buildings connected with the werks were destroyed.....Mrs. West, forty years of age, the wife of a well-to-do miller in Elmira, committed suicide by attaching a heavy stone to her person and then jumping into a cistern full of water.....The official returns of the retail trade, the requirements for which are likely to be much heavier than were deemed either probable or which are likely to be much heavier than were deemed either probable or possible a short time since. The general feeling now is that we shall have a large and a strong winter teal a supposed to be elected. They both ran as Republicans. Great excitement exists for Congress from the Manchester, N. H., large and active winter trade, especially it onsequence of the discovery, and the elecif the season should chance to be an tion is to be contested.....Near Cuminsville, N. egar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of Califor-nia, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient re-covers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation, of the Liver and Visceral Organs, in Billous
