Treatment or the Grane vines in this country seems as yet far from being properly understood, says a Chester Co. (Pa.) correspondent. I illness for several weeks, but feeling betnoticed that the practice of close prun-ing is employed successfully abroad, and employment about her room, and at the that in California the vinevards are for time of the accident was cutting out lookout for the result of successful methods, copy these prototypes too closely, and end by fatally injuring their vines. There are two reasons for this result. The first end was completely gone. It would result to the first and she made the first and she made and she have been been as the first and she made and she and she which is, that all varieties of the Vitis which is, that all varieties of the Vitis vinifera or European grape, seem to relish sowere pruning, while our American varieties evidently dislike such treatothers, and she rushed screaming down ment. The second reason is, that our stairs. At each step the flames inclimate is decidedly adverse to the low creased, and when she reached the kitchshrub-like system of training, and in its character is essentially distinct from both Europe and the Pacific coast. I

which interest increases as the seasons pass and the crops are gathered, of all which she takes account, both of quantity. The next step with her will be to become possessed of a realizing sense of what farm products cost; and when she sees upon the striking of balances, after a year is gone, or perhaps two years, how little is the net profit, she sees that a dollar is worth much more than she had suspected. So she will be two years, how little is the net pront, she sees that a dollar is worth much more than she had suspected. So she will begin to reflect whether the work has done well or ill, and to consider upon better methods, and in any event she will learn that corporate in an indispensable quality. that economy is an indispensable quality in whatever engages human attention.— Dr. Oross.

AUTOMORPHO OF THE PROPERTY OF THE PARTY OF T

An Awful Fate.

The Cincinnati papers describe the awful fate which recently befell Mrs. The question of the proper training of Mary Mills, the wife of one of the lead Northern men, always on the back was turned to the fire, and she The first and most important of have been but the work of a moment to

VINECAR BITTERS Dr. J. Walker's California Vin egar Bitters are a purely Vegetable preparation, made chiefly from the na-

tive herbs found on the lower ranges of the Sierra Nevada mountains of Califor-nia, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient re-covers his health. They are the grea covers his health. They are the greatblood purifier and a life-giving principle,
a perfect Renovator and invigorator
of the system. Never before in the
history of the world has a medicine been
compounded peasesing the remarkable
qualities of VINEGAR BITTERS in healing the
sick of every disease man is her to. They
are a gentle Purgative as well as a Tomis,
relieving Congestion or Inflammation of
the Liver and Viscoral Organs, in Billous
Diseases.

The properties of Dr. WALKERY
VINDOAR SITTED ARE Aperiout, Dispherotic,
Carminative, Nutritions, Lanative, Dispherotic,
Sedative, Counter-Irritant, Sudoride, Altere
