things in this beautiful but unfortunate country. Let us hope the incoming harvest will bring some relief, and the Ottoman government be brought to see the absolute necessity of establishing proper communications by roads and railways. Had these existed, how many useful lives might have been saved, and what a terrible amount of suffering prevented.

THE LATE ANDREW JOHNSON,

most comfortable circumstances. Their flocks and herds formed their wealth; ited to reading, but now, under his administration, which will be payable in wife's instruction, he learned to write the first four months of 1876. The maand how considerable that was may be judged of by the account of their losses and cipher. He began to take an intersubjoined, in the case of a few villages I est in local politics; and in 1828 a work-subjoined, in the case of a few villages I subjoined, in the case of a few villages I visited. Now they have hierally nothing left. I rode for nearly five hours through an absolutely solitary district. The villages were there, but there was not a man, not a sheep, not even a goat to be seen. It was as lonely as if I had been at sea. It is only on approaching Karaman that there are any signs of prosperity.

I have obtained from some of the villagers with whom I made acquaintance the following particulars of their losses: Olokishla—a large village at the head of State; his various contests and came they now stand and their wonderful progress are credible in the highest degree gress are credible in the highest degree gress are credible in the highest degree data sugar bowl from gress are credible in the highest degree and a sugar bowl from gress are credible in the highest degree and sugar bowl from gress are credible in the highest degree to the whole country, as well as to the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and their present condition and the citizens, corporations and States who have thus far contributed to the fund, and

mountains," said my informant) or they must elected United States Senator in only escaped to perish of typhns and dysentery at Adana and Tarsus. The village once possessed 18,000 sheep and about 1,000 goats; of these about five per cent. remain. Twelve hundred cows and oxen perished. The village population was reduced by 1,000 souls. Of Union at every hazard. He at first op-

souls; of these about 800 were dead. It was inscribed on the government registwas inscribed on the government regis4, 1862, President Lincoln renominated tions and States and Territories through-

"The men used to go out into the second inauguration, the accession of mountains to cut the little grass they Mr. Johnson to the Presidency, and the difficulties between himself and Con-gress while holding that office, will be they could not get enough."

They made many complaints to the government through the governor of Koniah. At last an order came to give to each head of a family four and one-half bushels (kilehs) of wheat and barley mixed. They did receive a part of this, and some wheat for seed, the latter this, and some wheat for seed, the latter this, and some wheat for seed, the latter they made many interest in the politics of impeachment and unning of the cat, may be gathered and tender youth on the point of destruction, she is placidly sleeping. Under the old ary leaps they are capable of making to attain their prey. We are told by a buller being leading counsel for the prosecution and William M. Evarts for this, and some wheat for seed, the latter prosecution and William M. Evarts for the defense. He was acquitted, the vote

winter." Of 1,100 oxen and 2,000 cows only about 200 remain.

I could cite the cases of many other villages. I will end with the worst. Devlah, of Lycaonia, was before the famine a very considerable village of about 700 houses; 200 only are now

found the poorest of the villagers ate grass, herbs, the bark of brushwood,

THE CENTENNIAL EXHIBITION.

The United States Centennial Board of

and resolutions:

The contracts for all the buildings for the Centennial exhibition require them to be completed by the 1st of January to be completed by the 2st of January of the Second Seco of the Pyle Cilicia to this very pretty and picturesque little town. It is situated on the southern edge of the great central plain of Asia Minor, and is just within the limits of the district in which famine has prevailed (1873-4-5) in this part of the Ottoman empire.

Andrew Johnson, seventeenth President of the United States, whose death is announced, was born in Raleigh, N.C. pecember 29, 1808. His father, Jacob Johnson, who died in 1812, was city considered to the distress which is, alas! still very great. Everywhere the harvest is magnificent; one rides for days together through fields of wheat and barley—as fine as in any part of the world—and the cheapness of provisions is, to a European, very remarkable, but mix a little with the people, especially the villagers, and you will soon find—out the real state of things. In all the places I have visited there is the same pitcous take of ruin and death. The rich are now poor; the poor are dead or have immigrated; the few who yet linger round their homes man, and the called town. It is situated to the southern edge of the great central plain of Asia Minor, and is just.

THE LATE ANDREW JOHNSON.

THE LATE ANDREW JOHNSON.

Sketch of his Early Life and Pablic Career.

Andrew Johnson, seventeenth President all shade and early into the central plain of Asia Minor, and is just.
