of sickness prevails in every community especially among females and children, caused by the fermenting miasma gas or nitrogenous matter floating in the air, arising from decaying vegetation. This bad air affects everything we eat, and engenders in it a semi-fermentation which when taken in the system is like leaven, and operates on the whole; starting in the bowels and soon producing a yiolent fermentation, causing diarrhea and dissentant. A SEXTUPLE EXECUTION.

Little Rock, September 3.—A dispatch by a courier from Fort Smith to Altuss, forty miles distant, the nearest telegraph station, states that the hanging of six men at that place to day passed off quietly. The bowels and soon producing a yiolent fermentation, causing diarrhea and dissentant. All showed nerve and refused to make any confession. Moore said he was to find the man whom she had first called upon her rushed out and escaped and under the great excitement she fell fainting near the road by friends, who listened to her story, and went to find the man whom she had then foll. He begged for aid, and then fell. He begged for aid, and then fell was position, after which she started for a physician. As she approached the house the tramp who had first called upon her rushed out and escaped and under the great excitement she fell fainting near the road be so untrue, or smile because we are told that the Ashantees know where to find gold in quantities? Why not? The Calsidon, after which she started for a physician. As she approached the house the tramp who had first called upon her rushed out and escaped and under the great excitement she fell fainting near the road be so untrue, or smile because we are told that the Ashantees know where to find gold in quantities? Why not? The Calsidon and under the great excitement she fell fainting near the road out and escaped and under the great exc of sickness prevails in every community tery. It has been found that the use of sey, has an extraordinary effect in checking this fermentation and restoring the system to its original strength and vigor, and when used in time it prevents these complaints altogether. Invalids and debilitated persons have found it the most nutricious and strengthening tenie in the market, and the greatest help in resisting the poisonous effects of the vetiated atmosphere. This wine so long established has become the standard wine upon which Democratic Standing Committee physicians rely as the most rich in body and genuine in character containing the greatest amount of medicinal properties with the least intoxicating qualities. Speer's wineyards promise a larger yield this year than usual, and he has reduced the price of his wine that any one can now purchase it of druggists for \$1 per bottle. None of this wine is bottled until it is four the state of the price of his wine is bottled until it is four the state of the price of his wine is bottled until it is four the state of the price of his wine is bottled until it is four the state of the price of his wine is bottled until it is four the state of the price of his wine is bottled until it is four the pr years old .- Gazette.
