LOCAL ITEMS.

Our friends will oblige by sending us the facts only, and we will put them in shape, also notices of deaths and marriages.

—An imperfect materials put in the garments manufactured by Wanamaker & Brown at 6th and Market streets, Philadelphia.

—An abject imbecile this woman got the ready for boiling and then carefully placed it on a chair and sat herself on the stove. Although the occasion was dreadfully suggestive of some of the early martyrs she managed to survive the ordeal out of the well-improving opportunity it afforded her of obliging her husband to buy her a new dress, which, as soon as she was well enough, she made up herself with the assistance of the "Domestic" Fashion and a new "Domestic" sewing machine.

—Spiegelberg's Cash Store offers goods lower than elsewhere. Doing a cash business customers can always buy cheaper.

—A full line of dry goods, notions, groceries, etc., constantly on hand.

—The Fire City Building of S. & B. Hatfield located on Warren's Ridge, Huntington county, were burned down on Thursday night. The origin of the fire is unknown.

—Farmers always stop at Hofer & Kline when they go to Bellefonte. They make it head quarters, always find the goods they want, and at prices to suit the time.

—Have your letter heads, envelopes, etc., printed at the Reporter office, we do that kind of work low as can be had in the city.

—B. F. Granly, writes us from Kaneville, Ill., that a Reporter is doing well for that part of the world. After I got here two years ago from Bushvalley, I bought 7500 lbs for \$51; in the fall we sold \$880, and killed eight for our own use, and had 41 nice chops for next season.

—E. Graham & Son have just received the large standard assortment of boots and shoes ever brought to Bellefonte. They have ladies fine gaiters as low as \$1 per pair; Gents' \$1.50, in proportion. All kinds of durable and lace plow shoes, men and boys, sold very cheap. They have all the exclusive sale in Bellefonte of Edwin C. Burt's celebrated line shoes for ladies and children.
