LOCAL ITEMS.

Our friends will oblige by sending us items of local news in their locality, giving us the facts only, and we will put them in shape, also notices of death and marriage.

A boy sending in the name of five new subscribers, with the cash, will be entitled to receive the Reporter one year.

The Reporter being read by nearly every body on this side of the country, it has a wide circulation, and among any two papers will be found the best medium for advertising business, sales, &c. &c.

Subscribers to the Reporter, residing outside of Centre county, should remit us 10 cents yearly, for postage which we will pay here; thus reducing the postage to examine and pay by the time your paper's postage was 20 cents.

The grain fields in the county will yield a good harvest. Peas also—especially apples—will be abundant.

Hoffer & Kline sell the cheapest goods. It is the best place for farms to deal at. A full line of everything—dry-goods, groceries, clothing, etc., on hand.

You can buy things at Steele's & Co.'s grocery that are not to be seen at the centenial.

Dr. Jerry Hoy of New Berlin, did not quite reach the nomination for assembly in Union county. Alfred Hayes 1853, and Dr. Hoy 1868 votes. They nominate under the Crawford county system down there.

Mrs. Geo. Oldenkrift while at Centre Hill, on Monday, received a severe flesh wound in the arm by a bite from a horse. There is more viciousness than love in that animal.

Pete Keen of Michigan, formerly of Penn township, has been in on his old friends for the last four weeks, and honored the Reporter with a visit the other day. He likes Michigan.

It is not a fancy story that every article has been marked down to a cash basis by those principally engaged, Fiechter & Co., in the Bushwhack block. You can get anything—and the best of it—belonging to their line. Just go and see them once.

On last Saturday evening it commenced to rain hard, and continued until Sunday morning, pouring down in torrents all night. All the streams are bank full. This rain we believe covered our whole county, and was a thorough soaker—but what was needed and wished for.

The heavy rain on last Sunday night, caused a flood on Sinking creek, which swept away all the bridges.

Rains creek on Sunday last was higher than at any time since the flood of 1852 according to the high-water mark of Peter Wilson at Spring Mills.

At the annual meeting of the stockholders of our railroad, held at Philadelphia, on 14th inst., the election resulted as follows:

President, Eli Siller; Vice Pres't, S. Kress.

Directors: R. H. Duncan, Jas. P. Coburn, J. H. Dubarry, Wm. J. Howard, Geo. F. Miller, Walter Morris, G. B. Roberts.

Solicitor, Geo. F. Miller.

R. R. Bridges, contractor at Paddy mountain, was instructed to increase his force. This looks a little more encouraging, and we hope means short work.

The Lewellen bridge, the completion of which is assured by the action of the Pennsylvania Railroad Company, according to the unbalanced balance of bonds in the hands of the L. C. & S. Railroad Co., at seventy-five cents on the dollar.

It has been determined to complete the road for use to Spring Mills, in Centre Co., this season. The contractors have already been notified to increase their force on such parts of the work as are farthest from completion, and proposals are out for the ties necessary to lay the track from Laurelton to the point above designated.

The Penn's Co. propose to take a running lease of the road and thus assure its proper equipping and running. The lease when drawn will be submitted to a vote of the stockholders of our company.

The last half mile of the Belington branch railroad, is, that it has fallen through. We always thought that Belington was not in earnest.

We are sorry to learn of the death of our young friend, James Thompson, of Pitts' Mills. Mr. Thompson was a kind-hearted, sociable young man, and his many friends in this section were shocked to hear of his death.

Stroh & Swartz publish a new idea in another column. Read it.

Boston has the most elegant girls, New York the most stylish, Brooklyn the prettiest, Baltimore the most refined, Chicago the smartest and St. Louis the most frolicsome. Unlike as they are in characteristics, the "Domestic Paper Fashion" are the universal preference of them all.

—You always get "fits," when you send your orders for chintz to Wanamaker & Brown.
